

# MASTERS OF MEDICINE (FAMILY MEDICINE)

## DIPLOMA IN FAMILY MEDICINE

## & MPhil IN FAMILY MEDICINE

CALL FOR APPLICATIONS 2021

### DEGREE DESCRIPTIONS

#### Become a family physician

Train as a specialist in family medicine through the four-year **MASTERS OF MEDICINE (FAMILY MEDICINE)** degree.

As a registrar, in family medicine you are trained in one of our five training complexes in the Western Cape under the supervision of a family physician. Registrars are trained as lead clinicians, consultants, clinical trainers and teachers, leaders of clinical governance and community orientated primary care.

#### Get ready for the future

Improve your skills in family medicine and primary care through a two-year on-line **DIPLOMA IN FAMILY MEDICINE**. The Diploma aims to enhance the quality of primary care by capacitating primary care doctors to fulfil their roles as competent clinicians, change agents, collaborative practitioners, capability builders, critical thinkers and community advocates in the future South African primary health care system.

#### Become a thought leader

Develop yourself as a primary care researcher, clinical teacher and leader of family medicine through a two-year **MPhil IN FAMILY MEDICINE** degree. The goal is to build capacity of doctors to perform research relevant to family medicine and primary health care. The degree will also equip doctors to be better mentors, educators and leaders within the context of family medicine and primary care.
