

Certificate: Accounting Technician

SAQA ID 73710 | 120 Credits

NQF LEVEL

3

The confidence to do more.

STUDENT

AT(SA) is a competency-based accountancy qualification and membership designation offered by the South African Institute of Chartered Accountants (SAICA), the foremost accountancy institute in South Africa. The qualification promotes the theory and practice of accountancy and offers prospects a solid foundation in accounting, finance and business practice. The underpinning designation is SAICA's entry level designation that enables students to move from being unskilled and unqualified to being respected accountancy and finance professionals. AT(SA) qualifications are designed against global standards and are quality assured by SAICA to ensure relevance to the South African workplace. AT(SA) is accessible to aspirant accountants who operate at foundational business levels.

DESCRIPTION

This entry level Accounting Technician qualification, allows students access into the profession without any previous knowledge of accounting. Students are introduced to the basic principles of accounting, costing, general workplace skills and computerised accounting. Graduates will be able to fulfill support roles in all sectors of the economy in a number of roles – including accounts clerk, accounts assistant, tax assistant and junior bookkeeper.

ASSESSMENT

Units of learning within this qualification are assessed using computer-based assessments which test students' ability to apply newly acquired skills and competencies in the work environment.

PROFESSIONAL MEMBERSHIP

To ensure ongoing professional development, this qualification leads to Accounting Technician membership of SAICA. Members are provided with support, advisory services, networking opportunities and access to learning interventions to reinforce the skills and competencies required to perform optimally within their current roles and advance their careers over time.
