

## 2022 DECEMBER GRADUATION

**Disclaimer:** The initial graduation notice is sent to all undergraduate final year and postgraduate students, irrespective of whether they will graduate at one of the 2022 December graduation ceremonies or not.

Receiving this information can thus not be regarded as proof of obtaining a qualification, as the communication is distributed and published for information purposes before it is known which students will graduate at the respective ceremonies.

Qualifying graduands will receive an email notification regarding graduation. Programme and graduate name lists will be uploaded from Wednesday 30 November 2022 onwards. Students must fulfil all requirements for the respective certificate, diploma or degree in order to graduate. Errors do occur and the onus is on you to verify that you fulfil all the requirements for graduation.

Please further note that students who utilise and pass a module during the second assessment opportunity (A3 assessment period that takes place from 17 November to 3 December 2022) will receive their qualifications at the March 2023 graduation cycle that takes place between 27 to 31 March 2023.
