

### 3.11.1.2 PhD in Oenology or PhD (Agric)

#### Programme Code

5471001 or 247100

#### Programme Description

The programmes focus strongly on research in the specialist field of Oenology. You choose a relevant and practically oriented research project which puts you in contact with the industry, leading to problem-solving in the industry concerned, and also prepares you to enter the research or professional market. The programme contributes at a high level to the Faculty of AgriSciences' research profile and delivers professional individuals who can play, either as a team member or individually, a meaningful role in national or international research, teaching and policy-making in specialist fields concerned with sustainable and environmentally friendly grape and wine industries. See section 2.4 in this chapter for general information on the PhD degree in the Faculty of AgriSciences.

#### Programme Content

##### Compulsory Module

|                 |                                 |
|-----------------|---------------------------------|
| 33103: Oenology | 978(360): Doctoral dissertation |
|-----------------|---------------------------------|

#### Assessment and Examination

After completion of the research you must submit a dissertation to the satisfaction of the examiners and present a seminar. You will be expected to defend your dissertation during this seminar.
