We have payment arrangements with these providers to ensure you get access to quality care at an affordable cost. By using network providers, you can avoid having to pay additional costs and co-payments yourself.
**PRESCRIBED MINIMUM BENEFITS (PMB)**

In terms of the Medical Schemes Act of 1998 (Act No. 131 of 1998) and its Regulations, all medical schemes have to cover the costs related to the diagnosis, treatment and care of:

- An emergency medical condition
- A defined list of 270 diagnoses
- A defined list of 27 chronic conditions.

To access Prescribed Minimum Benefits, there are rules defined by the Council for Medical Schemes (CMS) that apply:

- Your medical condition must qualify for cover and be part of the defined list of Prescribed Minimum Benefit conditions
- The treatment needed must match the treatments in the defined benefits
- You must use Designated Service Providers (DSPs) in our network. This does not apply in emergencies. Where appropriate and according to the rules of the Scheme, you may be transferred to a hospital or other service providers in our network, once your condition has stabilised. If you do not use a DSP we will pay up to 80% of the Discovery Health Rate (DHR). You will be responsible for the difference between what we pay and the actual cost of your treatment.

If your treatment doesn’t meet the above criteria, we will pay according to your plan benefits.

**RELATED ACCOUNTS**

Any account other than the hospital account for in-hospital care. This could include the accounts for the admitting doctor, anaesthetist and any approved healthcare expenses like radiology or pathology.

What is a medical emergency?

An emergency medical condition, also referred to as an emergency, is the sudden and unexpected onset of a health condition that requires immediate medical and surgical treatment. Failure to provide medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place the person’s life in serious jeopardy.

An emergency does not necessarily require a hospital admission. We may ask you or your treating provider for additional information to confirm the emergency.

What we pay for

We pay for all of the following medical services that you may receive in an emergency:

To access Prescribed Minimum Benefits, there are rules defined by the Council for Medical Schemes (CMS) that apply:

- Your medical condition must qualify for cover and be part of the defined list of Prescribed Minimum Benefit conditions.
- The treatment needed must match the treatments in the defined benefits.
- You must use Designated Service Providers (DSPs) in our network.

This does not apply in emergencies. Where appropriate and according to the rules of the Scheme, you may be transferred to a hospital or other service providers in our network once your condition has stabilised. If your treatment doesn’t meet the above criteria, we will pay up to 80% of the Discovery Health Rate (DHR). You will need to pay the difference between what we pay and the actual cost of your treatment.
