

MPhil in Maternal and Fetal Medicine (subspecialty programme)

Specific admission requirements

At least one of the following qualifications:

- FCOG (SA);
- MMed (O&G); or
- an equivalent qualification for specialist registration in South Africa.

Application procedure and closing date

You must apply for a senior registrar post in service of the Western Cape Department of Health if you want to register for this programme. If you are successful, you will be admitted to the MPhil in Maternal and Fetal Medicine.

Duration of programme

The programme extends over two years.

Programme content

Both modules are compulsory and run concurrently instead of consecutively.

Clinical Maternal and Fetal Medicine	872(135)
Assignment	871(45)

Assessment and examination

- To successfully complete the Clinical Maternal and Fetal Medicine module, your participation must be satisfactory while working as a specialist in the Maternal and Fetal Medicine Unit of the Department of Obstetrics and Gynaecology. Furthermore, you must achieve a pass mark of at least 50% in the Cert Maternal and Fetal Medicine (SA) examination of the CMSA.
- You will be assessed regularly as part of the flexible assessment strategy and you must keep a portfolio/log-book of your clinical exposure and experience with procedures.
- You must register the research protocol within three months of registration and complete the research assignment within 21 months of registration.
- The assignment must be submitted in the form of an article ready for publication. Successful completion of this module is a requirement for admission to the Cert Maternal and Fetal Medicine (SA) examination of the CMSA.
- The modules contribute to the final mark as follows:
 - Clinical Infectious Diseases – 75%; and
 - Research Assignment – 25%.
