

MSc in Medical Physics

Specific admission requirements

- A BScHons degree of this University, with Medical Physics as subject; or another bachelor's or honours degree approved by Senate; or you must have otherwise attained a standard of competence deemed adequate for such purposes by Senate.
- Registration as a medical physicist with the Health Professions Council of South Africa.

Application procedure and closing date

Apply online at www.maties.com by **30 September** of the previous year. Applications for prospective international students close on **31 August**.

Duration of programme

The programme extends over two years.

Programme description

The initial research proposal is approved by a departmental research committee and by the Health Research Ethics Committee of the Faculty of Medicine and Health Sciences.

Programme content

| | |
|-------------------------|----------|
| Thesis: Medical Physics | 872(180) |
|-------------------------|----------|

Assessment and examination

- You must complete a research project, which is assessed according to University guidelines through a process of internal and external examination.
- The final mark is calculated from the marks obtained for the research project, thesis and oral examination.
