You have unlimited hospital cover

All Discovery Health Medical Scheme plans offer unlimited hospital cover. Your hospital cover includes the account from the hospital and the accounts from your admitting doctor, anaesthetist and any other approved healthcare professional.

What is the Discovery Health Rate (DHR)?

This is a rate set by us. We pay for healthcare services from hospitals, pharmacies and healthcare professionals at this rate.

Unlimited cover in private hospitals

For any planned or non-emergency admission, you need to contact us to confirm your admission.

The Smart Series offer cover for planned admissions in a defined network.

For planned admissions at hospitals outside the Smart Hospital Network, you have to pay a portion of the hospital account.

You have full cover for a defined list of procedures in our Smart day surgery network. An upfront payment will apply if you choose to have these procedures performed outside the network facilities.

PG 13 FOR THE DEFINED LIST OF PROCEDURES

How we cover your hospital and related accounts

We cover your hospital account from your Hospital Benefit.

Doctors, specialists and other healthcare professionals we have a payment arrangement with are covered in full for approved procedures in hospital. You benefit from access to the broadest range of specialists, which represent over 90% of our members' specialist interactions. If you use healthcare professionals that we don't have payment arrangements with, we will pay at the rate applicable to your chosen plan and you may have a co-payment.

Prescribed Minimum Benefit (PMB) conditions

In terms of the Medical Schemes Act 131 of 1998 and its Regulations, all medical schemes have to cover the costs related to the diagnosis, treatment and care of:

- An emergency medical condition
- A defined list of 270 diagnoses
- A defined list of 27 chronic conditions.

To access Prescribed Minimum Benefits, there are rules that apply:

- Your medical condition must qualify for cover and be part of the defined list of Prescribed Minimum Benefit conditions.
- The treatment needed must match the treatments in the defined benefits.
- You must use designated service providers (DSPs) in our network. This does not apply in emergencies. However, even in these cases, where appropriate and according to the rules of the Scheme, you may be transferred to a hospital or other service providers in our network once your condition has stabilised.

If your treatment doesn't meet the above criteria, we will pay up to 80% of the Discovery Health Rate (DHR). You will be responsible for the difference between what we pay and the actual cost of your treatment.

Emergencies are covered in full

If you have an emergency, you can go straight to hospital. If you need medically equipped transport, call Discovery 911 on 0860 999 911.

What is an emergency?

An emergency medical condition, also referred to as an emergency, is the sudden and unexpected onset of a health condition that requires immediate medical and surgical treatment. Failure to provide medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place the person's life in serious jeopardy.

An emergency does not necessarily require a hospital admission. We may ask you or your treating provider for additional information to confirm the emergency.
