

STELLENBOSCH UNIVERSITY
SUBCOMMITTEE A* POSTDOCTORAL FELLOWSHIPS
CALL FOR APPLICATIONS FOR 2018

Availability

Sub-Committee A has limited postdoctoral fellowships available for research in the human and social sciences with intake 1 January 2018.

Guidelines

1. The **fellowships are awarded to permanently appointed C1 personnel (hosts), who then advertise for possible candidates.** The final appointment of the preferred candidate is approved by Subcommittee A.
2. The aim of these fellowships is to bring expertise from outside. Postdoctoral candidates who obtained their doctorates from Stellenbosch University will only be considered for funding if the host can provide sufficient evidence that he/she has made a credible effort to attract an external candidate but has been unable to recruit someone with the required background and skills.
3. Applications will be competitive. Evaluation of applications will be based on the academic merit of the applicant (host) and of the proposed research project.
4. Preference will be given to applicants (hosts) who do not currently hold a Subcommittee A postdoctoral fellowship grant.
5. Fellowships are awarded for a period of one year.
6. A suitable candidate must be recruited within six months after the fellowship has been awarded to the host.
7. In 2018, the value of the postdoctoral fellowship will be R220 000. The host is allowed to top up this grant, but it may not be held concurrently with another postdoc grant. (In such an instance, the host should rather apply for a supplement towards the other grant.)
8. The grant does not include running costs. It is the responsibility of the host to ensure that there are adequate funds available from other sources to cover the running costs of the project.

Application procedure

Calls for applications are now open. Applications must be submitted to the Division for Research Development on the provided form. **An applicant may only submit one application.**

Please note that these applications should be submitted by prospective hosts of postdoctoral candidates and NOT by the candidates themselves.

Should an application be successful (outcomes will be available by mid-December), the applicant can then advertise for suitable candidates. A brief motivation and CV of the preferred candidate must be submitted for ratification by Subcommittee A within six months after the award.

Scanned or pdf copies of applications must be submitted to mfouche@sun.ac.za by 10:00 on **24 November 2017. Incomplete applications will not be considered.**

Ms. Maléne Fouché
Division of Research Development

E-mail: mfouche@sun.ac.za

***Please note that only full-time, permanent staff from the Faculties of Arts and Social Sciences, Education, Law, Theology, Economic and Management Sciences and Military Sciences are eligible to apply for funding from Subcommittee A. Well motivated applications from staff in the support divisions will also be considered.**
