for application

- Bursaries
- Experiential Learning
- Industry Exposure
- Vacation Work
- Internships

Bursaries that are offered may cover tuition and accommodation fees, as well as other study costs such as books and research expenditure. Any citizen of South Africa, Swaziland or Zimbabwe who is studying a course related to agriculture (plant production) at a recognised tertiary institution in South Africa can apply. Students in the Tertiary Education Support and Scarce Skills Support categories are only supported after their first year of study.
