CANCER CARE AND THE FAMILY PRACTITIONER

This short course is offered by the Division of Family Medicine and Primary Care, Faculty of Medicine & Health Sciences, Stellenbosch University in cooperation with the Independent Clinical Oncology Network (ICON).

This course aims to equip, update and refresh the family practitioner for the critical role of coordinating the cancer patient's journey, at primary care level, from early diagnosis through to advanced disease.

Who could attend?

- General practitioners in private practice
- Medical officers working in primary care in the public sector
- Family physicians
- Post-graduate students in Family Medicine

Duration: 12 weeks

E-learning: The course is delivered by distance education via the internet and there is no face to face contact at the university.

Assessment: Will be based on one written assignment and participation in on-line discussions. There will be no written examinations. Successful completion will lead to a **Certificate of Competence**.

Starting: July 29, 2019

Registration: Will close on Monday 22 July, 2019. Please complete and return the application form.

Continuing Professional Development (CPD) accreditation: This short course is accredited for Continuing Education Units (CEU) – both 25 general and 5 ethics in Level 1.

Course fees: R4500.00

Applications and administration: Ms Marianna James 021 938 9395 (08h00-14h00)
