chrishar@sun.ac.za

Can students get involved?

Yes

Programme Information

This project is a Social Impact project at Ikaya Primary School in Kayamandi, Stellenbosch and aims to support the school in different ways.

This social impact project aims to support and grow the potential of learners at Ikaya Primary. We will be helping the Foundation Phase learners and teachers with a dedicated literacy development programme. Join this project if you wish to become a reading ambassador at Ikaya Primary!

Our teachers cannot do it by themselves. By partnering with local stakeholders and those with a passion for the improvement of learning spaces, we will be supporting our teachers at Ikaya with an improved staffroom. Join this project if you wish to help us make the Ikaya Primary school staffroom a centre for teacher wellbeing!
