Postdoctoral Fellowship in Sport & Exercise Medicine: Stellenbosch University

Job description

A joint postdoctoral research position in Sport & Exercise Medicine is available at the Institute of Sport and Exercise Medicine, Division of Orthopaedics, and the Division of Molecular Biology and Genetics, Faculty of Medicine and Health Sciences (Tygerberg campus), Stellenbosch University. The area of postdoctoral research will be in the molecular and cellular basis of sport and exercise medicine. Applicants should have obtained a PhD degree in the past 5 years and have a strong background in exercise science, physiology, or molecular and cellular biology. A good understanding of exercise interventions in chronic disease states would be an advantage to the applicant.

For more information please contact Mrs. Lindi Deck at lmdeck@sun.ac.za. To apply, send a covering letter, a CV containing details of previous courses and associated grades and the email addresses of 3 references to Mrs. Lindi Deck at lmdeck@sun.ac.za by **30 September 2018**.

About this company

Stellenbosch University is recognised as one of the four top research universities in South Africa. It takes pride in the fact that it has one of the country's highest proportions of postgraduate students of which almost ten percent are international students.

The University lies in the picturesque Jonkershoek Valley in the heart of the Western Cape Winelands. The University has ten faculties, of which eight – AgriSciences, Arts and Social Sciences, Education, Engineering, Law, Science, Theology and the larger part of Economic and Management Sciences – are located on the main campus in Stellenbosch with the Faculty of Medicine and Health Sciences situated on the Tygerberg campus and the Faculty of Military Science in Saldanha. The University's Business School is situated at the Bellville Park campus.
