## The core of the policy

Sets out the details of the benefits available to permanent employees of Stellenbosch University (SU).

### 1. Core benefits

#### 1.1 Retirement fund

Membership of the Stellenbosch University Retirement Fund (USRF) is compulsory for all permanent employees as from their date of appointment. The normal retirement age is 65 years. Employees must retire before or on 31 December of the year in which they turn 65.

The USRF is a non-contributory provident fund, which means that the employer is the only contributor. Contributions form part of employees' total *cost of employment (COE)*.

Employees have the choice to increase the contribution that the employer makes to the USRF to a maximum of 35% of the *pensionable amount* of the *COE* of the employee concerned. The minimum contribution is 5% of the *pensionable amount*, and increases must be made in multiples of 2,5%.

The USRF's assets are invested in market-value portfolios. Several asset managers are responsible for the fund's market-related investments.

A guaranteed portfolio is available to members who are 53 years and older and who choose to avail themselves of the opportunity.

Six years before the date when an employee is due to retire, SU implements a life phase model with a view to reduce risk levels close to retirement. Employees may however decide not to apply the model.

##### 1.1.1 Retirement benefits

Employees have the following choice:

1.1.1.a to receive their full *retirement benefit* in cash, or

1.1.1.b to leave their full *retirement benefit* in the fund ("deferred retirement"), or

1.1.1.c to convert the full retirement benefit into a pension, or

1.1.1.d to receive any portion of their *retirement benefit* in cash and to convert the remainder into a pension.

##### 1.1.2 Death benefits before retirement

A benefit equal to a member's accumulated credit with the fund is payable upon the employee's death. An additional *spouse's pension* – 35% of the *pensionable amount* of the deceased's *COE* – is payable, as well as an additional 10% of the *pensionable amount* to each *dependent child* (limited to three *children*).

The minimum limit for the benefit payable is twice the *pensionable amount* of the deceased's *COE*. Should no *spouse's* or no *children's pension* (or neither of the two) be payable, an amount equal to twice the employee's *pensionable amount* will be paid to the deceased's *dependants* or

nominated beneficiaries, or be divided among such *dependants* and nominated beneficiaries.

Employees without a qualifying spouse and/or children have the option not to receive this benefit from the fund. Employees who exercise this option must do so by completing the prescribed form obtainable on the Human Resources website. Employees who choose to exercise this option and later marry and/or have children, will have to revert to the insured death benefit in the fund to allow a pension to be offered to the spouse and/or children on the employee's death.

#### 1.1.3 Benefits upon resignation or retrenchment

The accumulated value of the retirement fund is payable.

### 1.2 *Scheme for spouse's cover*

Membership of the *scheme* for *spouse's* cover is compulsory for all permanent SU employees who have a *spouse*.

This *scheme* offers insurance on the life of a member's *spouse*. Up until a member reaches 65 years of age his or her *spouse's* life is covered for twice the annual *pensionable amount* of the *COE* of the employee concerned. Once an employee has reached the age of 65 the insured amount decreases by 25% with effect from January of the following year. Besides life insurance, members' *spouses* are also covered for disability up until the age of 60. A conversion option is available upon the *spouse's* death or the member's resignation.

The underwriter determines the contributions to this *scheme* and must collect payment every month from the members, who must pay the full premium themselves.

Payments under the *scheme* for *spouse's* cover must be made to the *member* concerned.

### 1.3 Disability benefits

#### 1.3.1 The following periods apply:

- a. After a waiting period of three months a disability income of 75% of the relevant employee's *COE* is payable for an initial maximum period of one year, should the employee be unable to continue his or her own occupation or any other occupation at SU.
- b. After one year the employee will be evaluated to determine whether he or she would be able to follow any occupation for which he or she may be found suitable, or for which he or she could reasonably be expected to be trained in light of the degree of disability and the knowledge and training of the employee concerned.

The benefit remains payable until the employee has recovered or has reached the normal retirement age, whichever happens first. During the period of disability, the employee remains a member of the fund; therefore, the death benefit also remains effective.

#### 1.3.2 Members forfeit their claim to the disability benefit if the disability can be attributed to, or was caused or hastened or exacerbated – whether directly or indirectly – by an illness, accident or injury of the following nature:

--

- a. for which members received treatment or medication in the six months before the date of their joining the USRF;
- b. for which members received treatment or medication on the date on which they became eligible for disability cover; or
- c. of which members were suffering on the date of their joining the fund.

1.3.3 Members are also not entitled to the disability benefit if any of the above applies and the following apply as well:

- a. the disability resumes within 12 months after the date of the relevant member's joining the fund, and
- b. the underwriter did not agree in writing to pay out benefits in respect of such previously existing conditions.

Therefore, it is important that employees inform the Human Resources Division (HR) of any condition they have that could influence a disability claim in future.

A conversion option is available upon leaving service.

#### 1.4 Group life insurance *scheme*

Membership of the group life insurance *scheme* is compulsory for all permanent SU employees. Membership becomes effective on the day of commencement of duties and expires upon the death or leaving of service of the employee or upon the dissolution of the *scheme*.

This *scheme* offers insurance on the member's life. The cover equals five times the annual *pensionable amount* of the *COE* of the member concerned, up until the member reaches the age of 65. From January of the following year, the cover amount decreases by 25%.

The underwriter determines the contributions to this *scheme* and must collect payment every month from the members, who must pay the full premium themselves.

Employees have the option to also take out additional optional cover of twice their annual pensionable salary. The additional two-times cover is only available to members who have the five-times cover.

**Please note: SU will make no contributions to the Group life insurance *scheme* after an employee has left its employ.**

#### 1.5 *Medical scheme*

All permanent employees and their *dependants* are entitled to membership of SU's approved *medical schemes*. Membership of these schemes is compulsory for all full-time permanent SU employees at post levels 1 to 10, excluding employees who are covered under their *spouse's medical scheme*. All permanent employees at post level 11 to 19 that are not dependants on their spouse's medical scheme and who do not belong to SU approved medical schemes must belong to SU's low-income health solution (see paragraph 1.7).

The employer pays all contributions to the medical scheme, as part of employees' total *COE*.

**Please note: SU will make no contribution to the *medical scheme* after an employee has left its employ.**

Should an employee apply for any dependant to be added to his/her medical scheme membership after initial registration, the request will be subject to underwriting as per the Regulations of the Medical Schemes Act 131 of 1998 which provides for a general waiting period, condition specific waiting periods and late joiner penalties.

#### 1.6 Funeral cover

Membership is compulsory for all permanent employees. Members receive funeral cover at a minimal premium payable by the members. The benefit consists of the following:

1.6.1 main member and *spouse* – R20 000

1.6.2 *children* 14 years until 21 years (25 years if a full-time student) – R15 000  
and

1.6.3 *children* younger than 14 years – R10 000.

Employees have the option to cover members of their extended family under this benefit.

#### 1.7 Low-income health solutions

Membership of this option is compulsory for all permanent employees at post levels 11 to 19 who do not belong to SU's approved medical schemes. The employer pays the monthly premium for employees at post levels 12 to 19, which payments are not incorporated into employees' total *COE*. Permanent employees at post level 11 who elect to belong to the scheme will carry the full cost of the premium out of their *COE*.

**Please note: This option terminates on the date an employee leaves the University's employ (whether through retirement, resignation or retrenchment).**

## 2. Optional benefits

### 2.1 Transport allowance

All employees who, due to the nature of their responsibilities, are expected to use their private vehicles for work-related travelling could agree to have SU allocate a certain amount from their total *COE* for travel allowances.

### 2.2 Gap cover

All SU employees who belong to a medical scheme can join SU's gap cover scheme. Even though most *medical schemes* offer an option for comprehensive hospitalisation cover, members may experience financial shortfalls if service providers (e.g. specialists) charge fees that exceed the amounts paid by the medical fund.

The purpose of this insurance is thus to finance potential in-hospital and specified co-payments. Employees carry the full cost of these premiums themselves.

### 2.3 Vehicle financing *scheme*

All permanent employees may apply for a loan under this *scheme* to finance and to buy a motor vehicle of their own choice.

The full particulars of this *scheme* are available from the Transport Services Division.

### 2.4 Savings reserve

All permanent employees may choose to allocate an amount to a savings reserve. These contributions will be made from post-taxation income. The savings reserve does not earn any interest. The savings accrued can be paid to the employee annually in the month of his/her choosing.

### 2.5 Bursary benefit

SU can help employees pay school or study fees for their children or any family members within the third degree of consanguinity who are in school (Grade R–12) or in college or university (NQF level 1–10). This is not additional funding, but will be structured as part of cost of employment.

All employees who earned R600 000 or less in total remuneration in the previous tax year and pay school or study fees for any of their children or relatives within the third degree of consanguinity can benefit from this.

While the total amount expended on educational fees can be restructured, the tax-exempt portion is capped at R20 000 annually per child or relative for grades R to 12 or an NQF level 1–4 qualification, and R60 000 annually per child or relative for a tertiary NQF level 5–10 qualification. The amount above the tax-exempt portion will be treated as a taxable benefit.

## 3. Other benefits

### 3.1 Acknowledgement of previous employment or accumulated leave for purposes of leave

Employees whom SU appoints with a research brief and who were entitled to study or research leave in the post they held immediately preceding their appointment may apply for SU to acknowledge the unclaimed portion of such leave. Such employees who perform well in the field of research may be considered for research opportunities that are calculated at 30 working days a year, considering the leave cycle at their previous workplace.

The Basic Conditions of Employment Act (BCEA) 75 of 1997 stipulates that employers must pay out unclaimed annual leave upon an employee's termination of employment. If these stipulations did not apply to the post that an employee held immediately before being appointed at SU and if the employee concerned has accumulated annual leave of more than 30 days, SU will acknowledge this according to the principles set out in 3.1.1. (Working days will be converted to calendar days according to the formula  $W \times 7/5$ , and calendar days to working days according to the formula  $C \times 5/7$ ; where C = the number of calendar days and W = the number of working days, as the case may be.)

### 3.1.1 Calculation according to post level of appointment

#### 3.1.1.a 1 to 8

Half the accumulated annual leave, calculated at eight calendar days for every 30 calendar days of accumulated leave, to a maximum of 24 calendar days

#### 3.1.1.b 9 to 11

Half the accumulated annual leave, calculated at six calendar days for every 30 calendar days of accumulated leave, to a maximum of 24 calendar days

#### 3.1.1.c 12 to 19

Half the accumulated annual leave, calculated at four calendar days for every 30 calendar days of accumulated leave, to a maximum of 24 calendar days

## 3.2 Relocation costs

SU's contribution to employees' costs of relocation is subject to the following provisions:

3.2.1 Relocation must take place within the first year of appointment.

3.2.2 Contribution to relocation costs:

The real costs of transporting normal household contents, but exclude items such as:

3.2.2.a motor vehicles, caravans, trailers, boats and motorbikes

3.2.2.b pets – including all expenses related to bringing them into the country from outside its borders (e.g. quarantining, inoculation and customs administration) and

3.2.2.c special collections (e.g. wine and art)

3.2.3 Contribution to travel costs:

3.2.3.a An amount equivalent to economy-class flight tickets for employees, their *spouses* and their *dependent children*, for national as well as international travelling; also travelling costs to a maximum of R500 from Cape Town International Airport to the appointee's new place of residence

OR

travelling costs by motor vehicle, limited to the prevailing SU rate per kilometre and to one vehicle, from the appointee's previous place of residence.

3.2.3.b Claims for airfare must be corroborated by copies of the relevant tickets.

3.2.3.c Part-time permanent employees will receive only the relevant pro rata portion of their expenses.

3.2.3.d For travel costs from an international point of departure an amount equivalent to single first-class train tickets will be paid for employees and their *dependants* to reach the international airport closest to them.

### 3.2.4 Storage costs will be paid as follows:

- 3.2.4.a the expense of one month's storage at the relevant removal company and
- 3.2.4.b the cost of redelivery from the place of storage to the final place of residence

Employees who leave SU's employ within three years of commencement of duties for any other reason besides poor health must repay the University a pro rata portion of its contribution to their relocation costs.

## 3.3 Leave

### 3.3.1 Annual leave

All permanent employees are entitled to a number of working days' annual leave per year. The number of annual leave days is linked to an employee's post level: 30 working days a year for post levels 1 to 8, 25 working days a year for post levels 9 to 11, and 20 working days a year for post levels 12 to 19 – subject to the following provisions:

- 3.3.1.a The leave credit in a particular leave cycle increases pro rata over time to reach the maximum at the end of the cycle.
- 3.3.1.b Annual leave must be taken within 12 months after the relevant leave cycle has ended, after which any unutilised annual leave will be forfeited.
- 3.3.1.c Permanent full-time employees may take annual leave in units of full working days or half a working day.
- 3.3.1.d Any unutilised annual leave shall be paid out upon termination of an employee's employment according to the following formula: ('number of days' multiplied by 'the *pensionable amount* of the employee's monthly *COE*') divided by 21.
- 3.3.1.e The leave cycle refers to the period 1 January to 31 December in any given year.

### 3.3.2 Maternity leave

3.3.2.a Permanently employed female employees are entitled to a maximum of four months' paid maternity leave at full COE during any period of confinement, subject to the following provisions:

- Female employees are allowed a maximum of nine months' paid maternity leave during their tenure at SU (including any breaks in service) at full *COE* for all periods of confinement combined.
- If an employee utilises the maximum nine months' paid maternity leave benefit during her tenure, any additional maternity leave will be dealt with in terms of the BCEA.
- This maternity leave benefit is subject to the employee remaining in *the University's* employ for a continuous period of 12 months after the term of her maternity leave has expired. Should the employee's employment be terminated (for any reason whatsoever) before the 12-month-period has expired,

she must reimburse *the University* for the full maternity benefit that she received (or such pro rata portion of the 12-month-period that remains) on the date that her employment is terminated. Should the employee fail to do this, *the University* would be entitled to recover the outstanding repayment from the employee.

- An employee may, at her election, decide to take unpaid leave and to claim maternity leave benefits from the Unemployment Insurance Fund instead of utilising the paid maternity leave benefits provided by the University.
- SU may, for the sake of the smooth running of affairs and after consultation with the employee concerned, approve that maternity leave may begin no more than one month before the expected confinement date.

3.3.2.b No employee may return to the workplace within six weeks of having given birth, unless a medical doctor has certified that she is able to resume her work duties earlier. If her *spouse* or permanent partner is also in SU's permanent employ, he or she may use any remaining portion of the four months' maternity leave that is available, subject to the same conditions set out in 3.3.2.a.

3.3.2.c Should an employee prefer not to resume her duties at work for a period after her maternity leave has expired, she may be offered the following choice at the recommendation of her departmental or divisional head:

- taking the annual leave available to her, or
- taking unpaid leave

3.3.2.d Notification of maternity leave must be accompanied by proof issued by a medical doctor indicating the expected confinement date. Employees must give at least four weeks' notification before the commencement of maternity leave, or as soon as reasonably possible.

3.3.2.e Employees who suffer a miscarriage during the last three months of pregnancy or have a stillbirth are entitled to maternity leave of up to six weeks after the miscarriage or stillbirth, irrespective of whether or not the employee concerned had already been on maternity leave when the incident occurred.

### 3.3.3 Adoption leave and commissioning parental leave

3.3.3.a A permanently appointed employee who is an adoptive parent of a child below the age of two years qualifies for four months' paid adoption leave, subject to the following provisions:

- The adoption leave commences on the date of the adoption order, or if a competent court places the child in the care of the prospective adoptive parent pending the finalisation of an adoption order in respect of that child.
- Employees must give at least four weeks' notification before the commencement of adoption leave, or as soon as reasonably

possible.

- If an adoption order is made in respect of two adoptive parents, one of the adoptive parents may apply for the adoption leave, and the other adoptive parent for parental leave. In order to verify which type of leave the employee elects, SU will require the employee, or both adoptive parents should both be employed at SU, to provide the prescribed declaration. The paid adoption leave benefit is subject to the employee remaining in *the University's* employ for a continuous period of 12 months after the term of the adoption leave has expired. Should the employee's employment be terminated (for any reason whatsoever) before the 12-month period has expired, he or she must reimburse *the University* for the full adoption benefit received (or such pro-rata portion of the 12-month period that remains) on the date that employment is terminated. If not, *the University* would be entitled to recover the outstanding payment from the employee.

3.3.3.b An employee may, at their election, decide to take unpaid leave and to claim adoption leave benefits from the Unemployment Insurance Fund instead of using the paid adoption leave benefits provided by the University.

3.3.3.c If the *spouse* or permanent partner is also in SU's employ and permanently appointed, he or she may use any remaining portion of adoption leave that is available, subject to the same conditions set out in 3.3.3.a.

3.3.3.d The maximum paid adoption leave benefit that an employee can utilise during his or her tenure at the University (including any breaks in service) is nine months. If an employee utilises the maximum nine months' paid adoption leave benefit during his/her tenure, any additional further adoption leave will be dealt with in terms of the BCEA.

#### 3.3.4 Study opportunity

3.3.4.a Employees may be afforded a study opportunity of up to 24 workdays a year, taken either continuously or at intervals, for the purpose of increasing their competence for performing their duties, subject to the following provisions:

- Employees may enrol only for courses that are deemed to be in SU's interest.
- Employees may be granted two days for every examination opportunity in order to write their exams.
- When study opportunities are granted, the following must be agreed upon:
  - What will be deemed to constitute 'satisfactory progress'.
  - Should the employee progress satisfactorily, the study opportunity will not be deducted from his or her annual or

accumulated leave.

- Provisions that apply to study opportunities to be taken at intervals:
  - The time allowed for attending lectures, tutorials and practicals at SU will be calculated according to the uninterrupted prescribed duration of a class or laboratory session (including breaks between periods) plus 20 minutes.
  - The full travelling time that employees spend to attend classes outside Stellenbosch will be debited against their annual leave.
  - Employees may attend a maximum of three lectures a week during working hours.

3.3.4.b Employees whom SU expects to possess a certain qualification<sup>1</sup> may be granted a once-off study opportunity of one year in duration, subject to the following provisions:

- The employee must be appointed permanently and must have been in SU's employ for at least two years.
- The employee must perform his or her duties well.
- The employee must remain in SU's employ for at least another two years after concluding the study opportunity. If such employee terminates his or her employment sooner, a pro-rata portion of the study opportunity will be debited against the employee's annual leave or unpaid leave.
- Annual leave for one year – 250 working days – and any study or research opportunities will be treated as credits and, therefore, as part of the leave granted to the employee concerned. In cases where study opportunities overlap with more than one annual leave cycle of an employee, the 250 working days' annual leave will be debited pro rata against the two respective leave cycles.

### 3.3.5 Research opportunity

3.3.5.a Employees with a research brief may be granted research opportunities of up to 30 working days following each uninterrupted one-year period of employment, provided that –

- a maximum of 250 working days may be granted, and
- during the preceding period of three to five years, the employee concerned has performed satisfactorily in the research field according to the requirements of the faculty concerned as approved by the Executive Committee of Senate – the EC(S).

3.3.5.b In exceptional circumstances and in addition to the leave mentioned in 3.3.5.a above, an additional, special research opportunity of a maximum of 30 calendar days may be allowed for employees who

---

<sup>1</sup> This primarily concerns lecturers, whom *the University* expects to hold a doctorate.

have performed excellently in the research field. The Senior Director: Research must approve such additional grant after having examined the merits of the employee, and at the recommendation of the relevant departmental chair and dean, and if the Senior Director deems such grant to be in the University's interest.

3.3.5.c Research opportunities must be taken in blocks of at least one month, subject to the operational requirements of the environment where the employee works.

3.3.5.d Employees who have been granted a research opportunity must remain in SU's employ for a corresponding period after the opportunity has expired. If such employees terminate their employment sooner, a pro-rata portion of the opportunity will be debited against their annual leave or unpaid leave.

### 3.3.6 Compassionate leave

3.3.6.a Compassionate leave with full pay may be granted for:

- three working days a year, and
- another 14 working days during every cycle of three years.

Thus, 23 working days' compassionate leave are available during every cycle of three years.

3.3.6.b Employees cannot accumulate compassionate leave.

3.3.6.c Compassionate leave for a portion of a day or for one or more full days may be granted in the following instances:

- illness of an employee's *child*
- illness of an employee's *spouse*, and
- the death of an employee's *spouse*, parent, parent-in-law, adoptive parent, grandparent, *child*, *grandchild* or sibling, or family member.

3.3.6.d SU may request reasonable proof of an incident before granting compassionate leave.

### 3.3.7 Parental leave

3.3.7.a An employee who is the parent of a child is entitled to at least ten working days' paid parental leave.

3.3.7.b The parental leave commences on the day the child is born, adoption order is granted or the child is placed in the care of the prospective adoptive parent by a competent court (pending the finalisation of an adoption order in respect of that child).

3.3.7.c SU may request reasonable proof of such an event before granting parental leave. Any one of the following should be sufficient proof:

- Proof of registration as one of the two parents of the child in terms of the Births and Deaths Registration Act
- A court order providing SU with a birth certificate of the child, indicating both parents
- Any other proof that shows that the employee is entitled to parental leave

3.3.7.d Employees must give at least four weeks' notice before the commencement of parental leave, or as soon as is reasonably possible.

### 3.3.8 Leave of absence

3.3.8.a Employees may be granted leave of absence of 15 working days at most per occasion to attend meetings, conferences or other gatherings if it is deemed to be in SU's interest.

3.3.8.b Leave may also be granted for longer periods or for certain activities that do not qualify for leave of absence, provided that the number of days by which the leave period is exceeded shall be debited against the employee's annual or accumulated leave.

3.3.8.c To relocate, one working day is granted per occasion.

3.3.8.d To attend court proceedings at which the SU employee concerned has been subpoenaed to appear as witness, the actual number of days that the employee is needed in court will be granted (a copy of the subpoena must be produced as proof).

### 3.3.9 Continuation of work elsewhere

In exceptional cases, SU may grant employees leave to perform their duties elsewhere.

### 3.3.10 Unpaid leave

3.3.10.a In special cases, and on the conditions set by the University, SU may grant employees unpaid leave, during which period they will receive 25% of the *pensionable amount* of the COE.

3.3.10.b Employees earn no annual leave during a period of unpaid leave.

3.3.10.c Should employees who are on unpaid leave qualify for a research opportunity during that period, the period that they can claim for research purposes will be reduced accordingly.

3.3.10.d Employees must use up all their annual leave before they can qualify for unpaid leave. Employees who utilise this benefit must remain in SU's employ afterwards for a quarter of the relevant leave period.

### 3.3.11 Presence at the workplace

3.3.11.a Employees must be present on weekdays on University premises and at the workplace assigned to them, except if they are on leave or absent for purposes of a study or research opportunity.

3.3.11.b If employees must perform their duties at some location other than their normal workplace, they must make adequate arrangements with their environmental head or dean (or his or her delegate) regarding their whereabouts.

3.3.11.c Environment heads or deans may grant employees permission to attend officially recognised meetings or gatherings in the immediate vicinity of Stellenbosch, provided that:

- the activity concerned is work-related; and
- the head concerned knows where such employees are to be

found.

### 3.3.12 Sick leave

3.3.12.a Permanent employees who can submit a medical certificate(s) that SU finds acceptable are entitled to the following:

- Two days' sick leave per month during the first six months of appointment, at full pay
- Thirty days' sick leave during the first year of appointment, at full pay
- Thereafter, a maximum of eight months' sick leave (taken either continuously or as separate periods of eight months in total) during the first three years of appointment and every successive period of three years of employment – at full pay for the first four months, and at half the *pensionable amount* of the relevant employee's *COE* thereafter

3.3.12.b Sick leave cannot be accumulated.

3.3.12.c Sick leave is calculated according to calendar days, not working days. Sick leave that runs from a Friday until the following Monday thus amounts to four days of leave.

3.3.12.d Applications for sick leave for more than two calendar days must be accompanied by an acceptable medical certificate that states the nature of the illness clearly.

### 3.4 Exemption from tuition fees

Employees are exempted from tuition fees, subject to certain conditions as stipulated in SU's Regulation regarding Exemption from Combined Tuition Fees at SU, which is available at:

[Exemption from Tuition Fees](#)

This benefit will be taxed as per Income Tax legislation applicable for the relevant year.

## 4. Definitions

Unless the context indicates otherwise, the following terms have the meanings as defined below:

4.1 'Dependant' (for the purposes of the *medical scheme*)

4.1.1 The member's *spouse* who is not a member of another *medical scheme*

4.1.2 The member's unmarried *child*, who is not a member or a *dependant* under another *medical scheme*, not self-supporting and younger than 21 years

4.1.3 The member's *spouse*, who lives with the member and whom the *medical scheme* has recognised upon request as a *spouse*, subject to the conditions that the *scheme* may set

4.1.4 The member's unmarried *child* who is not self-supporting, who is older than 21 years and a full-time student at an educational institution approved by the *medical scheme*, and whom the *scheme* has recognised upon request as an adult *dependant*

- 4.1.5 The member's unmarried *child* who is not self-supporting, who is older than 21 years and whom the *medical scheme* has recognised upon request as an adult dependant by reason of a mental or physical disability or a similar cause, subject to the conditions that the *scheme* may set
- 4.2 'Retirement benefit'  
The accumulated credit as defined in the fund's rules
- 4.3 'Spouse'
- 4.3.1 A person who is recognised as legally married as described in the Civil Union Act, Recognition of Customary Marriages Act and by any Asiatic religion of the member
- 4.3.2 A person who has been living with someone else for at least six months and who may (depending on the facts in every specific instance) be reasonably accepted as a partner in a permanent relationship of cohabitation
- 4.4 'Child' (for purposes of compassionate leave and exemption of tuition fees)  
The member's *child*, *stepchild* or legally adopted *child*, as well as the *child* of a member's common law *spouse*, which *child* is younger than 18 years (for purposes of compassionate leave) or 21 years (for purposes of exemption from tuition fees)
- 4.5 'Dependent child' (for purposes of the retirement fund)  
The member's *child*, *stepchild* or legally adopted *child*, provided that such *child* is unmarried, younger than 18 years and dependent on the member at the time of the member's death; this includes a *child* who, in the trustees' opinion, would have been dependent on the member had the member not died  
The trustees may amend the age restriction of 18 years as follows in the following circumstances:
- 4.5.1 raise the age to 24 years if the *child* studies full-time; or
- 4.5.2 extend the *child's* status as a *dependant* indefinitely if he or she is fully dependent on the member for medical reasons
- 4.6 'Cost of employment'; 'COE'  
The total *cost of employment* to the employer, including all cash remuneration, benefits and contributions to relief funds; leave and compulsory statutory contributions by the employer are not included in the *COE*
- 4.7 'Medical scheme'  
The *scheme(s)* approved by the SU Council
- 4.8 'Pensionable amount'  
Calculated at 75% of the total annual *COE*, unless agreed otherwise with the specific employee
