

**E-MAIL TO UNDERGRADUATE EMS STUDENTS DATED 24 NOVEMBER 2020:**

Dear Undergraduate EMS student

I hope that this email finds you well during the assessment time.

The [attached EMS A4 document](#) has been amended (in red) to make provision for the following:

- **No off-campus assessment venues are available.** ALL students must travel to Stellenbosch to sit for the assessment (except the few modules that write non-invigilated online assessments).
- A list of the modules that have ICBC approval for non-invigilated online assessments.
- More clarity on specific dates given the latest information.
- More clarity on student consultations with lecturers in the week prior to the scheduled A4. See each module's SunLearn page for the time and date announcement.
- More clarity on Summer Schools. Two summer schools are planned (after A4, before the start of the academic year), i.e. Theory of Interest 152 (online and Department will provide more information), and Financial Accounting 188 (SoA will provide more information). Remember that the offering of the summer schools is dependent on the number of registrations and students meeting the minimum requirements.

I wish you all the best for the remainder of the assessment period.

Hang in there – you can do this!

Ronel du Preez
