

## WRC BMS PORTAL USER GUIDE

WRC gives an opportunity to researchers on an annual basis to research funded topics around water and sanitation environments. Two types of calls are available: Open and directed. Open calls are proposals that are open to any topics within the water and sanitation environment, whereas as directed calls are linked to Terms of Reference that indicate a specific topic or research along with their outcomes.

All WRC proposals and projects are managed through the WRC Business Management System (BMS). Prospective WRC proposers and WRC stake holders such as Reviewers, Project Leaders and Reference Group Members will be required to use the BMS Portal.

### What is the BMS Portal?

BMS Portal is the WRC's web-based system that enables external stakeholders of the WRC to login and access information relevant to the role they are fulfilling with the WRC. These roles include, but are not limited to:

- Proposers
- Project Leaders
- Reviewers
- Reference Group Members
- Contract Signatories
- Researchers
- Finance Officers
- Students

## Purpose

The purpose of this user guide is to provide users with instructions on how to navigate the BMS portal and access the specific information that is relevant to their engagement with the WRC.

## Support

If you have any queries regarding this guide, please contact the WRC Support Desk at [bms-support@wrc.org.za](mailto:bms-support@wrc.org.za).
