An emergency does not necessarily require a hospital admission. We may ask you for additional information to confirm the emergency.

**F FIND A HEALTHCARE PROVIDER**

The five plan options have differences in benefits, as shown in the table. All other benefits not mentioned in the table are the same across all plan options.
What is a medical emergency?

An emergency medical condition, also referred to as an emergency, is the sudden and unexpected onset of a health condition that requires immediate medical and surgical treatment. Failure to provide medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place the person’s life in serious jeopardy.

An emergency does not necessarily require a hospital admission. We may ask you or your treating provider for additional information to confirm the emergency.

What we pay for

We pay for all of the following medical services that you may receive in an emergency:

- the ambulance (or other medical transport)
- the account from the hospital
- the accounts from the doctor who admitted you to the hospital
- the anaesthetist
- any other healthcare provider that we approve.

Emergency Assist

Prescribed Minimum Benefits (PMB)

Prescribed Minimum Benefit (PMB) conditions in terms of the Medical Schemes Act 131 of 1998 and its Regulations, all medical schemes have to cover the costs related to the diagnosis, treatment and care of:

- An emergency medical condition
- A defined list of 270 diagnoses
- A defined list of 27 chronic conditions.

To access Prescribed Minimum Benefits, there are rules defined by the Council for Medical Schemes (CMS) that apply:

- Your medical condition must qualify for cover and be part of the defined list of Prescribed Minimum Benefit conditions
- The treatment needed must match the treatments in the defined benefits
- You must use Designated Service Providers (DSPs) in our network.

This does not apply in emergencies. Where appropriate and according to the rules of the Scheme, you may be transferred to a hospital or other service providers in our network once your condition has stabilised. If your treatment does not meet the above criteria, we will pay up to 80% of the Discovery Health Rate (DHR). You will need to pay the difference between what we pay and the actual cost of your treatment.
You have access to essential screening and prevention benefits

We cover various screening tests at our wellness providers.

This benefit pays for certain tests that can detect early warning signs of serious illnesses. We cover various screening tests at our wellness providers, for example, blood glucose, cholesterol, HIV, Pap smears, mammograms and prostate screenings.

SCREENING FOR KIDS

This benefit covers growth assessment tests, including height, weight, head circumference and health and milestone tracking at any one of our wellness providers.

SCREENING FOR ADULTS

This benefit covers certain tests such as blood glucose, blood pressure, cholesterol, body mass index and HIV screening at one of our wellness providers. We also cover a mammogram every two years, a Pap smear once every three years, PSA test (prostate screening) each year and bowel cancer screening tests every two years for members between 45 and 75 years.

HOW WE PAY

These tests are paid from the Screening and Prevention Benefit. Consultations that do not form part of PMBs will be paid from your available day-to-day benefits.

ADDITIONAL TESTS

Clinical entry criteria may apply to these tests:

- Defined diabetes and cholesterol screening tests
- Breast MRI or mammogram and once-off BRCA testing for breast screening
- Colonoscopy for bowel cancer screening
- Pap smear for cervical screening.

Seasonal flu vaccine for members who are:

- Pregnant
- 65 years or older
- Registered for certain chronic conditions.

Visit www.discovery.co.za to view the detailed Screening and Prevention Benefit guide.
Day-to-Day Benefits

We cover your day-to-day healthcare expenses from your Medical Savings Account (MSA), Day-to-day Extender Benefit (DEB) or Above Threshold Benefit (ATB).

THE MEDICAL SAVINGS ACCOUNT (MSA)
We pay your day-to-day medical expenses such as GP and specialist consultations, medicine (excluding registered chronic medicine), radiology and pathology from your available funds allocated to your MSA. Any amount that is left over will carry over to the next year.

The Classic Smart Comprehensive Plan does not have an MSA. You have cover for a defined set of day-to-day benefits which include Smart GP visits, certain specialist consultations and other essential healthcare services.

THE SELF-PAYMENT GAP (SPG)
If your MSA runs out before you reach your Annual Threshold, you will have to pay for claims from your own pocket until your claims reach the Annual Threshold amount. This period is known as the Self-Payment Gap (SPG). It is important that you continue to send in your claims during the SPG so that we know when you reach your Annual Threshold for claims.

DAY-TO-DAY EXTENDER BENEFIT (DEB)
Pays for certain day-to-day benefits after you have run out of money in your MSA and before you reach the Annual Threshold. Covers unlimited pharmacy clinic consultations in our wellness network, as well as video call consultations with a GP. You also have unlimited cover for consultations with a network GP who meets the digital criteria, when referred. We cover consultations up to the Discovery Health Rate (DHR). On Classic plans, kids younger than 10 years have access to two kids casualty visits a year. This benefit is not available on the Classic Smart Comprehensive Plan.

The Above Threshold Benefit (ATB)

The Above Threshold Benefit starts paying for day-to-day expenses once you reach your Annual Threshold.

WHAT WE PAY FOR
The Above Threshold Benefit (ATB) is unlimited, which means it covers all day-to-day expenses at the Discovery Health Rate (DHR) or at a portion of it. You will need to pay for any difference between the DHR and the amount claimed.

Some claims do not add up to your Annual Threshold or pay from the ATB for example:

- Medicine that you do not need a prescription for (over-the-counter medicine)
- Vaccines and immunisations
- Lifestyle-enhancing products
- Claims paid in excess of the Discovery Health Rate (DHR).

For more detail on how you are covered visit the Do we cover tool on our website www.discovery.co.za
The tables below show you how much we pay for your day-to-day expenses on all Comprehensive plans. When you claim, we add up the following amounts to get to the Annual Threshold.
