

# PhD in Forestry and Wood Sciences or PhD (Agric)

## **Programme Code**

5471001 or 274100

## **Programme Description**

This programme leads to the qualification PhD (For) in Forestry and Natural Resource Sciences or Wood and Wood Products Sciences. The programme focuses on research in various specialist fields of forestry and ensures that students become specialists in these fields.

You must carry out a relevant and practically oriented research project in Forestry and Natural Resource Sciences, leading to innovation or problem-solving through high-level research in Forestry and Natural Resource Sciences and in the industry concerned. The research project will equip you at the highest academic level with the knowledge and expertise you need for entering the research industry or professional field. See section 2.4 in this chapter for general information on the PhD degree in the Faculty of AgriSciences.

## **Programme Content**

### *Compulsory Module*

|                             |                                 |
|-----------------------------|---------------------------------|
| 11290: Forest Science       | 978(360): Doctoral dissertation |
| 57584: Wood Product Science | 978(360): Doctoral dissertation |

## **Assessment and Examination**

After completion of the research you must submit a dissertation to the satisfaction of the examiners and present a seminar. You will be expected to defend your dissertation during this seminar.
