

# MSc in Baromedical Sciences

## *Specific admission requirements*

- One of the following:
  - the BScHons (Underwater Medicine) degree or the BScHons (Hyperbaric Medicine) degree of this University or another acknowledged institution for tertiary education;
  - another qualification approved for such purposes by Senate; or
  - you must otherwise have attained a standard of competence deemed adequate for such purposes by Senate.
- If you have a qualification on honours level with another major subject, you may be admitted based on a motivation and/or the successful completion of an admission examination. Depending on the field of study, additional work and/or proof of competency may be required.

## *Application procedure and closing date*

Apply online at [www.maties.com](http://www.maties.com) by **30 September** of the previous year. Applications for prospective international students close on **31 August**.

## *Duration of programme*

The programme extends over a minimum of one year on a full-time basis or two years on a part-time basis.

## *Programme description*

This research-based programme comprises an approved research project, a thesis and an oral presentation. The initial research protocol will be approved by the departmental research committee and the Health Research Ethics Committee of the Faculty of Medicine and Health Sciences.

## *Programme content*

Thesis: Baromedical Sciences	895(180)
------------------------------	----------

## *Assessment and examination*

- You must complete a research project, leading to the submission of a thesis which is assessed according to University guidelines through a process of internal and external examination.
- The pass mark is 50%.
