

Alumni-hubs: Join in!

Your graduation is a momentous occasion and marks the beginning of your continued relationship with your alma mater.

As an alumnus/a of Stellenbosch University (SU), you are our most valuable stakeholder and ambassador. You form part of a global community of more than 120 000 graduates. Your involvement with us ensures that you are kept abreast of developments at SU, that you receive a range of opportunities to remain connected to other alumni and that your degree and alma mater remains relevant.

Creating a hub in your area is an excellent way of expanding your “connectedness” to other alumni.

As a hub coordinator or hub committee member, your key responsibility would be to:

- Serve as the **primary communicator** between the local alumni and the Alumni Relations team;
- Help with **recruitment** of additional volunteers;
- Make a collective **annual gift** to SU;
- **Reach out** to local alumni; asking them to partake in local alumni events and in the annual giving programme; and
- **Coordinate alumni events**

The Alumni Relations team can assist you in these duties:

- Identifying and approaching active alumni in regions and countries.
- Setting up a local LinkedIn group, through which the hub can communicate.
- Notifying all alumni in the region of the hub, and:
 - Provide them with the coordinators contact details; and
 - Invite them to join the local LinkedIn group
- Assisting in coordinating local events by:
 - Sending out invitations to alumni in the region;
 - Managing RSVPs; and
 - Providing gift forms
