13 March 2025 10:00am-15:00pm

General Information:

This is a fantastic opportunity to engage with our students and receive direct feedback from them. It is also an opportunity for us to feature our excellent partner institutions and organisations.

Students are interested to hear about semester exchange and summer school opportunities, as well as full degree opportunities (where applicable). Bursary opportunities are also of interest to our students.

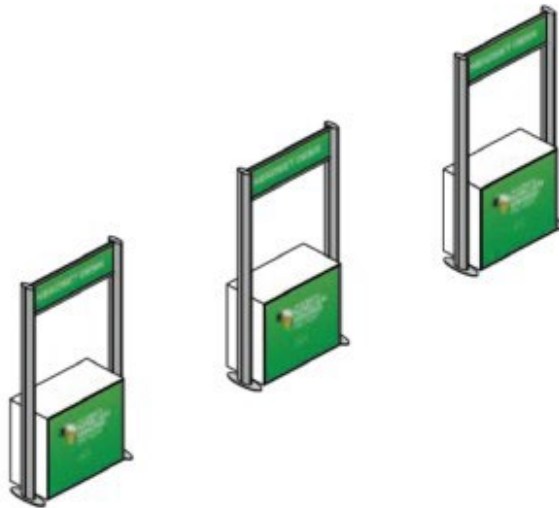

If they are interested to attend a summer school or semester exchange at your institution, please refer them to us. We will then guide them through the application process. Our office will also have a booth at the Study Abroad Fair and students with specific application or logistical questions can be directed to us.
