CALENDAR 2015  
PART 3

# CALENDAR

## 1. Amendments, Liability and Accuracy

- 1.1. In this publication any expression signifying one of the genders includes the other gender equally, unless inconsistent with the context.
- 1.2. The University reserves the right to amend the Calendar parts at any time.
- 1.3. The Council and Senate of the University accept no liability for any inaccuracies there may be in the Calendar parts.
- 1.4. Every reasonable care has been taken, however, to ensure that the relevant information to hand as at the time of going to press is given fully and accurately in the Calendar parts.

## 2. Where do I find the printed versions of the Calendar parts?

- 2.1. The printed versions of the Calendar parts can be obtained at the Help Desk in the Admin A Building.
- 2.2. Afrikaans (Part 1 to 12) and English copies of the individual parts are available.

## 3. Where do I find the electronic versions of the Calendar parts?

- 3.1. The electronic versions of the Calendar parts can be obtained at [www.sun.ac.za/Calendar](http://www.sun.ac.za/Calendar).

## 4. The division of the Calendar

- 4.1. The Calendar is divided into 13 parts.
- 4.2. Part 1, 2 and 3 of the Calendar contains general information applicable to all students. Students are urged to take note especially of the content of the provisions in Part 1 of the Calendar applicable to them.
- 4.3. Part 4 to 13 of the Calendar are the faculty Calendar parts.

#### ESTIMATED STUDY FEES PER POSTGRADUATE PROGRAMME

In the table below, the estimated study fees per postgraduate programme for 2015 is given for the first year of study, unless stated otherwise. Students who enrolled after 2007 can compile a more specific and detailed quote at <http://www0.sun.ac.za/pgstudies/fees.html>.

Programme	Amount	Programme	Amount
<b>Postgraduate Diploma Programmes</b>			
PGDip in Theology 1st year of registration	R25 646	PGDip in Theology 2nd year and further registration per annum	R6 060
<b>Master's Programmes</b>			
MTh	R26 805	MDiv	R24 149
<b>Doctoral Programmes</b>			
PhD First 2 years of registration per annum	R15 013	PhD 3rd year and further registration per annum	R9 007

## **2.2 Continuation of registration for full duration of studies**

All postgraduate students (i.e. each honours, master's, doctoral, postgraduate certificate or diploma student), must, for the full duration of his studies, register each year as a student, as stipulated in the chapter "Postgraduate Qualifications" in the Calendar, Part 1. If any such student fails to register as a student for the current year before the prescribed date, his registration, and in the case of a student for the degree of Master or of Doctor, also the topic of his thesis or dissertation, shall lapse. Any such student wishing to be readmitted to the degree, certificate or diploma programme concerned, shall be required to apply in writing for readmission, to register anew for the programme concerned and to pay anew the required tuition fees.

In the case of master's and doctoral programmes, registration can continue as normal

- if the necessary consent has been granted, and
- the programme fees for the year(s) of non-registration is paid in full, unless the years of non-registration make it financially detrimental for the student, compared to registering anew for the programme, in which case the latter will be considered.

In the case of payment of fees for the year(s) of non-registration, the student shall not be registered with retrospective effect.

## 3. ACCOMMODATION

### 3.1 Compulsory first instalment (acceptance fee for prospective students) of accommodation fee

The amount of R9 625 has to be paid in full by all students who have been allocated a place in University accommodation.

Students who are allocated a place in University accommodation for the first time receive a written notice in the preceding year, which have to be completed and returned to the University together with the acceptance amount (the compulsory first instalment of accommodation fee) to signify your acceptance of the allocated place. With the payment of the acceptance amount the terms and conditions for residence accommodation are accepted. Students, whose reapplication for placement in University accommodation is successful, have to pay the first instalment for the following year by the date of registration. The compulsory first instalment of accommodation and the compulsory first instalment of study fees can be paid as one joint amount.

### 3.2 Accommodation fees per specific University accommodation

All amounts are given in rand and are payable per person.

Unless stated otherwise, the amounts are applicable to the academic year and not given per month and include the compulsory first instalment. The residence fee (house fees) and cost of meals are not included in the amounts, unless stated otherwise.

### 3.3 Accommodation before the start of the academic year

House committee members, mentors and first-year students taking part in the programme for the welcoming of first-year students in the days before the official start of the University are allowed to reside without charge in the residences in which place has been allocated for them for this purpose.

For all other students, who are allowed to reside in a residence before the start of the academic year, the following rates apply:

Accommodation only	R130 a day
Accommodation with meals (if available)	R188 a day

### 3.4 Accommodation during the March and September holidays

Residences are not vacated during the short holidays in March and September. However, full service delivery (e.g. meals) cannot be guaranteed during these times.

### 3.5 Residence fee (House fees)

The residence fee is debited yearly to the student fees accounts of all students living in University residences. For 2015 the amount debited is R485. It is used for the day-to-day functioning of residences and covers a broad spectrum of expenses which are incurred for the benefit of students living in residences.

### 3.6 Meal quota

#### 3.6.1 Deposit for meal packages

Accommodation fees do not include meals, except where so stated. The details of students placed in University residences on the Stellenbosch campus that do provide meals, are automatically recorded on the meals system. The student must load a quota to activate the

meal system. Meals not booked via the booking system are charged at double the normal tariff. At the beginning of the year, students may choose a meal package through a computer terminal in the relevant residence or through the student portal <http://my.sun.ac.za>. The amount that is available for meals according to your meal package may also be replenished at the computer terminal or through the student portal UNTIL 14 AUGUST.

*AFTER 14 AUGUST the amount available for meals may only be replenished with a payment at the cashiers or by an electronic credit card payment (under “Finance”, “Payment Options”). If your meal package amount is not depleted by the end of the academic year, the remainder is credited to your student fees account.*

### **3.6.2 PSO student meal options**

PSO (Private Students’ Organisation) students have to register per semester on the SU portal to be allowed to eat meals in a residence in their cluster or in the Student Centre. After registration the PSO member has to make a payment into the prepaid meal quota system against which spending can be incurred. After that all conditions apply just as for resident students.

### **3.7 Deposit for the use of laundry facilities**

The deposit is debited to the student fees accounts of all students living in University residences for the use of laundry facilities at the residences. The laundry facilities include washing machines and tumble driers.

You may replenish the laundry quota UNTIL 14 AUGUST at any laundry facility by swiping a student card, equipped with a magnetic strip, through the slot, which will then load a replenishing amount (currently R600) on the student fees account.

*AFTER 14 AUGUST the laundry quota may only be replenished with a payment at the cashiers or by an electronic credit card payment (under “Finances”, “Payment Options”), after signing in at the student portal <http://my.sun.ac.za>. If the laundry quota is not depleted by the end of the academic year, the remaining amount is credited to your student fees account.*

### **3.8 Liability for damage to University accommodation**

All payments which have to be made for repairing damage caused by a student to University accommodation shall be levied against such student’s student fees account. Enquiries in this regard should be addressed to the relevant resident head.

## **4. STUDENT FEES ACCOUNT**

Please note that the following formal provisions apply:

Council reserves the right to amend without notice all fees payable to the University, as circumstances may dictate.

Study and accommodation fees are payable in full, regardless of whether any service provided by the University is disrupted by circumstances beyond the University's control, such as strikes, student boycotts, public unrest or any other type of disruption on campus.

### **4.1 Modes of payment**

The University has two modes of payment, namely:

- Payment in three instalments with the compulsory first instalment payable by registration (fixed amount), and two further instalments by end of May and end of September, with the amount of each instalment as indicated against the closing date on the account.
- A debit order system consisting of the compulsory first instalment payable by registration (fixed amount) and eight monthly instalments from 1 April until 1 November, for which parents/students have to apply BEFORE 10 MARCH and SU will schedule the necessary debit order with the bank.

#### **4.1.1 Compulsory first instalment**

The study fees entail the total cost of studies, which includes the tuition fees, materials fees, and laboratory fees, travelling expenses, running costs, programme levy (Engineering students only) and the membership dues for any faculty-bound, academic societies, as applicable to a programme or module.

The compulsory first instalment on study fees is payable in full by all students by the date of registration, but preferably at least three days before the date of registration. However, a student, who can submit written proof to the Student Fees Section that a bursary or study loan has been granted him for the programme he is registering for in a particular year, may be exempt from the compulsory first instalment, *by the date of registration*, if the loan or bursary is sufficient to cover the compulsory first instalment on study fees for the year. If the loan or bursary is less than the first instalment on study fees, the student is responsible for paying the difference himself. A copy of written proof that a bursary or a study loan has been awarded, which indicates specifically the amount of the bursary or loan, must be submitted to the Student Fees Section, preferably before registration or otherwise during registration.

## Student Fees

Type of instalment	Diplomas and certificates – undergraduate and postgraduate	Undergraduate	Postgraduate
Compulsory first instalment: study fees	R7 665	R10 512	R7 665
Compulsory first instalment: accommodation fee	R9 625		

If a student only registers for a few modules and the total study fees are less than the compulsory first instalment, the full amount of study fees is payable by the date of registration.

### 4.1.2 Payment in two further instalments

This mode of payment applies by default if you do not opt to pay your student fees account in full at the start of the year or settle your student fees account through the debit order system. The following fixed instalments have to be paid on or before the dates as set out below. The exact amount of the instalment is indicated against the closing date on the account.

WITH REGISTRATION	Compulsory first instalment (fixed amount)
31 MAY	At least 75% of the remainder of your total student fees account, after the amount paid by the date of registration, has been deducted.
30 SEPTEMBER	The outstanding balance on the student fees account.

Student fees accounts are sent by postal service THREE times per year, by the end of April and the end of August for payments by the above-mentioned closing dates, as well as by the end of November for any additional fees levied on the student fees account.

Student fees accounts can however be forwarded on a more regular basis via e-mail to the account e-mail address. Students have to update the e-mail addresses by signing in at <http://my.sun.ac.za> and doing the following:

- Select Undergraduate OR Postgraduate
- Select Administration
- Select Address & Contact Information
- Change the e-mail address.

The student fees accounts will then be forwarded FIVE times per year to the given account e-mail address, or, if not available, to the student by e-mail.

### 4.1.3 Debit order system

In accordance with this mode of payment you pay eight monthly instalments, excluding the fees that you have already paid by the date of registration.

WITH REGISTRATION	Compulsory first instalment (fixed amount)
BY 1 APRIL	The first instalment of the debit order payment is payable.
AFTER 1 APRIL UP TO AND INCLUDING 1 NOVEMBER	A further seven instalments are payable on the <b>first</b> day of the month.

The subsequent monthly instalments will be adjusted to include the pro rata part of any additional levies on the student fees account.

If you opt for paying according to the debit order system, you are required to obtain a debit order form with full information from the Student Fees Section. The form may also be obtained from <http://my.sun.ac.za> under “Finances”, “Payment Options”. Parents/students have to apply for the SU debit order system **BEFORE 10 MARCH** and the University will schedule the necessary debit order with the bank.

This mode of payment shall remain valid for the full duration of the programme or until written cancellation thereof with 30 days’ notice to the Student Fees Section by the person accountable. You will therefore not need to reapply annually for payment according to the debit order system for the same programme or to apply anew for a new programme followed in the next academic year.

## 4.2 Overdue student fees accounts

### 4.2.1 Fees in arrears

The examination results of students, who, without Council’s consent, are fees or other monies in arrears to the University, shall not be made known until such time as the said monies have been paid in full.

In the case of any student who, without Council’s consent, is fees or other monies in arrears to the University, Council reserves the right not to admit such student to the University examinations.

In the case of any student who is fees or other monies in arrears to the University, Council reserves the right, after the set date for the payment thereof, not to permit such student further attendance of classes at the University or further lodging in University accommodation.

#### PLEASE NOTE:

All amounts in arrears on the student fees account for a specific year have to be paid in full before a student will be allowed to register for the following year.

## **4.2.2 Interest**

Instalments shall be payable punctually on the fixed dates (also to prevent interest), whether you have received your student fees account or not. Interest at prime bank rate shall be payable on any amounts which have not been paid by the dates in question; interest is charged strictly from the dates when the amounts are due. Students who are exempted from the immediate payment of the otherwise compulsory first instalment of study fees, having submitted written proof that a bursary or loan (sufficient to pay the first instalment) has already been granted them, should note however that interest is still charged on the first instalment of their study fees, from the date of registration.

## **4.2.3 Reactivation of student cards**

If the student fees account is in arrears, the student card cannot be reactivated. In addition, if the student card is lost, a new card cannot be issued.

## **4.3 Methods of payments**

### **4.3.1 Payment at the cashiers**

#### **Stellenbosch Campus**

The cashiers in Block A of the Central Administration.

Office hours: Mondays to Fridays, 08:00 to 15:30

#### **Tygerberg Campus**

The cashiers in the Clinical Building, 1st floor, Faculty of Medicine and Health Sciences.

Office Hours: Mondays to Fridays, 08:00 to 15:30

#### **Bellville Park Campus**

The cashiers in the Main Building, Carl Cronjé Drive, Bellville.

Office hours: Mondays to Fridays, 08:30 to 12:45 and 13:45 to 15:30

### 4.3.2 Direct bank transfers

For direct bank transfers, use the following bank details (also obtainable from the Student Fees Section and at <http://my.sun.ac.za> under “Finances”, “Payment Options”). Details also appear on the back of the account:

Name:	Stellenbosch University
Bank:	ABSA
Account no.:	0410 204 789 (cheque account)
Branch code:	632005
SWIFT code:	ABSAZAJCCT (only for payments from abroad)
Reference:	Your student number

Please send proof of payment (deposit slip) by fax to 021 808 3739. In the case of electronic payment, proof of payment may be sent electronically to [studentegelde@sun.ac.za](mailto:studentegelde@sun.ac.za).

### 4.3.3 Electronic transfers

Electronic transfers via the internet are also possible (details obtainable from the Student Fees Section and at <http://my.sun.ac.za> under “Finances”, “Payment Options”).

### 4.3.4 Credit card payments

- An official form can be obtained at the Student Fees Section and on the website at <http://my.sun.ac.za> under “Finances”, “Payment Options” and has to be completed and returned to the Student Fees Section.
- Online credit card payments are also possible to students at the above-mentioned web address.

Parents can also make online credit card payments in the following way:

1. Go to <http://www.sun.ac.za>
2. Select “Students”
3. Select “Prospective Students”
4. Select “Fees”
5. Select “Payment Options”
6. Follow the steps
7. Fax the proof of payment to 021 808 3739 or e-mail to [studentegelde@sun.ac.za](mailto:studentegelde@sun.ac.za)

### 4.3.5 Payment by cheque

Cheques are required to be crossed and marked “Non Transferable”, and made out to Stellenbosch University.

### **4.3.6 Payment by mail**

In case of cheques sent by mail, also refer to the requirements given in 4.3.5 above.

### **4.4 Access to student fees accounts**

If you are registered as a student and as a network user, you may enquire about the state of your student fees account on the Web via the student portal (<http://my.sun.ac.za>).

Following registration, your complete student fees account for the academic year is sent to you by mail, and also by e-mail if you have indicated in the student portal at <http://my.sun.ac.za> that you also want to receive your account by e-mail and you have provided the e-mail address of the person responsible for payment of your account.

BY 17 FEBRUARY you may gain access to your student fees account via the student portal at <http://my.sun.ac.za>.

Please note that it shall be your responsibility to request your account if you did not receive it. The University does not accept responsibility for any account that has not been received due to, for example, an incorrect address given or possible faulty handling by the postal services. Therefore, the defence that no account was received shall not be accepted as an excuse for the non-payment of an account by the fixed dates.

### **4.5 Repayment of credit balances on student fees accounts**

Credit balances arising in any student fees account as the result of an overpayment shall, on demand, be disbursed after the completion of the student's studies, provided that the completed prescribed form, containing the bank details of the beneficiary, has been received. The form is obtainable from the Student Fees Section and at <http://my.sun.ac.za> under "Finances", "Payment Options". This does not apply to bursary holders.

## **5. FINANCIAL SUPPORT**

### **5.1 Bursaries, loans, prizes and stipends**

All bursary awards received and administered by the University shall be paid into the student fees account of the bursary holder concerned. Credit balances arising in the student fees accounts of bursary holders after the full amount owed to the University for the academic year concerned, has been paid, shall only be disbursed on presentation of the bursary donor's permission in writing. Bursary holders are themselves responsible for making arrangements with bursary donors to provide them with written proof that credit balances may be paid out. Postgraduate bursary holders can enquire about the procedure to be followed at the Office for Postgraduate Bursaries.

Also consult Part 2 of the Calendar, which specifically covers bursaries, loans, prizes and stipends, for more information in this regard.

### **5.2 Rebates**

#### **5.2.1 Rebate for early payment of study fees**

If study fees are paid in full ON OR BEFORE 31 MARCH, a rebate of 3% will be granted only on the tuition fees, provided that the parent or guardian requests and completes the prescribed form obtainable from the Student Fees Section and hands it in at the Student Fees Section for processing. This rebate, however, is not granted on the USB, SPL and MIKM components (USB= University of Stellenbosch Business School, SPL= School of Public Leadership and MIKM=MPhil in Information and Knowledge Management) of the tuition fees.

The rebate system for early payments has been extended to students who pay their study fees in full *within sixty days after the official date of registration* for the specific student group they are part of and who apply in the prescribed manner for the 3% rebate on SU tuition fees (excluding the USB, SPL and MIKM components of tuition fees). The form is also available at <http://my.sun.ac.za> under "Finances", "Payment Options". The closing date for submission of the completed form for this group of students is 30 SEPTEMBER.

#### **PLEASE NOTE:**

Any application for a rebate for early payment may be considered only after the study fees for the year concerned have been paid in full. When the application has been approved and processed, the 3% rebate will be disbursed. Therefore, the rebate may not be calculated and subtracted from the study fees to be paid for the year concerned.

### **5.2.2 Rebate on study fees for persons from the same immediate family**

If three or more persons from the same immediate family are each registered for a full-time programme at the University, a rebate of 10% per student may be granted only on the study fees of each student. This rebate, however, is not granted on the USB, SPL and MIKM components of the tuition fees. The rebate can be considered only if the parent or guardian requests and completes the prescribed form obtainable from the Student Fees Section and hands it in at the Student Fees Section for processing. The form is also available at <http://my.sun.ac.za> under “Finances”, “Payment Options”.

## 6. STUDENT FEES EXPENDITURES

### 6.1 Application fee (all programmes)

The application fee is R100 in 2015. The amount (payable once per programme or for the duration of continuous annual registration as special student) is not refundable and must be paid when you apply for admission. The application fee is not used towards payment of any other fees. Please note that for some programmes there are set closing dates for applications. Consult the Almanac of the University in Part 1 (General) of the University Calendar, the relevant pages of the University's website or the relevant faculty part of the Calendar, to ensure that you apply for admission to your proposed programme in time.

**The application fee is not applicable to international students.**

### 6.2 Selection fee (selected programmes)

Any student selected for one of the under-mentioned has to pay the applicable selection fee within a month after selection. If you then register for the programme that you have been selected for at the University, this amount shall be used in partial payment of your student fees account. If you do not, however, register at the University or, if you register for a programme other than the one you have been selected for, you will forfeit the selection fee.

## 6.3 Study fees

### 6.3.1 Dates of registration

The official dates for registration as student for the year differ for undergraduate first-year and returning students, special students, and postgraduate first-year and returning students. Consult the notice regarding registration sent to you or <http://my.sun.ac.za/english/> for the date of registration applicable to you.

#### Registration for first semester

13 FEBRUARY	<ul style="list-style-type: none"> <li>• Last day for late registration for undergraduate, special, diploma, certificate and honours students.</li> <li>• Last day for registration for returning master's and doctoral students</li> </ul>
31 MARCH	Last day for registration for first-year master's and doctoral students.

#### Registration for second semester

31 JULY	Last day for registration for the second semester (applications close 14 JULY).
---------	---

### 6.3.2 Late registration

Late registration for a programme is subject to payment of the compulsory first instalment, as well as the fees applicable at late registration as set out below, by the date of registration. Late registration for (a) module(s), if it is still allowable, is subject to the following registration fees:

Fee for registration after the official closing date	R500
Late registration fee in the case of a module	R100

### 6.3.3 Levies of study fees for all students

Every undergraduate and special student's study fees are levied per module. Find out what the names of the modules are that you want to and/or are required to take for your chosen programme for the year concerned from the relevant (faculty-specific) part(s) of the Calendar.

Study fees are levied per module for all registrations for postgraduate programmes since 2008 for new students and since 2009 for 2008's returning students, with certain exceptions (which are levied per programme). These exceptions are: All registrations for doctoral programmes and registrations for a few master's and diploma programmes that are presented

in some of the faculties.

### **Fees per Module (Undergraduate, Postgraduate and Special Students)**

See the appendix at the back of this book for a full list of modules along with the costs linked to each module, as well as the subject number and module code of each module. For registration for master's programmes in most faculties prior to 2008 a set amount per year is still levied at continuation of study after first or second registration, and study fees for such programmes are therefore not levied per module, except where additional extra-curricular modules are taken by choice.

An estimated quotation according to the specific choice of modules for undergraduate, special and postgraduate students (for postgraduate students only for first registrations in 2008 and thereafter) can be obtained at the following link:

<http://www.maties.com/what-will-it-cost.html>.

## **6.4 Student card**

Each person who registers for the first time as a student is given a student card (photo identity card) at a cost of R80 per student card.

The student card is an electronic magnetic card, which identifies you as a student. Without your student card you will not be allowed to attend classes or to write examinations. It is therefore important that you look after your student card.

Returning students keep the student cards they were given the first time they registered and they are required to bring their student cards with them each concurrent time that they register in order to reactivate the student cards for the new academic year.

You may use your student card to:

- gain access to University buildings, such as the JS Gericke Library;
- use photocopiers;
- use printing;
- reserve meals;
- use laundry facilities;
- use internet facilities, and
- buy academic books (bursary students only, if the bursary regulations permit).

A specific condition attached to the use of your student card is that you accept liability for all financial transactions concluded with the card while it is still valid.

If you lose your student card, you may have a new card activated at the IT HUB in Admin A against payment of the required amount of R80.

#### **6.4.1 Deposit for photocopying**

When a student uses his student card for the first time for photocopying, a deposit is debited to his student fees account for the use of the University's photocopying facilities. At any time that the photocopying quota has been exhausted, it has to be replenished before any further use of the University's photocopying facilities can be made.

The photocopying quota may be replenished UNTIL 14 AUGUST at any photocopier by swiping a student card, equipped with a magnetic strip, through the slot, which will then load a replenishing amount (currently R450) on the student fees account.

*AFTER 14 AUGUST the photocopying quota may only be replenished with a payment at the cashiers or by an electronic credit card payment (under "Finances", "Payment Options", after signing in at <http://my.sun.ac.za>). If the photocopying quota is not depleted by the end of the academic year, the remaining amount is credited to your student fees account.*

#### **6.4.2 Deposit for printing**

When a student uses his student card for the first time for printing, a deposit is debited to his student fees account for the use of the University's printing facilities. At any time that the printing quota has been exhausted, it has to be replenished before any further use of the University's printing facilities can be made.

The printing quota may be replenished UNTIL 14 AUGUST at [www.sun.ac.za/useradm](http://www.sun.ac.za/useradm).

*AFTER 14 AUGUST the printing quota may only be replenished with a payment at the cashiers or by an electronic credit card payment (under "Finances", "Payment Options", after signing in at <http://my.sun.ac.za>). If the printing quota is not depleted by the end of the academic year, the remaining amount is credited to your student fees account.*

#### **6.4.3 Deposit for internet usage**

A deposit for internet usage can be paid for by using one of the following methods:

- The "pay as you go" option (PAYGO) by making a payment at the cashiers or by an electronic credit card payment (under "Finances", "Payment Options", after signing in at <http://my.sun.ac.za>), OR
- by loading an internet usage quota at [www.sun.ac.za/useradm](http://www.sun.ac.za/useradm) (as is done with printing quota).

When an internet usage quota is loaded, a deposit is debited to the student fees account for the use of the University's internet facilities. At any time that the internet usage quota has been exhausted, it has to be replenished before any further use of the University's internet

facilities can be made. The maximum allowable limit for loading internet usage quota for the year is R1 200.

In the following instances only the “pay as you go” option (PAYGO) of payment for replenishing the internet usage quota is possible (see the first bullet point above):

- When the internet usage quota limit of R1 200 has been reached, and
- after the internet usage quota has been closed down for the year.

## **6.5 Study-related expenditures**

From 2016 the aim is to bracket together all study-related expenditures as programme and/or module levies. Student fees accounts will thus reflect programme levies and/or module levies as one amount and not any more as separate descriptions for study-related additional expenses, namely running costs, laboratory fees, material fees, travelling expenses and membership dues for academic societies.

### **Fees per Module (Undergraduate, Postgraduate and Special Students)**

See the appendix at the back of this book for a full list of modules along with the costs linked to each module, as well as the subject number and module code of each module.

#### **6.5.1 Programme levy**

For undergraduate Engineering students, materials fees, travelling expenses and laboratory fees are not levied separately for modules of which the home departments are departments in the Engineering Faculty itself (see Part 11 of the Calendar to determine the home department of a module). One consolidated amount, the programme levy, covering study-related additional expenses in the Faculty of Engineering, is stated on the student fees account. The programme levy includes a component which is used to replace equipment and other smaller items in undergraduate laboratories. The programme levy is the same for all undergraduate Engineering programmes, regardless of the number of modules taken in the year concerned. Please note that the programme levy is not refundable, either in full or in part (e.g. in cases of discontinuation of studies or changing of programme of studies), except in cases where the student only takes ONE SEMESTER MODULE in a year, in which case 50% of the amount may be refunded at the request of the student. The programme levy for undergraduate Engineering students is R6 185 in 2015.

#### **6.5.2 Running costs**

Running costs are levied by the academic department concerned for, among others, the costs related to the provision of study-related material.

An adjustment in study fees, by levying a professional-programme cost as running costs, is applied in the BCom (Actuarial Science) programme. The levy is used to retain the international recognition of the actuarial qualification by ensuring continued compliance

with the requirements, which increase annually, of the actuarial professional bodies (i.e. the Actuarial Society of South Africa and the Institute & Faculty of Actuaries, UK). The amount for the professional-programme cost levied as running costs is R7 272.

**PLEASE NOTE:**

Running costs are set by the academic departments themselves and all enquiries about running costs have to be addressed to the academic department concerned.

### **6.5.3 Laboratory fees**

Laboratory fees are charged by the academic department concerned for, among others, the use of language laboratories and natural science laboratories.

**PLEASE NOTE:**

Laboratory fees are set by the academic departments themselves and all enquiries about laboratory fees have to be addressed to the academic department concerned.

### **6.5.4 Material fees**

If class notes or other study material is provided to you, materials fees are charged in addition to the normal tuition fees.

**PLEASE NOTE:**

Materials fees are set by the academic departments themselves and all enquiries about materials fees have to be addressed to the academic department concerned.

### **6.5.5 Travelling expenses**

If you make use of transport arranged by the University for the purpose of fieldwork, for instance, the travelling expenses will be charged against your student fees account.

**PLEASE NOTE:**

Travelling expenses are set by the academic departments themselves and all enquiries about travelling expenses have to be addressed to the academic department concerned.

### **6.5.6 Membership dues for academic and registered societies**

Some faculties require that students who are registered for certain programmes or modules become members of academic, faculty-bound societies. Membership dues may be debited annually against such students' student fees accounts for the functioning of the academic society/societies concerned.

Membership dues for other (non-academic) student societies is automatically debited against your student fees account, provided that the society concerned is registered with the Student Representative Council and you have registered in person through the student portal as a

member of this society, after academic registration. To find out if membership dues for a society are levied during any given year and, if so, what the amount is, contact the chair of the society concerned. The contact details for society chairs can be found at <http://www0.sun.ac.za/societies/>.

**PLEASE NOTE:**

Membership of the academic society/societies of a faculty and, where relevant, of an academic department is compulsory for all undergraduate, special and honours students in the faculty and, where relevant, the academic department.

## **6.6 PSO membership dues**

In terms of a resolution by Council, all students in private lodgings, except those stated below, are automatically members of the Private Students' Organisation (PSO) and PSO membership dues are debited against their student fees accounts. The following exceptions exist in this regard: students of the University of Stellenbosch Business School, students of the Faculty of Military Science at Saldanha, postgraduate certificate students, postgraduate diploma students, master's students and doctoral students. The amount for 2015 is R275. Enquiries in this regard have to be addressed to the Centre for Student Structures and Communities.

## **6.7 Parking fee**

Students or staff members wishing to park private motor vehicles on University grounds must register these vehicles electronically at the relevant University division. Registration of a motor vehicle is a prerequisite for parking on University grounds but does not guarantee a parking bay. Consult the web page <http://www.sun.ac.za/mobility-parking> for the following: various types of parking available, the application and allocation procedures, associated costs and payment mechanisms.

## **6.8 Registration for supplementary work**

Any student who is doing a supplementary module or modules with a view to improving his class marks, yet who attends no classes, shall still be held liable for the full study fees for the module(s) concerned. However, the academic department concerned may, at its discretion, exempt a student in part or in full from, where applicable, the travelling fees, copyright fees, materials fees and/or laboratory fees payable with regards to the module(s) concerned. Notification of such official exemption must be sent to the Student Fees Section in good time.

## **6.9 Dean's Concession Examinations**

Under specific circumstances, final-year students, where applicable, may be granted a special examination, namely a dean's concession examination. An amount of R778 is payable when a dean's concession examination is granted and this amount will be debited against such final-year student's student fees account.

See also "Dean's Concession Examination" in Part 1 of the Calendar.

## **6.10 Repeating programmes or modules**

If a programme or any module(s) is repeated, all the fees payable for the programme or module(s) shall be payable anew in full. Students registering for the first time at postgraduate level should take note of this provision especially.

## **6.11 Readmission after unsuccessful studies**

Students shall have the opportunity to apply in writing for readmission after unsuccessful studies. Applications have to reach the Registrar BEFORE OR ON 15 JANUARY. A student who applies for readmission is required to complete a fully motivated application form personally and send it to the Registrar together with proof of payment of the under-mentioned, non-refundable amount. Applications for readmission shall be considered by the Readmission Appeals Committee, whose decision in this regard shall be final.

Amount payable with application for readmission: R310. See also "Readmission after unsuccessful studies" in Part 1 of the Calendar.

The general rule also applies to students who are readmitted, namely that the student fees account must be paid in full and the compulsory first instalment must be paid before the student is allowed to register.

## **6.12 Suspension (forfeiting of paid fees)**

Where Council temporarily or permanently divests a student of the rights and privileges enjoyed by him as a student, or temporarily or permanently refuses him further admission as a student, such student shall forfeit all claims to repayment or reduction of or exemption from fees paid or payable to the University.

## **7. DISCONTINUATION AND/OR CANCELLATION**

### **7.1 Discontinuation of studies**

When a student leaves the University without having completed his programme of study, the Registrar shall be notified accordingly in writing, together with the reason(s) for the discontinuation of studies. If the student stays in University accommodation, the residence has to be cancelled separately at the Centre for Student Structures and Communities. The discontinuation form can be obtained from Contact Centre at info@sun.ac.za or 021 808 9111.

If the written notice of discontinuation of studies states no date of discontinuation, the date of receipt of such notice shall be used for the purpose of calculating the outstanding amount. Any student who discontinues his studies AFTER 31 MARCH of the same academic year, for which he registered, irrespective of other fees than *study fees* levied on the account, shall also be liable for the following:

- the full study fees for any first-semester modules that he has registered for,
- half of the study fees for any year modules that he has registered for, and
- half of the additional studies-related costs that his student fees account for the year comes to.

Any student who discontinues his studies AFTER 31 JULY shall be liable for the total amount that his student fees account for the year comes to.

Pro rata reimbursement of study fees to students who register for second-semester modules and discontinue in the same semester, will only be considered if the discontinuation is reported according to the above-mentioned formal process BY 14 AUGUST of the same academic year which has been registered for.

Postgraduate students, whose study fees are calculated per module, must bear in mind that discontinuation of postgraduate modules after the dates given above are also subject to these provisions.

Any student who has interrupted his studies and has been granted permission to register at the start of the second semester with a view to continuing his studies, who then discontinues his studies AFTER 14 AUGUST, shall be liable for the total amount that his student fees account for the year comes to.

Any student, who leaves the University without settling the student fees account in full, shall be liable for compound interest on the outstanding amount at prime bank rate, calculated from the date on which he left the University.

## 7.2 Cancellation of University accommodation

### 7.2.1 Procedures and regulations applicable to the cancellation of residence (prospective students)

Cancellation of residence will only be accepted if it was done in writing or per e-mail.

Prospective students who want to cancel their residence, have to send a written notification to fax number 021 808 3822 or e-mail [info@sun.ac.za](mailto:info@sun.ac.za) for the attention of the Residence Placement Office, with mention of their student number and reason(s) for cancellation.

Without the necessary notification, students will not be considered for any possible refund of the acceptance amount.

The date of receipt of the written notification will be used for the official date of calculation of any amount owed.

In the case of cancellation, the acceptance amount will be managed as follows:

- For cancellations BEFORE OR ON 31 OCTOBER of the year proceeding the concerned year of accommodation, the full residence acceptance amount will be refunded.
- When the residence acceptance amount has to be refunded, students have to complete the banking details form included in their placement letter. The form is also available at the Prospective Student's website (under "Fees", "Payment Options").
- Any cancellation AFTER 31 OCTOBER is subjected to a cancellation fee of R579.
- For any cancellations AFTER 9 JANUARY in the concerned year of accommodation, **the full residence acceptance fee will be forfeited.**
- Students, who do not pitch up at the commencement of the welcoming programme, will forfeit the full residence acceptance amount and their placements will be cancelled.
- Students, who do not get entrance to the University, or who cannot make use of the residence placement due to circumstances out of their control and have already paid the residence acceptance amount, have to apply for the refund of the acceptance amount by means of submitting a fully motivated letter. The letter has to be addressed to the Residence Placement Office and has to be sent to [info@sun.ac.za](mailto:info@sun.ac.za).
- The possible refund of any amount however abides by the University.

Residence placements are granted for the full academic year. If students cancel their placement during the academic year, a cancellation fee of 30% of the residence fees still owed from the date of cancellation, has to be paid.

## **7.2.2 Procedures and regulations applicable to the cancellation of residence (present students)**

### **7.2.2.1 Cancellation of residence in the preceding year**

Enrolled students are able to cancel their residence up UNTIL 30 SEPTEMBER of the previous year before the year of accommodation upon which the cancellation has reference, without being held liable for the accommodation fees for the following year.

If the cancellation is after the above-mentioned date, but still before the start of the academic year, the University will levy a cancellation fee to the student fees account. A cancellation fee of R1 000 is payable for cancellation AFTER 30 SEPTEMBER, R2000 AFTER 31 OCTOBER and R3000 AFTER 30 NOVEMBER of the previous year upon which the cancellation has reference.

### **7.2.2.2 Cancellation of residence after the start of the academic year**

If an enrolled student wants to cancel their residence, they have to send a written notification to info@sun.ac.za for the attention of the Residence Placement Office via e-mail or by completing the necessary forms at the Residence Placement Office.

The date of receipt of the written notification will be used as the official date of calculation of any amount owed.

Students will be held liable for a cancellation fee of 30% of the residence fees still owed from the date of cancellation.

Students have to evacuate their residence room on the day of cancellation.

If a student's residence is cancelled on grounds of illness and a satisfactory medical certificate is submitted, the student may be exempted from the liability of the cancellation fee.

The possible refund of any amount however abides by the University.
