LIST OF PUBLISHED ARTICLES

- LM Kotzé-Hörstmann, **H Sadie-Van Gijsen**: The modulation of glucose metabolism by leaf tea constituents – a systematic review of recent clinical and pre-clinical findings. Accepted for publication in Journal of Agricultural and Food Chemistry (February 2020)
- **H Sadie-Van Gijsen** 2019 Adipocyte biology: it is time to upgrade to a new model. J Cell Physiol 234(3):2399 – 2425
- FA Jacobs, **H Sadie-Van Gijsen**, M van de Vyver, WF Ferris 2016 Vanadate impedes adipogenesis in mesenchymal stem cells derived from different depots within bone. Published in August 2016 as part of a Special Research Topic on Marrow Adipose Tissue for Frontiers in Endocrinology. doi: 10.3389/fendo.2016.00108. Also included in a Frontiers eBook in August 2017
  [http://journal.frontiersin.org/researchtopic/4088/pdf](http://journal.frontiersin.org/researchtopic/4088/pdf)
- M Sanderson, **H Sadie-Van Gijsen**, FS Hough, WF Ferris 2015 The role of MKP-1 in the anti-proliferative effects of glucocorticoids in primary pre-osteoblasts. PLoS ONE 10(8):e0135358 (awarded the SEMDSA (Society for Endocrinology, Metabolism and Diabetes of South Africa) Award for the best original publication in the field of Endocrinology and Metabolism during 2015)
- **H Sadie-Van Gijsen**, NJ Crowther, FS Hough, WF Ferris 2013 The interrelationship between bone and fat: from cellular see-saw to endocrine reciprocity. Cellular and Molecular Life Sciences 70:2331 – 2349
- **H Sadie-Van Gijsen**, W Smith, EF du Toit, J Michie, FS Hough, WF Ferris 2012 Depot-specific and hypercaloric diet-induced effects on the osteoblast and adipocyte differentiation potential of adipose-derived stromal cells. Molecular and Cellular Endocrinology 348:55 – 66 (awarded the Sanofi – Aventis Osteoporosis Award for the best original article published in the field of osteoporosis during 2011, and the SEMDSA Award for the best original publication in the field of Endocrinology and Metabolism during 2011)

- **H Sadie**, G Styger and J Hapgood 2003 Expression of the mouse gonadotropin-releasing hormone receptor gene in αT3-1 gonadotrope cells is stimulated by cyclic 3’,5’-adenosine monophosphate and Protein Kinase A, and is modulated by Steroidogenic Factor-1 and Nur77. Endocrinology 144:1958 – 1971

**PRESENTATIONS AT LOCAL CONFERENCES (LAST 5 YEARS)**

- **Oral presentation** at the 1st Conference of Biomedical and Natural Sciences and Therapeutics (CoBNeST), October 2018, Stellenbosch, South Africa: Treatment of periprosthetic joint infection: what we can learn from work in bone-derived stem cells. Elzaan Booyse, **Hanél Sadie-Van Gijsen (presenting author)**, Jonike Dreyer, William Ferris, Marina Rautenbach, Leon MT Dicks

- **Oral presentation** at the 17th NOFSA (National Osteoporosis Foundation of South Africa) congress, March 2018, Cape Town, South Africa: Adipocytic differentiation of proximal femur-derived mesenchymal stem cells is characterized by the expression of brown fat genes and is modulated by glucocorticoids *in vitro*. FA Jacobs, **H Sadie-Van Gijsen**, WF Ferris

- **Oral presentation** at the 17th NOFSA congress, March 2018, Cape Town, South Africa: The effect of vancomycin and a novel antibiotic on the osteoblastic differentiation of rat femur-derived mesenchymal stem cells. E Booyse (presenting author), **H Sadie-Van Gijsen**, J Dreyer, M Rautenbach, LMT Dicks

- Oral presentation at the 17th NOFSA congress, March 2018, Cape Town, South Africa: Bone stem cell biology and bone marrow fat: an update. **H Sadie-Van Gijsen**

- **Oral presentation** at the 45th PSSA (Physiology Society of Southern Africa) congress, August 2017, Pretoria, South Africa: The effects of two high-fat diet formulations and a Green Rooibos tea extract on *in vivo* adiposity and *ex vivo* function of cultured adipose-derived stromal cells. **H Sadie-Van Gijsen H**, SE Smit, MA Van Vuuren, B Huisamen

- **Oral presentation** at the 52nd SEMDSA (Society of Endocrinology, Metabolism and Diabetes of South Africa) congress, May 2017, Johannesburg, South Africa: The effects of two high-fat diet formulations and a Green Rooibos tea extract on *in vivo* adiposity and *ex vivo* function of cultured adipose-derived stromal cells. **H Sadie-Van Gijsen H**, SE Smit, MA Van Vuuren, B Huisamen, W Ferris (abstract published in Journal of Endocrinology, Metabolism and Diabetes of South Africa (JEMDSA) 2017 22(1):22-23)
- **Oral presentation** at the 51st SEMDSA congress, April 2016, Cape Town, South Africa: Coffee or tea: Could your daily "cuppa" be beneficial for weight-loss? **H Sadie-Van Gijsen**, CJF Muller, J Louw, WF Ferris (abstract published in JEMDSA 2016 21(1):11)

- **Oral presentation** at the 51st SEMDSA congress, April 2016, Cape Town, South Africa: Glucocorticoids reduce the cell viability of MSCs derived from the proximal femur but not from bone marrow of rats. FA Jacobs (presenting author), **H Sadie-Van Gijsen**, M van de Vyver, WF Ferris (abstract published in JEMDSA 2016 21(1):11-12)

- **Oral presentation** at the 16th NOFSA congress, October 2014, Johannesburg, South Africa: Characterization of mesenchymal stem cell populations from rat femur. FA Jacobs (presenting author), M van de Vyver, **H Sadie-Van Gijsen**, FS Hough, WF Ferris (abstract published in JEMDSA 19(3):S5)

- **Invited speaker presentation** at the 16th NOFSA congress, October 2014, Johannesburg, South Africa: Stem cell biology and bone: the fat : bone axis.

- **Oral presentation** at the International Conference on Tissue Engineering and Regenerative Medicine, August 2014, Pretoria, South Africa: The impact of visceral adiposity of the donor animal on the differentiation potential of rat adipose-derived stromal cells. **H Sadie-Van Gijsen**, FS Hough, WF Ferris

- **Invited speaker presentation** at the South African Society of Biochemistry and Molecular Biology (SASBMB) Congress, July 2014, Goudini, South Africa: Using stem cells as a model to study disease.

- **Poster presentation** at the 49th SEMDSA congress, 11 – 13 April 2014, Durban, South Africa: The insulin-mimetic agent, vanadate, impedes lipid accumulation in adipose-derived stem cells. FA Jacobs (presenting author), **H Sadie-Van Gijsen**, WF Ferris (awarded best basic science poster presentation) (abstract published in JEMDSA 19:34 (2014))

**PRESENTATIONS AT INTERNATIONAL CONFERENCE (LAST 5 YEARS)**

- **Poster presentation** at the 3rd Bone Marrow Adiposity (BMA2017) meeting, August 2017, Lausanne, Switzerland: Adipocytic differentiation of proximal femur-derived mesenchymal stem cells is characterised by the expression of brown fat genes and is modulated by glucocorticoids *in vitro*. FA Jacobs, **H Sadie-Van Gijsen**, WF Ferris (presenting author)
- **Poster presentation** at the 2\textsuperscript{nd} Bone Marrow Adiposity (BMA) meeting, 25-26 August 2016, Rotterdam, The Netherlands: Vanadate reduces adipocytic differentiation of mesenchymal stem cells derived from different regions within the rat femur. FA Jacobs (presenting author), H Sadie-Van Gijsen, M van de Vyver, Ferris WF

- **Poster presentation** at the International Society for Stem Cell Research (ISSCR) meeting, June 2015, Stockholm, Sweden: Rat proximal femur MSCs readily differentiate into adipocytes, with lipid accumulation regulated by different pathways from those of subcutaneous adipose-derived stem cells. FA Jacobs, H Sadie-van Gijsen, M van de Vyver, WF Ferris (presenting author)
