NetACT AGM 2013

The minutes follow the Annual Report (AR) and minute the decisions taken. Thus the minutes should be read with the Annual Report at hand.

PROGRAM

The Gender Equality Workshop was held from 7 to 9 of July according to the program in the AR. It was adjusted to accommodate all the papers and to allow those whose flights arrived late to give their papers. The editing team chaired this part of the meeting. The manuscript of our second book on Gender, to be called *Living with dignity*, was discussed and debated in detail. The editing team were given a go-ahead to complete the manuscript and get it published. They promised to get it done by the end of 2013.

1 CONSTITUTING THE AGM MEETING

After the workshop on Gender and the preparation of our second book, the AGM started and followed the sequence of NetACT's goals (**Mission and Goals: Addendum 1**). It incorporates the issues discussed in the minutes of the previous AGM as well as the Executive Committee Meetings which in turn addressed the issues raised and tasks given by the July 2012 Annual Meeting. There is a sequence in the numbering of the AGM meetings (referenced as NB = NetACT Board). References will be supplied.

Time was set aside for the NetACT members where they shared about developments at their institutions. Everybody benefited from this more informal "time for telling stories" (Look at the summary at 10.1). It was really important both on a factual level to be updated with developments and struggles but also on a spiritual level as it strengthened the community ties between ourselves.

2 2013 AGENDA, ADOPTION OF MINUTES, OFFICE BEARERS

Agenda: The agenda was approved by the delegates present. Board Members alone had voting rights. Associate members were part of the board meeting and took part in discussions.

Board Members & attendance: **ADDENDUM I** gives the official Board members present. ISEU eventually was not represented as their principal was studying French in France. Apologies were received for: Ron Hartgerink, Prof. Ezra Chitando, Dr. Douwe Visser.

Office bearers:

Resolution: *The Board resolved that an election was not necessary now since the office bearers had served only one year of a three year term. (Proposed by Rev Simon Gillham (NETS) and seconded by Rev. Arnold Nthara (JMTI).*

3 FINANCES

Financial Statements:

Proposal: The Financial Statements of the year 2012 was approved by the EC. The Board has to approve it as well as the 2013 budget. Proposal accepted (Prof. Koopman, seconded by Dr. Togom).

Resolution: *The financial statements were approved. In future some cost centres need to be elaborated on for more clarity.*

There is need to work in a sustainable income generation procedure for the Organisation.

Annual Membership fees:

Proposal: The Board decide if the fees structure be raised or not to reach the ideal set in 2011. The Board need to discuss whether EUPTC should contribute for 2013.

Resolution: *The Board resolves to increase the fees by 10 % as follows;*

- a. *Institutions with more than 100 students: R4,800 per year: RTS Nigeria; SU, ZTC Essien Ukpabio Presbyterian Theological College (EUPTC); Hugh Goldie Theological Institution (HGTI).*
- b. *Institutions with between 50 and 100 students: R2,400 per year: ABC, ISTEEL, JMTUC.*
- c. *Institutions with less than 50 students: R1,440 per year: DCMA; Hefsiba; ISEU; JMTI, MThC; NETS; RITT.*

- d. *The fees are based on the number of students studying full time in Theology for the Diploma or Degree. Not those in the Women's Ministry.*

Proposed by Dr. Togom and seconded by Rev Nthara.

Since EUPTC did not take part in the 2013 activities, their 2013 fees were waived.

Budget:

Proposal: The budget prepared by Dr Kobus Odendaal need to be discussed and approved.

Resolution: *The budget for 2013 was presented and approved by the Board (see Addendum II)*

4 NETACT OFFICE

The AR report was noted with appreciation.

5 NETACT HOUSE

The AR report was noted with appreciation.

6 COMMUNICATION

The AR report was noted with appreciation in particular the communication and support from the Cornerstone Trust.

7 LECTURER EXCHANGE

Proposal: Institutions in need of assistance in lecturer exchange networking may contact the ED at the NetACT Office and put their needs to him. The Office has a vast number of contacts to pursue. Planning well ahead of time will almost definitely yield positive results.

Resolution: *Noted, the member Institutions were encouraged to take advantage of this opportunity*

Proposal: Institutions that wants to make use of this offer can contact Dr K du Preez personally or they can contact the NetACT office. The NetACT office will try to provide the traveling expenses, when needed, for such a venture.

Resolution: *Noted. The AGM accepted the offer and all institutions were urged to make use of his services.*

8 SCHOLARSHIPS

The AGM with appreciation noted the information that was given in the Annual Report and work that is done by the NetACT office.

9 HIV/AIDS PROJECT & PUBLICATIONS

Publications:

Proposal: The NetACT Board has to approve the outline and printing of the second book.

Resolution: *The AGM approves the printing of the second book.*

Electronic publications and readers for all NetACT students:

Proposal: That NetACT investigate electronic publishing (e-books) and tries to find funds to supply theological students with readers and a basic electronic theological library.

Resolution: *Approved*

The ED had discussions with SunMedia/SunPress and they are willing to co-operate in this endeavour. The major expense will then be the finalizing of the manuscript after which the electronic copies can be sold for a very reasonable price to theological students, the motive not being that of making a profit.

Resolution: *The AGM resolves that NetACT should look at the possibilities of having computers/readers for students and lecturers in order to assist them to have access to electronic publications. The ED will come up*

with a proposal and source the funds. Furthermore, the EC and ED are mandated to implement the resolution. In addition, the EC and ED will finalise the type of electronic gadget to be purchase. It is expected that the electronic gadget (laptop, iPad, etc) that will be purchased will be given to students and lecturers of NetACT Institutions at 30% of the total cost. This measure will help in the sustainability of the project.

Handbook for Theological Education in Africa:

The copies that were donated to each of the NetACT institutions were received with much gratitude. The meeting adjourned for lunch at 13:00hrs. on Wednesday 10 June and reconvened at 14:00hrs. Dr Jonathan Iorkighir prayed.

Books were also received for all the institutions present from the WCC's office in Harare courtesy Dr Ezra Chitando.

The Board received greetings from Dr. Johan Botha of the Commission for Witness, DRC. He wished the meeting God's blessings and noted with gratitude the work being done by NetACT and its impact on the continent.

10 CURRICULUM REPORT & ACTEA

Accreditation: NetACT's commitment

Proposal: Request feedback from each of the seminaries on their national and international accreditation status.

Feedback from the Institutions was presented as follows:

1. *Zambia*

JMTUC: It has been accredited with the Ministry of Education as well as ACTEA. Working with UNZA and ZOU for MOU's. It is also accredited with TEVETA (Technical Vocational Education Training Authority) to offer vocational and business courses. It is now offering Theology as well as non-theological courses. It offers a joint Masters in Theology with the University of the Free State, RSA.

2. *Nigeria*

Essien Ukabio Presbyterian Theological College and Hugh Goldie Theological Institution. Both institutions are accredited with the Ministry of Education. The Institutions are training pastors for the congregations of the Presbyterian Church in Nigeria.

3. *Mozambique*

Hefsiba Christian Institute for Higher Education: Has moved from a Bible school to a Higher Education Institution. It was accredited by the Mozambican Ministry of Education in 2004 and is now offering degrees. It is also offering courses in non-theological programs. There are three faculties namely; Psychology, Business and Theology.

4. *Angola*

ISTEL: In the process of being accredited with ACTEA. It is offering courses in Theology. ISTEEL also collaborates with North West University RSA and a University in Portugal offering an MTh Program. Considering to offer Youth Ministry. Still in process of being recognised by the Govt. Working with an institution in social sciences that is making use of its facilities.

ISEU: At Huambo in Angola has gone through a very tough time. At present they are not represented at the AGM. Their future is uncertain.

5. *Nambia*

In 2010 NETS was accredited by the Government. In a process of renewing the accreditation. Also in process with ACTEA accreditation. NETS have developed a mechanism of recognising prior training and learning.

6. *Kenya*

Reformed Institute for Theological Training is offering a Diploma in Theology of St Pauls University. RITT owns a farm that is next to the campus and by farming it achieves sustainability.

7. *Nigeria*

Reformed Theological Seminary has 200 students studying its Bachelor of Theology degree. It also has a Bachelor of Business which is affiliated with a University. RTS also offers a Masters Degree in

Theology which is overseen by a local University as well as a Masters of Arts in Religious Education.

8. *South Africa*

Stellenbosch University has approved a new curriculum. The university will re-institute diplomas and re-introduce certificates to assist those who do not have matric but want to study at a degree level. The DRC, URCSA and the Anglican Church have formed a seminary on the theology campus to take care of the spiritual and moral formation of students as well as the developing of leadership and ministry skills. SU has 500 theological students, most of which are post-graduate students.

9. *South Africa*

DCMA: Has four deaf final year students and two first year students (6 students in all). Its campus is situated on the grounds of the National Institute for the Deaf.

10. *Malawi*

JMTI: Students who study at JMTI are doing a final year of ministry-preparation course required by the CCAP Nkhoma Synod. It also runs programmes accredited by the Board of Studies. Because of a severe shortage of ministers in the CCAP it has been teaching Zomba's BTh degree too. They have four full time lecturers. They face a big challenge to provide accommodation for students. They are in a process of starting their own Bachelor of Theology degree.

11. *Malawi*

Zomba Theological College: Their diploma and degrees are accredited by the University of Malawi. Enrolment: 56 students for the ministry.

12. *Malawi*

ABC: Bachelor of Biblical Studies, Communication and Education. They also offers a Masters degree.

13. *Zimbabwe*

Murray Theological College: Trains ministers and evangelists. 30 students. Five are women studying to be ministers. Teach at Diploma level. R.C.Z has started a University through which the College is seeking accreditation. MThC has accommodation needs for staff and also need IT facilities.

Curriculum Development research and workshops:

Noted with appreciation.

ACTEA matters:

ACTEA's situation was noted with concern.

11 MEMBERSHIP

The future development and expansion of Net ACT was discussed in great detail with the AR as guideline. The EC's proposal to the Faculty Executive was discussed and approved. The Stellenbosch Dean, Prof Koopman, gave more detail to the meeting.

Proposal: The ED and SU board member, Prof Koopman, inform the Board of developments. The Board takes the necessary decisions and guidelines so that the process can be finalized.

Resolution:

After discussion the Board resolved to appoint Dr. Len Hansen as the next ED. He will work on part time basis assisted by a secretary who will work for full time. The secretary would be appointed later to allow Dr. Hansen to be part of the selection process. Proposed by Rev. Nthara and seconded by Dr. Togom.

1. *The selection process and method for the secretary will be finalised by the EC before the currently ED retires at the end of 2014. The job description for the secretary needs to be in place before the appointment. The descriptions will be circulated for further comment/additions.*

A possible strategy for developing Net ACT networks (11.3 AR)

The 13 points in the AR were discussed. The meeting of the 9th adjourned at 18:00hrs for the day. Dr. Odendaal led the meeting in prayer. The recovering of the meeting took place on Thursday morning July 11 2013 after devotions.

The Board took the following decisions:

1. New networks should be formed according to the guidelines of the 2013 Annual Report.
2. The Portuguese speaking members requested a Portuguese network. The ED and EC should pursue this matter in collaboration with all the Portuguese speaking members.
3. A French speaking network would also be considered. The forming of new networks will be done in collaboration with all role-players. The Portuguese speaking network will be a learning point. The ED should take the initiative in this regard and negotiate with North West University if they would like to take responsibility with Hefsiba for the Portuguese network.
4. On the establishment of other English Networks: the Board resolved that the process be started in consultation with all stakeholders.
5. A natural or logical formation of networks should take preference over splitting the existing NetACT formation (even though some NetACT members may move to new networks).
6. A conference could be convened by all stakeholders to discuss the formation of networks.
7. The Stellenbosch Dean was requested to invite the ED to speak to the SA-theology deans meeting (They are from the three South African Universities who are willing to partake in the venture). He could be accompanied by some members of the EC and the next ED.
8. The WCRC and the WCC will be contacted after the consultations with the deans of the South African Universities.

New membership applications (AR 11.3)

The five new applications for membership mentioned in the AR were discussed. Since only one institution had its documentation in order the others were to be approved by the EC once their application & documentation is in order. The WCC's EHAIA application was received at the meeting and served.

Proposal: the AGM discuss these applications and make a decision.

Resolution:

1. *The AGM accepted to admit IECA as a new member of NetACT.*
2. *World Council of Churches/Ecumenical HIV and AIDS Initiative in Africa (WCC/EHAIA) be accepted as an Associate member. Proposed by Simon Gillham and seconded by Jonathan Iorkighir.*

IERA Seminary being built at Kinkuni, Uige province, Angola (AR 11.5)

Proposal: The Net ACT Board approve that NetACT acts as a partner to the Kinkuni Seminary Development Project.

Resolution: *The Board approves the proposal to have the ED assist Kinkuni*

12 ANNUAL MEETINGS

Proposal: the 2013 meeting should be evaluated.

Resolution: This was done and the evaluation is attached as **ADDENDUM III**.

Proposal: the 2014 meetings and venue should be discussed.

Resolution: The next meeting should deal with a specific topic. In the discussions the following ideas were mentioned:

1. Economic issues (i.e. sustainability, dignity).
2. Poverty issues
3. Ethnicity and tribalism
4. Prosperity Gospel
5. Management issues

The details and the venue will be finalised by the EC. Members are requested to send their suggestions to the ED for further discussions.

13 GENERAL

Approval of Annual Meeting minutes: As with previous meetings the EC requests the Annual Meeting to grant it the authority to approve the minutes of the annual meeting. *This was approved by the Board.*

Inclusion of women in the Board:

There was a concern raised on the representation of the women on the Board and EC. After discussion the meeting resolved as follows:

Resolution:

- The meeting commits itself to the quest for the gender justice on the continent of Africa.
- The meeting therefore expresses its appreciation and gratitude to the ED, Prof. Mouton and everyone who participated in the joint project on gender justice.
- A process need to be started that would lead to a gender balance (equality) in the representation of the EC and the Board.
- This will entail a revision of the Constitution to reflect the new reality.

The Board mandated the EC to seek ways to embody the vision of gender justice in the decision making bodies, decision making processes, meetings and all activities of NetACT. The meeting requests the Executive to report to the next AGM about these.

Need for a HIV workshop

There is need of revisiting the member institutions on the implementation of the HIV and AIDS programme of the new members and a request for training of lecturers responsible for these courses. The ED & EC should take the initiative in this regard.

Final remarks:

1. *The representative from CCAP Livingstonia Synod & University, Rev. Mwanza, expressed his gratitude to be able to attend. He will report to his Synod.*
2. *A word of thanks also came from the representative of the Reformed Church in America (Rev Rowland van Es) who promised that he would assist in the advancement of the network in collaboration with the RCA.*

Closing: Appreciation was expressed to the members of the Board by the chair, Dr Rutoro, a song (to *God be the glory*) was sung our Vice-Chair, Maggie Madimbo, closed the meeting in prayer.

ADDENDUM III EVALUATION GENDER WORKSHOP AND AGM.

The total number of people that attended the meeting eventually was 39. 26 evaluation forms were received. Four questions were asked.

1 Arrangement & organization:

Without exception all remarked “Good, very good, excellent” and similar words. In particular the following was mentioned with appreciation: invitation letter and visa-letters that were received well ahead of time, follow-up letters, flight changes were communicated; transport to and from airport; discipline in keeping to conference time-schedule; appreciation for Wi-Fi / internet facilities during the meeting. Positive critique: notify associate members before meeting of the accommodation & meal costs. It was mentioned that those attending the workshop usually have costs in getting visas and travelling to and from their homes to the airport. The fact that this was taken care of by the organisation, was appreciated.

2 Conference Venue & Meals

Unanimous: Good, very good, excellent. “Leka.” The NID (National Institute of the Deaf) venue was specifically mentioned as having been a blessing to our meeting. Examples were given of how the deaf-disability and the deaf people made an impression on all. Water & sweets on tables & at the accommodation were appreciated. Positive critique and suggestions: Add “pap” (porridge) in the evening! Ask for dietary preferences beforehand (1). What about asking the countries present to cook traditional food meal. “The heaters gave me a headache, too warm.” (1).

3 Accommodation

Expressions of gratitude & appreciation were unanimous. The warm showers “at any time” and the clean towels every day were mentioned. Positive critique: Several mentioned a toilet / shower with only a curtain and also a toilet without a door / lock. Some rooms were overcrowded. One person requested to have items washed & ironed (for which they themselves will pay) and one requested a heater in her room. If possible have the accommodation walking distance from the venue was mentioned by two persons.

4 The meeting

4a Participants were unanimous in their appreciation of what NetACT has achieved. It was described with words like: “constructive, visionary & well thought through.” A high level of partnership and ownership exists.

4b The “Dwelling in the Word” (devotions) were often mentioned and described as “deeply encouraging.” “It helped us to get to know one another better & connect on a much deeper level.”

4c The time we spend listening to one another (the institutions) was great. We should have included a prayer for each institution after its presentation [Institutions were asked to inform the meeting of where they were at achieving national and international accreditation].

4d Appreciation was often expressed that the program was not so full. People could get to know one another and their institutions better. “I attended the three gender workshops and we became a family, thank you!”

4e There were many remarks on the presentation of the papers. Reading it may not be the most productive form of presentation. However, when there was enough time for feedback the input was always mentioned as very helpful. Papers should be distributed before the meeting so that there could be more time for discussion. Smaller discussion groups can solve the time problem. Some presentations were better presented than others by using Power Point and or summarizing it in such a way that it led to discussion and feedback. In some cases presenters were allowed more than their allotted time.

4f The fact that the Executive rearranged the seating for the AGM in a smaller 23 seats circle (in order to hear one another better), resulted in several comments. It was clear that there were only 3 women in the circle (the gender workshop had an equal number of men and women present). A motion was passed that the Executive should find a way of getting women better represented on the Board.

4g Some felt that they should have been notified that they need not attend the AGM after the Gender Workshop and what their options were. Others were thankful to go shopping or to use the time to work with the editorial team on their papers.

4f Smaller noteworthy issues were:

- A public address system would have solved the acoustics problems of the venue hall
- A foreign exchange facility should be at hand
- The timing of the meeting was good
- Appreciation to the SU crew for their service to the network
- Trust and pray that the product of these workshops will be practical enough to influence the gender reality at theological schools and in the church
- Thank God that the weather was gender friendly!!

ADDENDUM V: PUBLICATION: LIVING WITH DIGNITY. PROGRESS REPORT

The best way to “minute” the gender workshop is to copy a section of the last email to the group as well as the table of content as we have it at this moment.

From: Hansen, LD, Dr <ldhansen@sun.ac.za>

Subject: Living with Dignity

Importance: High

Dear Contributors to *Living with Dignity*

We want to start our long overdue letter to you all by first thanking all who attended our workshop at Worcester. It was wonderful to see you all again, to welcome new participants to our circle of authors and once again experience the enthusiasm and commitment among our group – which, to us, feels more like a family than simply a group of authors by now! For those who could not make it for a variety of reasons: We have missed you, but you have been with us in your papers that were read to us, but even more importantly, in spirit and in prayer. We hope that all arrived back safely in your respective countries and we wish you all a blessed second half of 2013.

With regard to our publication it is also time to pick up where we have left off at Worcester. As you will remember, the process we have and are following looks something like this:

- 1 - first round of presentations of papers at a workshop (Brackenhurst 2012 or Worcester 2013);
- 2 - first reworking of papers in light of comments and suggestions at the workshop where the paper was first presented;
- 3 - submission to editorial board for detailed content editing and further suggestions; resubmitting for final approval by editorial committee (**with final referencing and formatting according to list of instructions to authors in place! For those who are at this stage, please see attached list of instructions again – for those who are not yet there, please download for future use**). (Also, we have moved this deadline a couple of weeks earlier **for the Brackenhurst papers** than was originally planned as the first round of comments were quite detailed, you have been working so diligently on these papers (as we saw at Worcester) and we might need some extra time as committee to finalise these texts as they come in);
- 4 - compiling of manuscript and editorial by editorial board with a view to language editing and production of manuscript.
