

## 4.4.4 MPhil (HIV/Aids Management)

### Admission requirements

- A Postgraduate Diploma in HIV/Aids Management from Stellenbosch University, or an appropriate similar qualification (NQF level 8 ) from another education provider, with an average of at least 65%.

### Further requirements

In addition to the requirements above, you must also have the following:

- Appropriate managerial experience,
- Computer skills (MS Word, internet and e-mail),
- Access to a computer and stable internet connection for online learning.

### Selection

The number of students selected can be influenced by, for example, staff capacity and the availability of resources within the Centre, as well as academic merit and University transformation objectives. As staff capacity and resources can fluctuate from year to year, the number of students selected can also differ from year to year.

Should the number of applicants who meet the admission requirements exceed the available capacity of the Centre, the applicants' average academic performance and academic history will be evaluated on a case-by-case basis and will be used to rank them in order of suitability and to finalise the list of selected applicants.

## Application procedure and closing date

South African as well as international students must apply by **30 November** of the year before their intended studies. Application forms are available on the website of the Africa Centre for Inclusive Health Management.

## Duration of programme and starting date

**Duration:** One to two years.

**Starting date:** March.

## Programme's mode of delivery

Hybrid learning.

## 1.2 Undergraduate module requirements for postgraduate programmes

In Appendix D to this Yearbook part, you will find a table showing the minimum module requirements for admission to certain postgraduate programmes. Review this table to determine whether you meet the requirements for the postgraduate programme you wish to follow.

## 1.3 Selection

Every postgraduate programme in the Faculty is potentially a selection programme since the capacity of the relevant department determines the number of students that can be accommodated in each programme. This means that selection happens when more candidates apply than the department can accommodate in a specific programme. There are, however, also programmes where selection always happens, regardless of how many candidates apply. Departments may choose to list specific requirements and criteria at the relevant programme entries below or on their website or in the programme brochure.

## 1.4 Postgraduate assessment and examination

- Assessment is determined at modular level; therefore, consult the relevant module framework for more information.
- For the Faculty postgraduate assessment rules, you can consult the Faculty website at [www.sun.ac.za/ems](http://www.sun.ac.za/ems) and look under "Current students" and then "General information" to find the link "EMS Postgraduate Assessment Rules".
- For more information and the general rules on assessment, see Part 1 (General Rules) of the Yearbook, under "Assessments and Promotions".

- For the general specifications for assignments, theses, and dissertations, consult the section "Postgraduate Qualifications" in Part 1 (General Rules) of the Yearbook.
- For specific information relating to the assignment, thesis or dissertation for an individual programme, consult the programme administrator or leader or relevant programme documentation.

## **1.5 Pass requirements for postgraduate programmes**

The pass mark for postgraduate programmes is 50% and to pass with distinction you need 75%. More detailed information on pass requirements for individual programmes is available from the relevant programme administrator or leader.

## **1.6 Different campuses and facilities**

Some postgraduate programmes are presented by the Stellenbosch Business School or the School for Public Leadership, both of which are on the Bellville Park campus of the University. The School of Public Leadership also presents classes at the Sustainability Institute at Lynedoch. The place where a particular diploma programme will be presented, if not Stellenbosch campus, is indicated below for each individual Programme under "Programme structure".
