Hamidah Rabiu

CANDIDATE MANIFESTO

Vision for a Better TSRC The TSRC (Tygerberg Student Representative Council) is already a great organization, dedicated to serving the needs and interests of our student body. My main aim is to build on the TSRC's existing strengths and improve on any weak points by enhance the TSRC's effectiveness and ensure that every student's voice is heard and valued. Currently, there is a gap in understanding of what the TSRC does among the student body, leading to complaints and missed opportunities for student engagement. To bridge this gap, we need to actively communicate our current initiatives, potential projects, and our commitment to supporting student needs.

Qualifications and Experience As a candidate for the TSRC, my positive mental attitude, forthrightness, and high sense of integrity will add value to the activities and successes of the TSRC. My involvement in Tygerberg Academic Affairs Council as project and event manager has equipped me with the ability to see beyond limitations and work towards ambitious. goals. Additionally, my experience as a MBChB 1 Mentut has taught me the importance of listening to and responding to diverse viewpoints. Which is a critical skill needed to represent the student body. I am also adept at time management, which will be crucial for balancing academic responsibilities with council duties.

Proposed Action Plans If elected, I will make strong points for certain action plans that will inform students about our activities and how they can get involved; guide our priorities and ensure that we are addressing the most relevant and pressing issues; and organize events that bring students together to foster a sense of community. These events including awareness campaigns, student engagement, and inclusivity initiatives will be diverse, catering to different interests and backgrounds, thus ensuring everyone feels represented and included. By implementing these, I believe we will make the TSRC a more effective, transparent, and inclusive representative body.
