

5.2.1.1 BScHons in Anatomy

Specific admission requirements

One of the following qualifications from a recognised institution:

- BSc with Anatomy as major subject, and Biochemistry, Physiology, Genetics, Microbiology or Zoology as an additional major;
- MBChB or BChD;
- BTech with appropriate subjects and motivation. Depending on the specific field of study, additional work may be required or you may be required to complete an admission examination; or
- any other relevant qualification approved by Stellenbosch University Senate.

For all of the abovementioned qualifications you must have obtained at least 65% in the Anatomy modules of the second and third years, and at least 65% in the additional major.

Application procedure and closing date

Apply online at www.maties.com by **30 September** of the previous year. Applications for prospective international students close on **31 August**.

Duration of programme

The programme extends over one year on a full-time basis and two years on a part-time basis.

Please note:

The formal programme starts in the first week of January.

Programme description

The programme aims to address the national shortage of anatomists. It consist of a theoretical and a practical component which will not only enable you to be involved in training, but will also equip you with a thorough knowledge on the use of human tissue for research purposes.

Programme content

Compulsory modules (100 credits)

Anatomical Techniques and Laboratory Practice	771(10)
Gross Regional Anatomy	771(20)
Microscopic Anatomy and Histological Technique	771(20)
Legal and Ethical Aspects and Use of Animals in Research	771(10)
Assignment (Anatomy)	771(40)

Elective modules

Choose modules to a total of 20 credits.

Clinical and Surgical Anatomy	771(10)
Comparative Anatomy	771(10)
Developmental Anatomy	771(10)
Physical and Forensic Anthropology	771(20)
Human Anatomical Variation	771(10)
Radiological Anatomy	771(10)

Assessment and examination

- You must obtain a subminimum of 50% for each of the following assessment components:
 - an assessment covering the subject content of the compulsory modules (50% of final mark);
 - an assessment covering the subject content of the elective modules (17% of final mark); and
 - successful completion and submission of the assignment (33% of final mark).
- The final mark is determined by calculating the weighted average of the marks you obtained in each of the assessed components.
