• the acknowledgement of the choice for responsible consumption of alcohol;

• the establishment of a safe and quiet environment for academic studies;
• the consumption of alcohol is allowed in spaces where the person responsible for that space is clearly determinable;
• the right of a RH, in consultation with the HC, to determine more limiting rules for the consumption of alcohol in the residence;
• the institution of alcohol-free areas; and
• the orderly implementation of rules with regard to the consumption of alcohol in residences.

It is NOT the purpose of these rules to permit every possible consumption of alcohol in residences.

b Although the consumption of alcohol in a residence may take place, a residence may also limit the consumption of alcohol and the RH, in consultation with the HC, is free to determine more stringent rules for the consumption of alcohol than those permitted by these rules.

c A residence may take a decision during a meeting of the HC regarding whether there shall be alcohol-free zones in the residence. Such a decision may be taken on the initiative of the HC meeting or may be a ratification of a written request supported by a majority of students who live in a specific area in the residence.

d The RH, as manager of the liquor licence for each residence, has the power to decide whether alcohol consumption is banned on any licensed premises and has the responsibility to ensure that the use of alcohol on unlicensed areas complies with the Liquor Act and the policy of the University.

5.1.3. GENERAL STIPULATIONS

a Persons under the age of 18 years may not consume alcohol in the residence.

b No one may sell alcohol or provide it or make it available to persons under the age of 18 years.

c Alcohol consumption is limited to the following areas and occasions:

5.2.2. Permission to consume alcohol at any function in the residence must be granted by the RH. Such consumption must take place in accordance with the conditions applicable to the liquor licence, Liquor Act and special rules laid down by the University. For each function, the residence is required to compile a policy to prevent ‘binge drinking’ and appoint a monitor to monitor if the policy is actually being followed.

5.2.3. The serving or consumption of alcohol beverages on unlicensed premises may only take place with the approval of the RH.

5.2.4. If a function is presented by the residence on premises outside of the residence and application is made for a temporary liquor licence for the residence to run the bar itself, this should be done on the recommendation of the Director: CSC. The application form can be obtained from the Legal Services Division of the University and application should be made at least 3 (three) weeks before the function is to take place.

5.2.5. A student may not make himself/herself guilty of alcohol misuse during a function. IN TERMS OF THE LIQUOR ACT, NO ALCOHOLIC BEVERAGES MAY BE MADE AVAILABLE OR SOLD TO ANY PERSON UNDER THE AGE OF 18 YEARS.

5.2.6. The RH and the members of the HC accept full responsibility for the orderly course of the function, as well as for supervision over the recovery of any loss or damage that arises from such function.

5.2.7. Liquor for a function must be controlled by the HC with the approval of the RH.

5.2.8. Liquor for functions must be stored in a place that has been identified by the SAPS as a safe place. The University accepts no liability whatsoever for the loss of or damage to any liquor supplies in the residence or rooms.

5.3. CLUBS IN RESIDENCES

The following arrangements are applicable to the operation of a licensed club in a residence.

5.3.1. AIM:

a  The aim of this arrangement is to manage the responsible consumption of alcohol in licensed clubs in a positive manner.

b  The orderly management of a club is essential to ensuring that the management of the licensed club takes place in accordance with stipulated regulations and the Liquor Act.

c  The operation of a licensed club remains subordinate to the specific provisions of the Rules for Residences and all provisions of the Rules for Students.

5.3.2. LIABILITY:

a  The RH is appointed as the manager of the liquor licence in terms of the Liquor Act and consequently carries the responsibility of ensuring that the licensed club is managed in terms of the relevant legislation and rules.

b  The RH has the powers that are granted him/her in terms of the Liquor Act. These powers include, among others, to appoint a qualified person or persons to be responsible for the functioning of the licensed club and the power to close the licensed club.
c No club, part or function of a club may at any time be contracted out or allocated to another person for the operation of the party’s/parties’ account.

5.3.3. Functioning:
   a The club is run in accordance with the days and hours as defined in 4.
   b Wine, beer and spirits may be consumed.
   c The licensed club may only be operated in the licensed areas.
   d The University does not accept any liability for any losses or damage.

5.3.4. Days and hours for the operation of clubs in residences
   a Clubs may be open on Wednesday from 21:00 to 24:00.
   b Clubs may be open on Friday evening from 18:30 to 24:00.
   c Clubs may be open on Saturday for a maximum of three consecutive hours. The three hours should fall between 10h00 and 24h00 on the day.
   d No club evenings may take place during the two weeks preceding the mid-year examinations and the end-of-year examinations, or during the two mentioned examinations.
   e The delegate of the manager of the licensed club and sufficient access control should be present at all times when the club is open.

5.3.5. Interaction between the use of clubs and other residence rules
   a The use of a club does not revoke any other rule of the residence or Rules for Students and must be applied in conjunction with the aforementioned. This expressly means that the club may not be used in such a manner that there is noise or that the full enjoyment of academic quiet times by any other student is influenced in any manner. The contravention of other rules during the open times of a club should lead to the RH closing the club for a period deemed fit by him or her.

5.4. CONSUMPTION OF ALCOHOL OUTSIDE OF LICENSED CLUBS

5.4.1. Students may consume alcohol in their rooms. If a room is occupied by more than one person, this should take place with the (prior written) approval of both occupants of the room.

5.4.2. The occupants of a room are responsible for all damage or contravention of rules in a room that is occupied by them, regardless of whether they were present when the damage or contravention of the rules took place.

5.4.3. The consumption of alcohol in a room does not revoke any other rule of the residence or Rules for Students and must be applied in conjunction with the aforementioned. This expressly means that the consumption of alcohol in a room may not be used in such a manner that there is noise or that the full enjoyment of academic quiet times by any other student is influenced in any manner.
5.4.4. The consumption of alcohol in any other place in the residence is prohibited, including in public spaces such as lounges, TV rooms, passages, stoeps, balconies, grounds and braai areas.

5.4.5. Notwithstanding 5.4.4 above, written permission may be obtained from the head of the residence for the consumption of alcohol in a previously demarcated braai area, provided that the written permission may be valid for a specific period of time and subject to conditions that do not clash with the essence of the rules for alcohol consumption in general and that such permission may not be granted for any time later than 24:00.

5.4.6. The RH may, as the greatest exception, give permission for the consumption of alcohol in public spaces as provided for in 5.4.4. (Greatest exception does not include the regular use of alcohol in the specific areas.) The use of alcohol in such an area does not revoke any other rule of the residence or Rules for Students and must be applied in conjunction with the aforementioned. It specifically means that the use of alcohol in such an area may not be used in such a way as to cause noise or to affect the full use of academic quiet times by any other student.

5.5. THE PURCHASE OF ALCOHOL IN TERMS OF THE LICENCE CONDITIONS

5.5.1. The purchase of all alcohol must take place in accordance with the acquisitions and financial procedures and systems of SU. SPECIAL ATTENTION SHOULD BE PAID TO THE PROCEDURES RELATING TO SPONSORSHIPS AND DONATIONS.

5.6. THE DISPLAY OF THE RULES REGARDING ALCOHOLIC BEVERAGES IN RESIDENCES

5.6.1. The rules regarding alcoholic beverages in residences must be displayed in a prominent place in the residence and must also be put up in licensed areas.

5.6.2. Special attention should be paid to the requirements of the Liquor Act regarding the display of the liquor licence and other notifications that are required.

6. VISITORS IN RESIDENCES

6.1. RULES FOR VISITORS IN WOMEN’S RESIDENCES

Male visitors in women’s rooms

6.1.1. Each women’s residence must vote at a full house meeting at the start of the fourth term whether the practice of male visitors in women’s rooms should also be allowed on Saturday evenings (the rules below are only applicable on Saturday evenings if the decision as per 6.1.1 is made).

6.1.2. Men may be present in approved lounges in women’s residences on Monday to Thursday evenings until 23:30, on Fridays until 00:45 and on Saturday evenings until 23:30.

6.1.3. Visiting times of men in women’s rooms extend from 19:00 to 23:15 on Saturday and Sunday evenings and are subject to the following rules:

6.1.3.1. Announcement and control
a On any one occasion, only two (2) male visitors may visit a room per occupant.
b The relevant occupant must come downstairs and receive the male visitor at the front door and accompany him to her room.
c Once the resident has identified the visitor, the latter must sign in physically in a visitors’ book in the presence of the HC member and also leave behind his student card or ID document, for which he has to sign when he leaves the residence.
d No visitor will be permitted to visit in the residence without the required identification.
e The visitors’ book should contain at least the following information:
   (i) Name and surname of the visitor
   (ii) Name and room number of resident being visited
   (iii) Indication that student card or ID document was handed in
   (iv) Indication of time when visitor left the residence
   (v) Acknowledgement by the visitor’s signature that he received the abovementioned document
f NO UNACCOMPANIED MOVEMENT TO AND FROM THE ROOMS, OR IN THE RESIDENCE, WILL BE PERMITTED AT ANY TIME.
g All men must have left the residence by 23:30.
h At the end of the visiting time, at 23:15, the service room will make an "all call" and all visitors must move to the foyer and the front door.
i A door guard will be present at the door from 19:00 until 23:30. (Current arrangements regarding door guards, e.g. that the HC member meet him at 19:00, will remain valid.) The door guard does not replace the service period of the HC member, but serves additionally in case problems should arise.
j If no door guard reports to a residence on a Saturday or Sunday evening, no male visitors will be permitted in the women’s rooms.

6.1.3.2. Responsibility
   a If persons act outside the rules, it will be the responsibility of the HC member to take disciplinary steps.
   b All the HC members are requested to be present in their sections at 23:15 to exercise control. This entails that there should be certain knowledge that all male visitors have left the rooms. In cases where the HC members are unsure, a resident’s room may be searched with prior permission (preferably only in exceptional cases).
   c If a HC member cannot be present on a Saturday evening or Sunday evening, she has to request another HC member to attend to her section temporarily. The RH must be notified of such an arrangement in writing.
6.1.3.3. **Toilet facilities**

Every women’s residence is equipped with a guest toilet for use by visitors. The resident of the women’s residence will accompany the visitor to the door of the cloakroom and back, so that no unaccompanied movement takes place in the passages of the residence.

6.1.3.4. **Disciplinary steps**

   a. If a person (persons) acts outside the rules, a fine of R300 will be imposed on the resident of the women’s residence.
   b. The usual disciplinary steps within a residence will be followed and must be reported in writing to the CSC.

6.1.3.5. **General**

   a. Women who receive male visitors in their rooms must consult with their roommates and other members of their section in advance with regard to potential infringement of their privacy.
   b. No visits to rooms may take place during cramming time and examination time.
   c. Each residence may at any time enact more limited rules in terms of visitors.

6.2. **RULES FOR VISITORS TO RESIDENCES WITH ONLY MALE OCCUPANTS AND RESIDENCES WITH MALE AND FEMALE OCCUPANTS**

The rules with regard to visitors in residences are instituted to regulate visitors to the residence, to protect the rights of all paying residents, to prevent possible squatting, subletting and occupation without payment and to promote safety in the residence.

6.2.1. Students may receive a maximum of two visitors in their rooms only during the following times:

   Monday to Thursday and Sunday: 07:30 – 01:00
   Friday and Saturday: 07:30 – 02:00

6.2.2. Individual residences are free to further limit the visiting times of visitors within the boundaries mentioned in par. 6.2.1 above.

6.2.3. Visitors who have not left the residence by the predetermined times will be viewed as having stayed over and the student who received the visitor will pay a visitor’s fee.

6.2.4. The management of the residence, specifically the members of the HC, must ensure that the rules are obeyed and that the necessary procedures are instituted to manage the process.

6.2.5. A repeated pattern of visitors who stay over or who are viewed as having stayed over will lead to steps being taken against the particular resident who received the visitors, and this could lead to that resident forfeiting his/her place in the residence.

6.2.6. Should the HC of a men’s residence fail to properly apply the specific rules, disciplinary steps may be instituted against the relevant residence at the Central Disciplinary Committee.
6.2.7. An occupant of a residence who receives visitors is co-responsible for the behaviour of his or her visitors and all damage that is caused by his/her visitors.

6.2.8. In the case of a function, a member of the HC may sign in a group of visitors after obtaining the necessary permission.

7. BEHAVIOURAL MATTERS

7.1. RAIDS AND ATTACKS BETWEEN RESIDENCES

7.1.1. Raids, attacks and incitement to raids and attacks by students on any residence are prohibited.

7.1.2. If the premises of a residence are entered in the course of a raid or attack by non-residents of that residence, the matter must be reported directly to the SUPS and the CSC.

7.1.3. The damage caused during a raid may be recovered in full from the residence and the students that carried out the raid.

7.1.4. Challenges, taunting or the shouting of indecencies, insults or crude language or any other action against students or residences that could provoke negative counter-reaction or some form of reprisal is prohibited.

7.1.5. No object of any nature may be flung, thrown or shot at any residence or occupants with the purpose of causing damage, drawing attention or inciting a feud or reprising it.

7.2. QUIET TIMES

7.2.1. Students should at all times act in such a manner that it will be possible for the occupants of a residence to study unhindered.

7.2.2. Students and residences should at all times act in such a manner that no discomfort or disturbance of peace is caused to the occupants or other residences in the area.

7.2.3. Quiet must be maintained at least during the following times:

7.2.4. Monday - Thursday:
08:00 to 12:30, 14:00 to 16:30, 19:00 to 21:00 and 21:30 to 08:00 the following morning

7.2.5. Friday:
08:00 to 12:30, 14:00 to 16:30, 23:30 to 08:00 the following morning

7.2.6. The management of a residence may make arrangements with regard to quiet times that lay down stricter requirements than those set out above and must make residence-specific arrangements with regard to Saturdays and Sundays.

7.2.7. It is the duty of every occupant to cooperate to ensure that academic quiet times are possible in a residence.

7.2.8. It is the duty of the HC to maintain quiet times in a residence and to act strictly in the case of any deviation from the quiet times. The management of the residence also has a duty to ensure that rule 8.2.2 is observed.
NEW RULES APPLICABLE FROM 22 JANUARY 2015

WELCOMING OF NEWCOMER FIRST-YEAR STUDENTS AND GENERAL GROUP ACTIVITIES OF ALL STUDENTS (INCLUDING SPORTS TEAMS, SOCIETIES, CULTURAL GROUPS, ETC), ALSO IN HOUSES

8.1 Introduction:
At Stellenbosch University, students are welcomed in a friendly, hospitable and dignified way into any student community (including sports teams). These values, which guide all our welcoming processes, are reinforced by our institutional values of co-responsibility, excellence, empathy, innovation and service leadership.

An unacceptable welcoming practice is any attitude, action, rule or practice that is typical of a hierarchical power system and that does not promote a value-driven system. An example of such a practice is where newcomer students are expected to subject themselves to power being exercised, whether or not such action is aligned with the values set out above.

8.2 General
8.2.1 All provisions in this section should be interpreted in light of the University’s:
- pursuit to establish value-driven student communities;
- pursuit to do away with any action that organises a student community as a power hierarchy (whether temporary, momentary or for a longer period);
- Vision 2030;
- intention and pursuit to be welcoming and inclusive; and,
- expectation that students’ basic rights should be respected and not infringed upon.

8.2.2 All students or groups of students are subject to the specific rules that apply to the welcoming of newcomers. The same principles and rules equally apply to the welcoming, integration or orientation of any other student by fellow students at the University. (Also see 8.2.5 for the scope of this provision.)

8.2.3 No student may voluntarily, whether in writing, verbally or through his/her actions or in any other way, cede any right that applies in terms of these rules or that may be granted in terms of the Bill of Rights, as contained in the Constitution of South Africa (1996).

8.2.4 No student who partakes in organising, executing or undertaking any activity in which any other student or groups of students are involved, and which is inconsistent with the rules of the University in terms of welcoming, shall be able to rely on the participating parties’ voluntary agreement to take part in the activity/activities at their own risk.

8.2.5 Any attitude, action, rule or practice that affects newcomers and is inconsistent with a value-driven system (and, therefore, shows signs of a hierarchical power system) is an unacceptable welcoming practice and is prohibited. This means that practices known as “initiation” or “induction” (or “doop”, as it is called in Afrikaans) of newcomer and other students, or any other related activity, are strictly prohibited at the University. The prohibition applies to the treatment of newcomers in a residence, PSO ward, house or cluster, or even a section of a residence, PSO ward, house or cluster, as well as similar activities or practices during the celebration of birthdays, the election of House Committee members, engagements or in recognition or celebration of any achievement, event or milestone.

8.2.5.1 Although not closed/exhaustive, the following list contains examples of transgressions
(as envisaged in paragraph 8.2.5) that are regarded as **inconceivable** conduct, practices, attitudes or actions in a value-driven community or team, and are thus strictly prohibited:

a) Any form of physical assault  
b) Any form of physical contact or discomfort, such as sweating sessions, wearing jackets or ties, or being forced to walk backwards  
c) Pulling pillowcases, bags or something similar over students’ heads  
d) Any form of mud bath or something similar  
e) Giving or administering alcohol, food or any other substance, including water  
f) Applying any substance to students’ bodies  
g) Any form of mental/emotional harm or humiliation, such as wearing absurd clothing, intimidation, abusive remarks or shouting at newcomers  
h) Deliberately depriving newcomers of food  
i) Depriving students of any privileges to which they would normally be entitled, such as using items or facilities such as telephones, cellphones, make-up, laundry machines or time to bathe or shower  
j) Forbidding newcomers to speak, or creating an expectation that newcomers may or should not speak, in certain contexts  
k) Denying newcomers contact with their parents during welcoming  
l) Forced participation in activities, including group activities  
m) Any form of personal service to senior students, whether individually or as a group  
n) Issuing instructions and prescripts to newcomers (such as regarding clothing and having to serve seniors)  
o) Taking any oath of secrecy or giving rise to any understanding in respect of secrecy with regard to welcoming, no matter how indirect this may be. This specifically applies to welcoming or any type of initiation in a more intimate context than the house, such as a team, section floor or any other, similar subdivision.  
p) Providing newcomers with information to memorise, and embarrassing, ridiculing, insulting or humiliating them when they are “tested” on it (in whatever form)  
q) Giving newcomers tasks to perform in front of others (normally senior students) and then ridiculing and/or humiliating them during their attempts  
r) Expecting or encouraging newcomers to steal private property for whatever purpose, and particularly as a so-called expression of loyalty towards or as a “customary action”/tradition of the house or a part thereof, or even where such a possibility exists and newcomers are not actively discouraging from stealing something  
s) Expecting newcomers to stay in the residence over a weekend without expecting the same from other students (seniors)  
t) Senior students under the influence, or apparently or presumably under the influence, of alcohol “looking up” newcomers for conversations or issuing any instructions to newcomers in this state  
u) Calling newcomers by strange names or humiliating nicknames  
v) Disturbing students’ sleep between 23:00 and 06:00  
w) Embarking on any trip or excursion with newcomers at day or night without it being for an official University event  
x) The Prim and/or his/her deputy being absent from campus during the
welcoming period without the express permission of the relevant resident or visiting head

8.2.5.2 Although not closed/exhaustive, the following list contains examples of transgressions (as envisaged in paragraph 8.2.5) that are regarded as unacceptable conduct, practices, attitudes or actions in a value-driven student community, and are thus strictly prohibited:

a) Any conduct, action, attitude or practice where a newcomer is not regarded as a fully fledged member of that student community (or subsection thereof) from the moment when the newcomer reports to the student community. Examples include the following:
   i) Expecting newcomers to first climb a mountain on their own before they are regarded as part of the group
   ii) Barring newcomers from walking over a particular piece of lawn or using certain staircases, elevators, corridors, entrances or walkways or something similar for a period of time, and then lifting such ban at a later stage
   iii) Failure by senior students who are aware of a practice or expectation mentioned in (a) above to immediately rectify it, or report it for rectification
   iv) Expecting newcomers to wear the same clothing (house shirt or something similar) for a period of time after classes have already commenced
   v) Denying newcomers the same right to vote as other house members at a house meeting
   vi) Referring to newcomers as a group and as individuals not by the newcomer’s name or the collective name of the house, but by a name that outsiders may interpret as an abusive or humiliating name, such as “blougat”, “saad”, “jar”, etc.

b) Any conduct, action, attitude or practice that restricts newcomers’ freedom of movement as individuals or as part of a group. Examples include the following:
   i) Leading newcomers to believe that they are not allowed to visit certain parts of town
   ii) Leading newcomers to believe that, for a period of time, they are not allowed to visit certain places such as clubs or other meeting places, the Neelsie, the Library or the Study Centre, or to remain there for long

c) Conducting a house meeting in such a way so as to hamper newcomers’ integration with the University or exploit their lack of knowledge of the environment. Examples include the following:
   i) Having excessively long house meetings (lasting more than 120 min)
   ii) Taking decisions (also in jest) that impose certain duties on newcomers, such as guarding the house at night, where some newcomers may be under the impression that the decisions were meant seriously (particularly considering that not all students are proficient in all languages used at the house meetings)
   iii) Having mostly newcomers sit on the floor or objects other than chairs, while other students may sit on chairs
   iv) Making personal remarks about newcomers without decisive intervention by the person presiding over the meeting
v) Seniors tabling false motions aimed at humiliating, misleading, making fun of, ridiculing or make a laughing stock of newcomers 

d) Using forms of address such as “lady”, “juffrou”, “meenier” or something similar during the welcoming period where these could be easily replaced by calling the student (senior or newcomer) by his/her name or where there is no expectation that this form of address will be used in that student community for the rest of the year 

e) Where use as well as enjoyment of certain amenities is restricted in respect of newcomers, but not with regard to other house members. Examples include the following: 

i) Reserving certain bathrooms or sections thereof for seniors only. This includes reserving certain showers or baths for seniors. 

ii) Instructing newcomers not to use hot water, or discouraging or structurally discouraging it (by removing the heads of hot-water taps) 

iii) Failure by senior students who are or should be aware of (e) above to rectify it, or report it for immediate rectification 

f) Compulsory study times for newcomers 

g) Misleading newcomers about matters directly affecting them for the entertainment of seniors, or for what outsiders could interpret as the entertainment of seniors. An example is where newcomers are told that the names of those who need to transfer to another house will be announced shortly in order to increase or test newcomers’ loyalty.

h) Having newcomers walk in rows of two from one destination to another, or lining up (“standing squad”) wherever they need to report upon their arrival or prior to leaving for their next destination 

8.2.5.3 Although not closed/exhaustive, the following list contains examples of conduct, practices, attitudes or actions that are regarded as undesirable in a value-driven student community or team. (Repeated undesirable conduct, practices, attitudes or actions, or combinations thereof, constitute a transgression as envisaged in paragraph 8.2.5): 

a) Making newcomers wear name tags on campus without expecting seniors from the house to do the same 

b) Campus competitions making demands on particularly newcomers’ time, thereby consuming a considerable share of their time (at the expense of their academic work) 

c) Senior students (including HK members) striking a stern attitude under the guise of professionalism, which outsiders may interpret as an unfriendly and unwelcoming attitude towards newcomers 

d) Wearing HK jackets and/or high-heeled shoes in order to create the impression of a hierarchy of power 

e) Screaming to make themselves heard in a large group 

f) HK members growing beards for the welcoming period, even though they do not normally wear beards 

8.3 The welcoming of newcomer students in the context of the house 

8.3.1 Welcoming of newcomers is the responsibility of the ResEd coordinator of the cluster of which the residence or PSO ward forms part, the management structures of the cluster, the relevant resident or visiting head, and the House Committee of the particular house.
8.3.2 On a date in the year preceding the welcoming, as determined by the Centre for Student Structures and Communities (CSC) every year, the resident or visiting head, Prim and House Committee of each house will: (i) have prepared a full welcoming programme agreed upon with the ResEd coordinator and cluster management and signed by the resident/visiting head, Prim and at least half of the House Committee, and (ii) submit this to the CSC.

8.3.3 When drafting a welcoming programme, it is important to ensure that the programme would welcome newcomer students in a friendly, hospitable and dignified way and informs them of the following:

a) The nature and essence of the Welcoming Programme
b) Cluster, residence, PSO and university life in general
c) Supporting infrastructure that promotes academic activities
d) Positive and constructive activities, traditions and customs of the environment consistent with a value-driven system
e) Opportunities for developing individualism and independent thought
f) The nature and essence of the values, ethos, mission and objectives of Stellenbosch University

8.3.4 For the sake of good order in a house, rules and customs must be clearly conveyed, emphasising the official purpose of welcoming, including the ethos and values of the particular house and the University in general.

8.3.5 Activities in the welcoming programme must be properly described so that an outsider who reads the programme will be able to form a fair idea of what is envisaged with a specific activity. It will be regarded as a transgression to describe an activity in a misleading way, or to conceal the true nature of an activity to such an extent that one can only conclude that the intention was to mislead.

8.3.6 In terms of houses in Stellenbosch, no such activities may normally be conducted outside the boundaries of the town. All requests to conduct activities outside town boundaries during welcoming week shall be considered on an ad hoc basis by the ResEd coordinator. Such requests as part of the welcoming programme must be accompanied by a full motivation and a specific indication of the measures taken to ensure students’ safety.

8.3.7 In terms of houses on Tygerberg campus, such activities are normally confined to the boundaries of Tygerberg campus, except for those events that may also occur in Stellenbosch in accordance with the official Welcoming Programme. All requests from houses who wish to conduct activities outside the boundaries of Tygerberg campus during welcoming week shall be considered on an ad hoc basis by the ResEd coordinator. Such requests must be accompanied by a full motivation and a specific indication of the measures taken to ensure students’ safety.

8.3.8 Welcoming programmes are compiled for the period starting on the day when newcomers arrive, until 17:00 on the day prior to the first day of class. No welcoming programmes or activities may be conducted or arranged after this period. In addition, the house management is responsible to make the necessary arrangements (both proactively and reactively) to prevent any unacceptable welcoming practices by senior students. Where these arrangements fail to prevent such behaviour, the house management remains responsible to rectify it along with the other relevant university structures.
8.3.9 Welcoming activities in houses may not clash with activities that are aimed at the academic (faculty programmes) or administrative (e.g. registration) integration and welcoming of newcomers and that appear on the University’s Welcoming Programme, and may only be planned for the time slots provided for this purpose in the latter programme.

8.3.10 Transgressions of the provisions and prescripts in respect of the welcoming of newcomers must be immediately reported to the resident/visiting head, the ResEd coordinator and, thereafter, to the CSC for further action.

8.4 Integration initiatives and other group activities of students

8.4.1 Every house must clearly define the nature and extent of all traditions and customs within their environments, and submit this to their particular ResEd coordinator.

8.4.2 The document must contain full details of any activities that outsiders may interpret as an unacceptable practice as described above, and that relate to the integration, welcoming, orientation, recognition or acceptance of any member in the house.

8.4.3 No group activities as envisaged above may occur outside the Stellenbosch town area, or Tygerberg campus, without the written permission of the resident or visiting head.

8.4.7 Potential transgressions or deviations in this regard must be immediately reported to the resident/visiting head, the ResEd coordinator and, thereafter, the CSC.

8.5 Examples of transgressions

8.5.1 The following list contains examples of the practical application of the principles described in 8.2.5 above, for illustrative purposes. The list draws on the experience on various university campuses.

- a) Senior students contact newcomers any time of the day or night and order them about with various tasks to perform on the seniors’ behalf.
- b) Seniors force newcomers to perform various tasks, such as to clean the room or apartment of seniors’ friends.
- c) Newcomers are expected to wash a group’s dishes/take turns to wash dishes according to a schedule containing only newcomers.
- d) Newcomers are expected to go shopping in town for seniors.
- e) Seniors expect newcomers to eat only certain foods for a week (e.g. peanut butter sandwiches).
- f) Seniors expect newcomers to stand in the dark and listen to the same music (song) over and over again.
- g) Seniors disturb newcomers’ sleep by waking them every now and then, or by instructing them to do menial tasks every now and then, or by ordering them to do physical exercises in the middle of the night.
- h) Seniors blindfold newcomers, drop them off several kilometres off campus, and then instruct them to find their way back on their own.
- i) Newcomers are ordered to dress like prostitutes or the homeless and to walk around town looking like that.
- j) Seniors put pressure on newcomers to pretend that they are making out or to simulate sexual acts.
- k) Seniors expect newcomers to do exercises, sometimes to the point of complete exhaustion.
l) Seniors order newcomers to bring swimming costumes and felt-tipped pens to an event, where they are led to believe that seniors will be circling (marking) their body fat with the pens.

m) Seniors expect newcomers to live together in a house without being allowed to communicate with the seniors or each other, and to wear multiple layers of additional clothing to class.

n) Seniors transport newcomers to another institution, where the students of the other campus force them to do exercises.

o) Newcomers are stripped of their clothes, tied to trees or lampposts with adhesive tape, and then hosed down with a garden hose.

p) Seniors spill water and beer on a tiled floor and then drag newcomers through the spillage on their knees, calling them human sponges.

q) Seniors display openly aggressive and disapproving behaviour towards newcomers for no other reason but for being newcomers.

r) Seniors do not return newcomers’ greetings, make it clear that they do not speak with newcomers (or “jarred”, as they prefer to call them) or use abusive language or forms of address for newcomers.

s) The impression is created that certain areas in town and on campus may not be used by newcomers.

8.5.2 The following table contains examples of where the Central Disciplinary Committee (CDC) already considered action regarding behaviour during welcoming, and the punishments/sanctions imposed in each case:
