# 5.2.1.11 BScHons in Nuclear Medicine

#### Please note:

This programme will not be offered in 2023.

#### Specific admission requirements

- One of the following qualifications of this or another recognised university:
  - o the MBChB degree; or
  - o a Bachelor's degree with Physiology as a major subject, and Physics I; or
  - a bachelor's degree with either Biochemistry or Chemistry as a major subject, provided that, where Physiology is not the second major subject, it must be taken as a supplementary subject to the satisfaction of Senate.
- A minimum pass mark of 60% in the major subject is a prerequisite.
- If you have a BTech qualification, you may be considered for admission if you have:
  - o passed the BTech degree with a minimum pass mark of 60%; and
    - passed a preliminary Nuclear Medicine examination (as determined by the Postgraduate Programme Committee) with a minimum examination mark of 60%.

### Application procedure and closing date

Apply online at www.maties.com by **30 September** of the previous year. Applications for prospective international students close on **31 August**.

### Duration of programme

The programme extends over one year on a full-time basis or two years on a part-time basis.

#### **Programme content**

Radiation Physics and Instrumentation	771(30)
Clinical Nuclear Medicine	772(60)
Research Assignment (Nuclear Medicine)	773(30)

## Assessment and examination

- You must pass all three modules with a minimum mark of 50% to obtain the qualification.
- As a part-time student you will be permitted to write the examinations as follows:
  - o one three-hour paper after the first year; and
  - two three-hour papers and an oral examination after two years.
- As a full-time student you will be permitted to write the examinations as follows:
  - Three three-hour papers and an oral examination after one year.
