

TSRC Candidate 2024/2025

Dylan Rudolph

CANDIDATE MANIFESTO

Hi there! My name is Dylan Rudolph, an MBChB III student on a journey to help make change. In the same spirit of the outcome of our National Elections bringing a new era to our country I would like to help do the same for Tygerberg Campus. My main interest as to the area I would like to work on include culture, sport and finance having sufficient experience in all spheres whether it be actually partaking in events or in previous leadership positions held Now with all the abovementioned in mind, Im just a simple guy, but a simple guy with a Plan of Action to get this campus rolling better than before and if you allow me that chance how about we roll together This year has definitely been the one of the best years for Tygerberg Campus in terms of things besides academics whether it be Clusters Tuesday events, our dance crews insane choreography or even just the shuttle to Stellenbosch. These things add up at the end of the day providing the opportunity to ignite into the next phase. Lets set that phase on fire and put Tygerberg Campus on the map
