Subject: Gates Foundation Grant Opportunities

Dear Colleague,

The Bill & Melinda Gates Foundation is inviting grant proposals for the following [Grand Challenges](#) initiatives:

Grand Challenges Explorations:

- [Emerging Technologies for New Solutions in Global Health Priority Areas](#)
- [Environmental niches of *Salmonella* Typhi](#)
- [Increasing Demand for Vaccination Services](#)

Applications will be accepted until **Wednesday, April 10, 2019 11:30 am PDT**. Grand Challenges Explorations (GCE) grants have already been awarded to over 1420 researchers in more than 65 countries. Initial grants are for USD \$100,000 and successful projects are eligible to receive follow-on funding of up to USD \$1 million. Proposals are solicited twice a year for an expanding set of global health and development challenges. Applications are only two pages, and no preliminary data is required. Applicants can be at any experience level; in any discipline; and from any type of organization, including colleges and universities, government laboratories, research institutions, non-profit organizations and for-profit companies.

We invite you to read [summaries](#) of the GCE grants funded to date and to explore an [interactive world map](#) of projects across the global Grand Challenges funding partner network. We look forward to receiving innovative ideas from around the world. If you have a great idea, please apply. If you know someone else who has a great idea, please forward this message.

The Grand Challenges Team

Guided by the belief that every life has equal value, the Bill & Melinda Gates Foundation works to help all people lead healthy, productive lives.
