

# BScHons in Pharmacology

## *Specific admission requirements*

- One of the following qualifications of this University or another recognised university:
  - a BSc degree majoring in Physiology, Biochemistry or Microbiology, with a final mark of at least 60% for subjects at third-year level;
  - an MBChB or BChD degree, or equivalent qualification; or
  - a BPharm degree, or equivalent qualification; or
  - an equivalent qualification as approved by Senate.
- International candidates must provide proof of the equivalence of qualifications obtained from a non-South African Institute. A SAQA (South African Qualifications Authority) certificate must be submitted.

## *Application procedure and closing date*

Apply online at [www.maties.com](http://www.maties.com) by **30 September** of the previous year. Applications for prospective international students close on **31 August**.

## *Duration of programme*

The programme extends over one year on a full-time basis.

## *Programme content*

Principles of Pharmacology	774(40)
Pharmacology of Systems	775(40), 776(40)

## *Assessment and examination*

- The final mark for the programme will be calculated based on the following:
  - three written examinations covering the theoretical work (45% of the final mark);
  - assessment by means of class tests (15% of the final mark);
  - assignment and presentation (20% of the final mark); and
  - oral examination (20% of the final mark).
- You must submit a satisfactory assignment based on a pharmacology/toxicology project. The purpose of the assignment is to determine your ability to independently execute a scientific investigation and interpret the results of the investigation.
