WELCOMING LETTER

Welcome-Welkom-Wamkelekile

Xander Venter

Primarius

BA International Studies III

072 379 5324 / 21612390@sun.ac.za

I want to heartily welcome each and everyone one of you into Vesta PSO and Stellenbosch University! My name is Xander Venter and I am honored to be your Primarius during your first year in 2020. In 2020 I will be in my third year of BA International Studies, and what a time it has been so far!

You will be joining a vibrant, inclusive and upbuilding community known as Vesta PSO, where each of your fellow brothers will help you to realize your dreams, help you through the tough times that lies ahead and help you to make the most of your time at Stellenbosch.

On the first day you will receive a mentor. This mentor will be a personal, faculty-based assistant who will help with your transition between school and university. They will help you live a balanced life. And so, your time has come to join our house and help us build it as our predecessors did. I look forward to meeting you in person and to share many memories together. Just so you know, the welcoming period is the best period of your life at Stellenbosch, so enjoy every moment and remember to take a breath and take in the feeling. I extend my hand to take you with on this breathtaking journey; you will find a wealth of opportunity – and Vesta will be here to connect you with these in order to help you develop yourself.

Regards – Xander Venter

Your whole life you will be faced with various transitions and similarly adaptations to those transitions. I would like to welcome you to a more notable transition you will experience within the coming year(s). All transitions entail both trials and tribulations but above all lead to the creation of greater individuals because of it. We are extremely excited to be a helping hand, more so actually a community, whereby we will enjoy the hard times and the good times together in unison.

We, Vesta, are a community and as such, just as we have an important role to play in your life, similarly you have a very important role to play in the 'life' of Vesta too. I would like to give maybe a few suggestions as you enter this transition which I think are important:

- 1) You now have a clean slate from high school and as such you really can choose which foot to put forward first (make it the best foot!).
- 2) Make a real effort to find people who are better than you as soon as you can, you will almost definitely drift in the direction of the average of your friend base.
- 3) Stick with Vesta, we will be there indefinitely.

Further we will create a strong base for your future university career. And just to end off our first interaction, it won't be our last, just as Siya Kolisi raised the trophy recently signifying the strength of a team acting in unison, we too acting as Vesta, with your help are **#StrongerTogether**.

All the best,

Brandon Wijtenburg

Meet the House Committee 2020

VESTA SECTIONS

Instead of being assorted into a section of Vesta as a newcomer, Vestonians will join a Section once they join the Senior's committee, which you can apply for at the end of your First Year. Each section will be part of the planning and organising of one to two of the six Vesta events that are being planned by through the Vesta Seniors Committee. These events correspond to the sections' values and thus vestonians will join the section they feel most attracts them according to their personal interests and values they associate with. Vesta PSO has the following Section:

CHIVAS

THESE ARE MEN OF CHIVALRY. MEN WHO JOIN THIS SECTION HAVE THE RESPONSIBILITY TO ORGANISE VESTA'S HUISFONDSDANS (A FUN THEMED DANCE HAPPENING JUST AFTER WELCOMING WEEK) AS WELL AS VESTA'S POKER EVENINGS, WHICH FORM PART OF VESTA WEEK.

FIDELITAS

MEANING LOYALTY, THESE ARE MEN OF VESTA WHO ARE DEEPLY CARING ABOUT THE ENVIRONMENT, THOSE AROUND THEM AND CONTINUOUSLY LOOKING TO MAKE A LASTING IMPACT. FIDELITAS ORGANISES SOCIAL IMPACT INITIATIVES, SUCH AS ANNUAL PAD-DRIVES AND OTHER MORE INFORMAL EVENTS SUCH AS MOVIE NIGHTS FOR EXAMPLE.

REKKIES

THESE ARE MEN OF VESTA WHO LIKE THEIR SOCIAL LIVES WHILST STILL FORMING AN INTEGRAL PART OF VESTA IN DEVELOPING THEMSELVES AND THE HOUSE. THEY ARE RESPONSIBLE FOR ORGANISING SKAKELS (SOCIALS) WITH OTHER PSO'S AND RESIDENCES AS WELL AS PUB GOLF, FORMING A PART OF THE HIGHLY ANTICIPATED VESTA WEEKS HAPPENING DURING THE YEAR.

WHAT VESTA WILL OFFER YOU

Rugby

The beautiful game of rugby is one that most young men coming out of high school love to get involved in. It all starts with the first-years knockout tournament played during the first term, where they will get to know the PSO Barbarians, the team all PSO students play for. The passion for rugby as a Matie is discovered here, where you come together with people who play for the love of the game. From here you can get chosen to play for the u/19 Maties team which could lead to great things in your Stellies rugby career, or you can continue playing rugby for the PSO where the Barbarians have shown their dominance over the past couple of years.

Hockey

The growth in Vesta's hockey cannot go unnoticed as they have finally got a foothold in the super league. From their promotion from second league to the super league last year, Vesta is proud to be able to carry on fighting in the super league in 2019. Vesta hockey is something we want to keep close to our hearts and we want constant support from the gentlemen, the leadership and you guys as well! It's another sport that offers a great and upbuilding community – sign up!

Cricket

As Vesta's cricket steadily grows, it's great for the Vesta guys to get together to enjoy the game. The gents always come back every year to participate for Vesta as they enjoy the vibe that is brought with the team. It's a great way to get rid of university stress and keep your cricket skills sharp! In 2019 Vesta made it into the quarter finals undefeated.

Squash

Vesta has a few keen and skilled squash teams making waves on campus. A consistent number of participants keep Vesta squash in check and we have doubled the number of Vestonians playing from previous years.

Table Tennis

Vesta's very first table tennis team has been formed in 2019 with some great success –

We are keen to build upon this and we urge Newcomers to join in; it's a lot of fun and can also get quite competitive so bring your A-game and let's develop this enthusiastically and skilfully.

Soccer

Vesta was placed 5th in our league in 2019, developing an immensely strong community of active players that come together at least twice a week to practise and check in with the guys – We want to uphold this sport in Vesta and offer as many Vestonians as possible to opportunity to partake.

Basketball

Vesta currently shares a Basketball team with Oude Molen PSO – we encourage our members to join basketball so that Vesta can form a team of their own, but for now we support the mixed team fully as it is also a great way of connecting with another community on campus. We highly encourage you gentlemen to sign up for sports on the very first day of Welcoming Week at Vesta; there will be opportunity to do so at a later stage but it's a fantastic way to meet new friends, broaden your horizons and connect with different and diverse communities!

VESTA CULTURE

Culture is a very big integral part of Vesta and is as important as academics and sport. Vestonians are given many opportunities to exhibit their talent, some serious and others just for fun!

Molasseser is the first cultural event you will experience. A performance, comprising song and dance and usually put together as a play full of laughs, is performed in front of other residences, and you can be part of it, as all members of Vesta are highly encouraged to join. This is by NO means a serious competition and everyone knows this – trust us that this will be an incredibly fun experience and you will meet some crazy, awesome and dynamic people. I definitely have!

Other major cultural opportunities include Toneelfees (acting festival), debating and SU Acapella, a nationwide acapella championship which is for the serious singers out there – Vesta will make sure you have a professional coach and make it big! Cultural events are also organised by the cluster, and all of the University's cultural events are opportunities to meet talented people just like you, and to truly express yourself.

Maties Connect

Maties Connect strives to unify the student body with the broader Stellenbosch Community, to create a platform from where inclusivity, social change and transformation can rise.

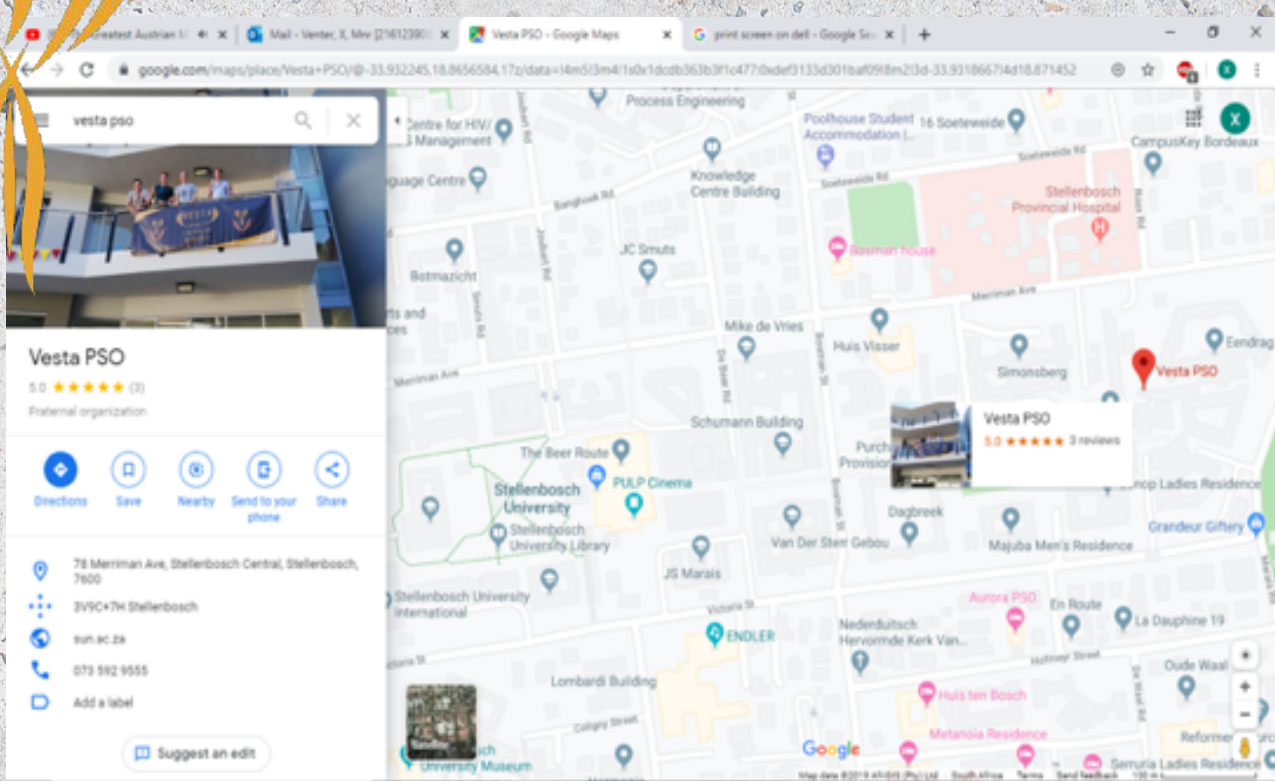

The goal of Connect is to unite students of diverse cultures, race, religion and backgrounds, to break down social boundaries and walls which resist growing alongside your fellow brothers and sisters at Stellenbosch University. By caring and giving, the student body creates an opportunity for themselves to raise funds for a greater cause by launching a social impact initiative that has substantial impact. Maties Connect wants to equip every student with the skills to identify spaces where skills are needed, by combining forces such as newcomers, seniors and leaders. It's about making a sustainable difference to the communities around us through different projects and initiatives.

Maties Community Interaction

Maties Community Service (or MGD) originated in 1956 when a group of Tygerberg students strongly felt the need to reach out to the community through the health sector. This evolved into MGD, which is aimed at community projects in all aspects – health, education, sports, arts and culture.

The funds raised go towards supporting different projects. The organisation serves the needs of local communities through different services and development programmes. Maties Connect events include Community Interaction Morning on 30 January and Vensters on 31 January.

VESTA PSO AND CLUSTER

T

What is Cluster?

The concept of a cluster was introduced in 2007 as a way to connect and involve private student organization (PSO) students with the activities and facilities available to students living in university residences.

Cluster is a fantastic way to connect Vestonians with students from other communities where we all will collaborate on future events and plans. It is a way of linking the various communities in our Cluster with each other so that we all benefit in a holistic way. After all, none of us are here for the sole purpose of acquiring a degree – we want to learn, build our social skills, enhance our leadership abilities, partake in cultural and sporting events etc –

Vesta and Cluster provides this! Vesta PSO forms part of the Wimbledon Cluster. Its values are namely

Care | Trust | Friendship | Freedom

The other communities within Wimbledon are the following: Aristea PSO, Eendrag Men's Residence, Helshoogte Men's Residence, Irene Ladies Residence, Sonop Ladies Residence and Huis Russel Botman House Senior Residence, making up the residences of Wimbledon Cluster.

Wimbledon also offers a variety of events throughout the year, from socials to academic study groups. The Cluster has benefited immensely from the addition of the Hub space.

What does the Hub offer:

The Wimbledon Hub, being the actual building of the Cluster offers exactly everything that a normal Residence would with the exception of accommodation space. As a PSD we do not provide accommodation, and it is your responsibility to find suitable accommodation for your studies. Although the HK lives here, Vestonians can ask to stay overnight if transport is an issue for some evenings – We are here to help you all! The Hub has incredible study areas, places to relax, a Chalk Board where students can grab a bite to eat if you are not wanting to eat at Residence and so much more. It is a place where Vestonians can connect with broader campus and its use is multi-faceted.

Maties Dictionary

Bib: Stellenbosch University Library

CQB: (pronounce – "see-oh-bee") Refers to paying with your student card. This can be quite dangerous because your student account really adds up so don't swipe it too much!

Credits: This refers to printing, internet and washing credits.

Campus Health: A place where you can see a nurse for free if you are a student at Stellenbosch University.

Writing Lab: You can go here to get assistance when you write essays.

IT Hub: This is where you register your laptop and phone in order to have Maties WIFI. This is also the place to go to if you lose your student card and need a new one (currently the costs for that is R80).

Admin A: All admin purposes (for example getting proof of registration as well as buying printing, washing and internet credits with cash). Most disliked place by some, luckily the HK will show you how to do this via Snapscan!

FHARGA: Computer Centre for the Economic Management Science faculty students.

FIRGA: Computer Centre for Engineering faculty students.

HUMARGA: Computer Centre for the BA and Education faculty students.

NARGA: Computer Centre for the BSc faculty students. Pred: This is short for predicate and it refers to the mark you have achieved throughout the module before you write your exam. You must have pred in order to write exams (not all modules have it).

HEMIS: This is calculated differently for each faculty but you need Academic Hemis to stay in university and Residence Hemis to be able to stay in a Stellenbosch University residence as well. If you want to serve on the House Committee or as a Mentor.

Pulp: Cinema in the Neelsie

Neelsie: On campus shopping centrum where you can go eat and do general errands, also houses many of the student organisations' offices (like the SRC office).

SRC: Student Representative Council.

SS: Student Centre (a quiet place where you can study) in the JC Smuts building.

SSVO / CSCD: Centre for student counselling and development.

Sunlearn: A University Website where all your modules for the year appears and where your lecturer upload all your slides and notes for each module.

SUSPI: (pronounce – "sus-pee") Maties gymnasium.

Rooiplein: The red bricked and grass area between the Neelsie and IT Lab.

Second opp: The second opportunity that is available for exams (works differently for each module and faculty). Some use it for extended time to study or if their exam times clash and others need it for a second opportunity to pass their module if they couldn't get it right the first round.

Stellies Rage: A place where people complain.

Stellies Confessions: A place to confess and gossip, sies 😊.

Molassesêr: a big a-capella group. There is also an annual competition between all the PSO's and residences, but this is less serious than SU acapella. Fun times!

SU Acapella: Previously known as kleinsêr – a small acapella group which takes part in an annual competition between PSO's and residences.

Newcomer: A student that is in their first year of study.

Welcoming: The period where all newcomers are welcomed at Stellenbosch University at their respective PSO or residence (previously referred to as 'joof').
