

Unxibelelwano oluvela kwiBhunga

23 kuTsazimpuzi ka2025

Ngexesha lenguqu enkulu, kodwa kwanethuba elikhulu, iBhunga leYunivesithi yaseStellenbosch (iSU) libe nokuninzi lokuxoxa kwintlanganiso yalo yomhla wama31 kweyoKwindla (intlanganiso yalo yokuqala yesiqhelo ka2025). IBhunga lithe ndlelantle ngokusesikweni kuNjing. Wim de Villiers kusuku lokugqibela lweminyaka elishumi njengeNqununu neNgqonyela, kwaye lamkela uNjing. Deresh Ramjugernath njengoko wayelungiselela ukungena esikhundleni ngosuku olulandelayo.

Le ibiyintlanganiso yeBhunga. yokugqibela kaNjing. uStan du Plessis. UNjing. Du Plessis uza kushiya eSU njengeGosa eliyiNtloko lezeMisebenzi ekupheleni kukaCanzibe ukuze azibandakanye neZiko leMfundo ePhakamileyo iStadio njengomphathi oyintloko wabo. IBhunga linombulelo ongazenzisiyo kuNjing. Du Plessis, osebenze kwiYunivesithi iminyaka engaphezu kwamashumi amabini – ukuhamba kwakhe kuza kushiya umsantsa omkhulu.

Imiba ephambili kwiajenda yeBhunga ibandakanya le ilandelayo:

- **Uxinzelelo olufunyenwe ekuqaleni konyaka wezifundo zika2025 ekubhalisweni kwabafundi.** Nangona inkxasomali nobhaliso bezilawulwa ngokufanelekileyo kulo nyaka kunango2024, iBhunga liyazisola ngoxinzelelo oluye lwafunyanwa ngabo bonke abachaphazelekayo. Lo mba uza kuqhuba nokufumana ingqwalasela yeBhunga.
- **Ukuqwalaselwa kwengxelo evela kwiQela lobuGcisa lokuValwa kweCIRCoRe kunye neKhampepe (iTCC).** IBhunga linombulelo ongazenzisiyo kubo bonke abathe babandakanyeka kwinkqubo yeCIRCoRe ukususela ekusekweni kwekomiti kweyoKwindla ngo2023. Kuye kwaphawulwa ukuba iCIRCoRe ibe neziphumo zeengxoxo ezingundoqo, kwaye kubekho umfutho oncomekayo obalulekileyo kwimiba ethile yenguqu. Izindululo ezahlukeneyo eziphuma kwingxelo yeTCC ziza kunikezelwa kumacandelo afanelekileyo eYunivesithi ukuze ziqwalaselwe kwaye ziphunyezwe ngokufanelekileyo. USekela weSekela-Ngqonyela: weFuthe eluNtwini, iNguqu naBasebenzi, uNjing. Nico Koopman, uza kukhokela le nkqubo, encediswa yiKomiti yeNguqu yeZiko (iTCC). Ukuqhubela phambili, uNjing. Ramjugernath uza kuba ngusihlalo weITC ukuqinisekisa ukuzibophelela okubanzi kweziko kwisigunyaziso senguqu ephelileyo. Uhambo lwenguqu lweYunivesithi lusafuna ingqwalasela emandla, kuqukwa neenguqu ngengqiqo ebanzi, kunye nokuphucula imvakalelo yokubandakanywa nokuba lilungu labo bonke abachaphazelekayo. Oku kubonakala kwinto yokuba ukuphuculwa kwamamqaku eBBBEE eYunivesithi luphawu olubalulekileyo loluhlu lamamqaku onyaka ka2025, eliza kulandelela ukuhanjiswa kwezinto eziphambili zesicwangciso seSU kwaye liza kuqinisekisa ukuba inguqu iyinxalenye ebalulekileyo yemimandla yokusebenza engundoqo yomsebenzi ngamnye.
- **Iziphumo zokurhoxiswa kwenkxasomali yaseUSA.** Njengeeyunivesithi ezininzi, iSU inenani leeprojekthi ezixhomekeke kwinxalenye yenkxasomali evela kwimithombo yaseMelika. Iziphumo zalo naluphi na utshintsho ngakule nkxasomali ngokucacileyo zixhalabisa kakhulu. ICandelo leNqununu liseke ikomiti ejongene nentlekele ukuze idibanise ulwazi oluyimfuneko kunye neemeko ukumisela amanyathelo alandelayo eYunivesithi. Kufuneka sisebenze nzima ukukhusela umgangatho, ukufikelela kunye

nefuthe lophando lwethu. Ke ngoko, iingxoxo zale komiti yentlekele kunye neempendulo ezicetywayo zibalulekile kuthi sonke. Eli ikwalithuba lokuba iYunivesithi ithathele ingqalelo imithombo kunye nokwahluka komxube wenkxasomali ukuze ikwazi ukumelana neengxubakaxaka zexesha elizayo ngenqanaba lokuthomalalisa iinkxalabo.

- **Ingxelo ka2024 evela kuNozikhalazo.** I-SU yenye yeeyunivesithi ezintandathu kuphela eMzantsi Afrika ezinoNozikhalazo. IBhunga likuthakazelele kakhulu ukufumana ithuba lokuthethana noNozikhalazo waseSU iGqwetha uRina Meyer. Wabelana ngemixholo ephambili yomsebenzi wakhe wango2024, kwaye ngakumbi waqaphela ukuzimisela okupheleleyo kwabasebenzi ukusebenzisana naye ekusombululeni izikhalazo. Njengoko kutshiwo, kukho imfuneko yeendawo ezithile zolawulo zokuphucula amaxesha okuphendula kwimibuzo yokuqala evela kwiOfisi kaNozikhalazo. ICandelo leNqununu liqalise uphononongo lweenkqubo kwezinye iindawo ngenjongo yokuphucula utshintsho, njengoko ukukwazi ukuzisa izisombululo ezikhawulezileyo kwimiba ekudala ikho kulilungelo yeOfisi kaNozikhalazo. IBhunga licele ukuba iYunivesithi ithathele ingqalelo ukwenza umsebenzi kaNozikhalazo, kuquka nokubalaselisa ukuba uNozikhalazo unokuncedisa kwiimeko ezithile kuphela, kwaye kuphela xa zonke ezinye iindlela zangaphakathi zithe zathathelwa ingqalelo. Iinkcukacha ezithe vetshe ngoNozikhalazo zinokufunyanwa [apha](#).

Ukongeza, iBhunga lixoxe ngombono kaNjing. Ramjugernath onokhalipho ngeSU, osekelwe kwiinkalo ezintathu eziphambili ekugxilwe kuzo: ukugqwesa ezifundweni; abantu, inkcubeko kunye neenkqubo; kunye nentsebenziswano kunye nozinzo.

- Icwangcisoqhinga sokuphunyezwa kwesicwangciso esineenkcukacha zalo mbono siza kuqakunjelwa apha enyakeni, kwaye iBhunga liza kulandelela ukunikezelwa kwemiba engundoqo yesi sicwangciso ngoluhlu lamanqaku onyaka, ekuye kwaxoxwa ngalo kwintlanganiso.
- IBhunga lithathele ingqalelo utshintsho olufunekayo kwiziko kunye neenkokeli eziphezulu zokuqinisekisa ukuphunyezwa kombono, kwaye lizimisele ukusebenzisana noNjing. Ramjugernath kulo mba.

IBhunga lijonge phambili kunyaka ozele ngamathuba, ukukhula kunye nezenzo ezikhaliphileyo. Ndibamba ngazibini kuye wonke umntu othe wahambela phezulu ekukhokeleni.
