5. ACTIVATION OF STUDENT CARD FOR 2019

Student cards can only be issued / re-activated once the 2018 student account has been settled in full and the first instalment for study and accommodation fees reflects on the student account.

Blocks may only be lifted for the activation of a student card if the 2018 student account has been settled in full and the student can provide proof of the following:

1. An External bursary (not SU) indicating the costs that will be covered by the funder on the letterhead of the funder with their e-mail address and contact details. SU bursary students do not need to provide a letter and can activate their cards directly after registration.
2. An official policy that will be paid out in the 2019 academic year and that will cover at least the first compulsory instalment.
3. A loan (e.g. Bank loan, Fundi or Helpmekaar study loan) where the loan amount is sufficient to cover at least first compulsory instalment, also indicating the date of payment.
4. If the bursary, loan or policy of a student is not sufficient to cover the full first compulsory instalment and a student can provide proof that they had applied for a study loan, but that it was not granted, then the following down payment arrangement can be made, subject to acceptance of the stipulations of the agreement:
 - a. The first compulsory instalment (study and accommodation fees) can be settled in equal instalments by no later than 31 March.
 - b. The first instalment is payable immediately. The block will only be lifted once the first instalment reflects on the student account and the completed form is processed by Student fees.

 - Postgraduate student **R3 189 x 3 (January to March)**

6. DISCONTINUATION OF STUDIES BEFORE 31 MARCH

When a student discontinues studies before or on 31 March all study fees are reversed. Residence students will be held liable for the residence fees until the vacated place has been filled.

7. INTERNET FEES

Internet fees usually closed down at the end of each year for financial reporting purposes. This however impacted on postgraduate students still requiring internet access during December. The internet access will close down at end of year for NSFAS students only (there will still be Pay2Go access).

Internet access for students of the previous year not registered by 30 March in the following year will terminate on 1 April 2019.
