Portfolio Overview

The overview is to be conduit between Maties Sports and the student communities at the Stellenbosch, Tygerberg and Saldana campuses, as well as being a cognisant representative of the university at national level on the University Sports South Africa (USSA) student forum. This enables students to have continuous representation at Maties Sports and continuously informing Maties Sports of the student needs. A successful portfolio plan will entail equal opportunities and full and easier access to sporting facilities and Maties Sports services to the students on all campuses, as well as promoting holistic mental and physical health.

Committees/Task Teams

As the SRC Sports Manager I adopted a sub-committee constituting of House Committee (HC) members who hold the sports portfolio. This sub-committee has three HC from Stellenbosch, one from Tygerberg and one from Saldana, these HC serve as fair representation of the varying student communities at Stellenbosch University. This main duties of the sub-committee are to assist in planning of SRC Sports portfolio projects and events, as well as increasing communication links between the Maties Sports Managers and the rest of the HCs and students. To account for transparency and networking, each of the HC are requested to send in a very brief sports report on the sporting activities they embark on as well any challenges they face in their community. This report is only required every second Monday during the academic year. The sub-committee has increased the liaison between the students and Maties Sports.

Term Overview

This term was devoted to the successful registration of students to various sporting codes in the Maties High Performance level, cluster league and residence/pso league. This was done in phases where I hosted a hybrid meeting with all the HCs and I presented on how the registration process works as well as important contacts that they will need through out their leadership term. Mr Jerry Laka, Mrs Benita van Zyl, Mrs Andiswa Zwelibanzi and her assistant were present at the meeting to introduce themselves to the HCs because they are useful contact personnel in the success of sports at the university. The second phase was being readily available to personally assist the HCs that were facing challenges in the registration process. The final phase was facilitating the launch of the FNB Varsity Cup and helping the HCs acquire and distribute ticket sales and rugby merchandise. A lot of time was spent this term in meeting with Maties Sports and the Stellenbosch Municipality in the approval of the SRC Sport Portfolio events and projects. As the SRC Sports manager I played a vital role in assisting Maties Sports and RALU in their activities like the Societies Walkthrough Fair, Flag Bearing at Varsity Cup games as well as serving as a credo reader at Varsity Cup.
