First and second years

Assignment (Medicines Development)	875(60)
------------------------------------	---------

Assessment and examination

- To be awarded the Master of Philosophy in Medicines Development degree, you must:
 - complete two calendar years as a registered student for the MPhil (Medicines Development) programme;
 - obtain at least 50% in each of the module tests during the two-year programme;
 - pass two three-hour examination papers covering the modules; and
 - submit a written report and deliver an oral presentation on completion of the research assignment.

- You must pass each of the six modules with an average mark of at least 50%.
- The final mark for the programme is calculated as the weighted average of the marks for each of the following components:
 - two three-hour written papers (2 x 30%);
 - a written research assignment and an oral presentation in the presence of an external examiner (25%); and
 - the average mark for the six modules (15%).
- To successfully complete the MPhil (Medicines Development) programme, you must obtain a final mark of 50% or more and to pass the degree *cum laude*, you must obtain a final mark of 75% or more.
