Welcome to Stellenbosch University (SU). It will be an exciting new chapter in your life and we are happy to be part of your journey. Partake and contribute to every event and training opportunity that the SU has to offer, and use the available support services and development opportunities to make a success of your studies.

The Division Student Affairs (DSAf) plays a key role in facilitating an engaging and supportive environment that is conducive to student success.

The Division consist of three centres, namely the Centre for Student Communities (CSC), the Centre for Student Counselling and Development (CSCD) and the Centre for Student Leadership and Structures (CSLS). Furthermore, the Division Student Affairs is responsible for the coordination of welcoming new students.

Your cluster, residence or PSO will play an important role in how you take part and experience Stellenbosch. It must first be a place where you find ways of feeling at home and where you can engage with your academic activities in a focused way. Each residence and PSO has a residence head or PSO coordinator, a House Committee (HC) and a group of mentors to support you, and all of these peers and staff members form part of a cluster where a ResEd coordinator is the head who guides you and fellow students in how to create supportive communities.

The welcoming programme is a fully integrated programme with academic, social as well as general aspects in the pursuit of a common goal – to let new students as soon as possible feel at home in their new environment and prepare them for successful study. Through this programme, we want every new student to have a meaningful and memorable welcoming – hence our dedicated pursuit and practice of the welcoming values of hospitality, friendliness and dignity.

We trust that your experience as a new student will be positive, enriching and unforgettable. Always remember that you have come here to be academically successful. As you pursue this part of your academic journey, choose from the menu of activities those that will contribute to your positive growth, academic success and total learning experience. And remember, we are all in this community together.

CONGRATULATIONS ON YOUR ADMISSION TO STELLENBOSCH UNIVERSITY!
We know you are not only coming here to get a degree, but also to enjoy this exciting period in your life to the full, and we are looking forward to receiving you on campus. Please read through this letter to get an idea of what to expect at Stellenbosch when you arrive on campus.

WHY HAVE A WELCOMING PROGRAMME?
The welcoming programme introduces you to your residence, private student organisation (PSO), cluster and faculty so that you can find your feet in your new environment quickly. During the introduction to your residence or PSO you will meet the communities that you can join. Even though you will meet many first-year students in your residence or PSO during the welcoming period, your cluster in particular will open up new worlds and expose you to even more first-year students who might share the same values and interests as you. You will visit the faculties together, so by the time you attend your first class there should be a few familiar faces already. The introduction to your faculty will equip you for the start of your academic career. By following your faculty’s programme carefully you will ensure that you are ready for your first day of class. Therefore, use the exciting welcoming period as an opportunity to think critically about your environment, fellow students and leaders.

Who knows, this might just be the beginning of an unforgettable journey of discovery! As long as you are prepared to work hard to make your dreams come true, you have the potential to be anything you want to be. Here you will have an opportunity to find your own voice so that you can participate in critical conversations on campus. By now you have probably heard a lot about what you can expect from your first few days at university, but this is an opportunity for you to form your own ideas about the welcoming period. Remember, you do not have to accept everything passively; rather think critically about your experience of the welcoming programme.

HOW CAN YOU MAKE IT UNIQUE FOR YOURSELF?
At Stellenbosch we believe that students are our knowledge partners. Your success at university therefore lies in your hands. Success at university does not, however, only mean successful completion of your studies, but also that you have grown and developed as a human being.

Be the first to ask questions such as:

• Do the activities in the welcoming programme contribute to your development and preparation for the academic year ahead?
• Does the welcoming period expose you to a positive environment and positive relationships?
• Does the welcoming period offer you a chance to fully live out your values and interests?
• And particularly: Does the welcoming period help you to become the person you have always wanted to be?

WHAT MAKES UNIVERSITY LIFE SO UNIQUE?
Now that you know what to expect of the welcoming, you also need to know what not to expect: a repetition of your school experience. University is a whole new ball game. University gives you an opportunity to expand your world and to discover and exploit countless possibilities. Whether you have just completed grade 12, or already have a gap year behind you, you can rest assured that your university experience will be incomparable with anything else. University is not only there for getting a degree or enjoying being young, but is also a chance to test your boundaries in a responsible manner and to broaden your horizons.

We hope you are looking forward to your time at Stellenbosch, because we are very excited about joining you on this journey.
WHAT IS A CLUSTER?

ALL STELLENBOSCH CLUSTERS WILL MEET ON SATURDAY 26 JANUARY FROM 09:00 – 13:00

Newcomer students join a campus that has been organised into listening, learning and living communities (LLL). All the clusters, residences, Private Student Organisations (PSOs), mentor groups, tutor groups and the listening, learning and living houses for senior students form part of LLL. The purpose of LLL is to integrate the out-of-class experience with the in-class experience to ensure academic success and a well-rounded education for students.

CLUSTERS

A cluster is made up of a number of residences and one or two PSO communities. Clusters play a significant role in the integration and support of new students on campus and ensure that students experience the University as a caring and nurturing place. They also integrate the university experience of residence students and students in private accommodation. Clusters are increasingly used as a way of organising the University, for example, faculties tend to use clusters as a basis on which to form subject tutor groups. The residences and the PSOs belong to one of six clusters on Stellenbosch campus. Tygerberg campus forms a seventh cluster.

MENTORS

Mentors are senior students who are appointed in residences and PSOs to assist new students with their adjustment to university life. Each new student should have access to a mentor. The mentor already plays an important role during the welcoming period with general assistance regarding university life queries and psychosocial support. Through the mentor, the new students have the opportunity to partake in the wellness programme of the University, which aims to enhance the wellness of students throughout the year. When you arrive at your residence or PSO, a mentor should be allocated to you. Should you not be allocated a mentor, or have any queries, please contact Client Services at tel 021 808 9111 or info@sun.ac.za.

CLUSTER MEETING (STELLENBOSCH CAMPUS ONLY)

Newcomer students meet from 09:00 – 13:00 on Saturday 26 January in their clusters to learn how their social integration at the University could support their academic success. Students will meet others in their cluster who follow the same programmes and learn how they could become involved in the ResEd initiative as well as how their mentors could assist them. In addition, they will be introduced to the academic support groups at the University, such as the Academic Affairs Council (AAC).

**WHAT IS A PSO?**

One of Stellenbosch University’s key focus areas for student development is the co-curricular and the out-of-class experience. The Private Student Organisations (PSOs) have been positioned in order to fulfil this need and to give students the opportunity to have a wholesome and diverse University experience. All students who do not make use of the university’s residence accommodation are automatically members of a PSO – approximately 70% of the University’s students. These students are divided in different PSOs which provide them with all the opportunities for successful social and academic integration on campus.

The PSO community does not provide accommodation for members, but amongst others PSO students can use their student cards to book and enjoy meals at a specific residence in their particular cluster. The PSO assigns a mentor to each new student who can assist them with all these processes.

There are ten PSOs on Stellenbosch campus and one on Tygerberg campus. New students are divided into a PSO in accordance with the University’s placement policy. Students are notified about their PSO allocation via email and will also receive information regarding their PSO’s welcoming programme as well as their meeting points during welcoming. The PSOs are jointly managed by the PSO Office which is situated within the Centre for Student Communities in the Division Student Affairs. Students are not permitted to change PSOs and as such their allocation remains for the duration of their University journey.

The PSO to which a student has been allocated also determines the cluster to which that student belongs to. Should you not receive any notification of your PSO allocation, please contact Client Services on tel 021 808 9111 or info@sun.ac.za. Students are also encouraged to familiarise themselves with the compulsory PSO fees as depicted annually in the Stellenbosch University Student Fees Booklet.

**PSO TRANSPORT SERVICE DURING WELCOMING**

Students who are allocated to Private Student Organisations (PSOs) are encouraged to take part in the welcoming programme of their specific PSO. As the programmes end in the evening, a free transport service is available to all PSO students to ensure they get home safely. The transport service leaves at exactly 19:00 and 21:00 from the PSO Hub, 11 Bosman Street, Stellenbosch and will get students safely to their homes in Stellenbosch and specifically indicated drop-off points in surrounding areas.

The drop-off points where students will be taken to, are the following:

- SAPS Offices: Bellville, Kuils River, Athlone, Mitchells Plain, Paarl, Somerset-West and Kayamandi
- De Zalze Golf Estate, Stellenbosch (gate)
- Paradyskloof, Stellenbosch (Engen garage)
- Sonnebloem Rd, Idasvallei, Stellenbosch (Brent Oil garage)
- Welgevonden Estate, Stellenbosch (gate)
- 87 Lang Street, Cloetesville, Stellenbosch (Engen garage)
- Stellenbosch central area, Stellenbosch

This service is only available during the welcoming period (23 January – 02 February). Students must please indicate beforehand, by 18 January, whether they would be using this service, as well as indicate the specific drop-off point. Please let your respective House Committee or the PSO office at pso@sun.ac.za know.
The Centre for Student Counselling and Development (CSCD) is committed to providing the Stellenbosch University (SU) community with psychological, developmental and support services in our quest to be partners for success. Our vision is to be a centre that is approachable, inclusive and client-centred, with our values based on shared humanity. The staff includes psychologists (clinical, counselling, educational), a social worker, psychology interns, student assistants, project/portfolio coordinators, a psychometrist, support officers and administrative staff. The CSCD consists of five units that through their core functions endeavour to promote citizenship by facilitating wellness, personal agency and sustainable equity.

**Address:** 37 Victoria Street, Stellenbosch
**Tel:** 021 808 4707 / 021 808 4994
Second floor, Student Centre, Tygerberg
**Tel:** 021 938 9590
**Website:** www.sun.ac.za/cscd
**24-hour crisis service:** 010 205 3032 / 082 557 0880

The following units are housed in five centrally situated buildings in Victoria Street:

**EQUALITY UNIT (EqU)**

The Unit promotes collective action towards social justice and discourse regarding social asymmetries at SU. We also coordinate, educate and raise awareness around sexualities, gender, HIV/Aids, and anti-discrimination in partnership with relevant campus structures.

Apart from the coordination and implementation of SU’s policies on Unfair Discrimination and Harassment and HIV/Aids, the Unit also plays a leading role in dealing with issues related to gender non-violence and the LGBTQI community. We serve as a centralised one-stop service for students and staff managing accounts of unfair discrimination, sexual harassment and harassment. The EqU offers walk-in services at Simon Nkoli House (39 Victoria Street) including free, quick and confidential HIV testing and counselling (email hiv@sun.ac.za for more information) or to lodge unfair discrimination-based matters (email unfair@sun.ac.za for more information). Our telephone number is 021 808 3136.

Should you experience any form of unfair discrimination, sexual harassment or victimisation from fellow university students or staff, you are encouraged to provide an official complaint report of the incident through the walk-in service or unofficially via unfair@sun.ac.za.

Please follow us on Facebook and Twitter (@MatieSURpass) for updates and to keep in touch with us.

**UNIT FOR ACADEMIC COUNSELLING AND DEVELOPMENT (UACD)**

The Unit renders a development-directed service focusing on the academic challenges students may experience. The team comprises of educational psychologists, a psychometrist, as well as intern psychologists. Support is provided to students with regards to study methods, coping with test and examination stress, time management and the optimisation of their potential by means of individual consultations, work sessions and self-help material. Career counselling for registered students are also available.

**UNIT FOR PSYCHOTHERAPEUTIC AND SUPPORT SERVICES (UPSS)**

The Unit offers individual, group therapy and work sessions. Confidential and professional services are offered. The Unit offers psychotherapy for a broad spectrum of problems that students experience, namely: depression, high stress levels, adjustment problems, substance abuse, relationship or family problems, etc.

The Unit has implemented screening sessions for the Stellenbosch campus students only to facilitate students who are experiencing psychological challenges. This service is offered daily from 11:00 – 12:30.

A 24-hour crisis service is also available for registered students from 16:00 – 08:00 as well as weekends.

Social Services (Social Worker) in collaboration with the Centre for Student Communities offer a walk-in programme that assist mainly first-year students who live outside of the Western Cape Province and arrive on campus with no confirm accommodation and provide financial aid advice during the welcoming period. During the academic year, the social worker provides professional services such as support, guidance and counselling to students with respect to their social issues.

**DISABILITY UNIT (DU)**

The Unit offers various services to students with disabilities. These services could include making texts accessible, processing of test and exam concessions and advising on residence placement. We also advise on innovative academic support, which includes assistive technology. Disability work sessions are also presented for staff and students to raise awareness around disability. For any disability-related information, contact us at disability@sun.ac.za. Follow us on the Student Affairs Facebook page as well as Twitter: @sudisabilityupdate.

**UNIT FOR GRADUAND CAREER SERVICES (UGCS)**

The Unit provides student support with the transition from education to employment. This could include individual sessions about your career; work sessions on CV writing, interview skills, your online profile and exposure to network opportunities with companies via career fairs and assistance with job-searching methods.

The UGCS has a new career services management system called MatiesCareers, which provides students with an easy way to search and apply for vacancies, internships, part-time work and volunteer opportunities. MatiesCareers will provide them with information about the career fairs and work sessions facilitated by the unit, affording them an opportunity to register and RSVP online. Students can also upload CVs for potential employers, search and view employers and stay connected with the Unit.
The Stellenbosch University Campus Health Service (CHS) offers an integrated and accessible health service for students and staff and has an equipped dispensary for this service. CHS supports the wellness initiative for students and staff and are provided at the Stellenbosch and Tygerberg campuses.

QUICK QUESTIONS ABOUT CHS:
IS THIS SERVICE FREE?
Services delivered by our medical doctors and physiotherapists are charged at the minimum ethical tariff. All consultations delivered by our professional nurses are free of charge. A fee is charged at medical aid tariffs for medication.

HOW ARE SERVICES PAID FOR?
We are a registered provider of all medical aids in South Africa and Namibia and all accounts are sent electronically. We accept cash, card and electronic payments as well. Medical aid rates apply.

DOES CHS COVER ALL MEDICAL SERVICES (E.G. X-RAYS AND DENTISTRY)?
We have professional medical doctors, physiotherapists and nurse practitioners. All other services are referred.

MUST I BE IMMUNISED?
Being up to date with all vaccinations is an important consideration for all students (especially first years living in residences). The following vaccinations are all optional, but highly recommended:
• Influenza (flu) – annual vaccination
• Meningitis – one injection every 3 years
• Measles, Mumps and Rubella (German Measles) – if non-immune, series of 2 vaccines, 1 year apart
• Hepatitis A and B – compulsory for Medicine and Health Sciences students; combination (Twinrix) available, series of 3 vaccines over 6 months
• Human Papilloma Virus – series of 3 vaccines over 6 months
All vaccines are available at CHS and prices are available upon request. Please check with your medical aid if they pay for vaccinations.

DOES CHS OFFER COUNSELLING?
We offer counselling to patients who come for specific screening/test e.g. HIV testing and family planning. Other counselling is given by the Centre for Student Counselling and Development (CSCD). Their contact number is 021 808 4707.

IS PATIENT TRANSPORT AVAILABLE?
We offer transport to patients in the confines of the campus. The patient can contact Campus Health Services directly.

HOW DO I MAKE AN APPOINTMENT?
Appointments can be made by contacting us on the numbers indicated on this page or at our practice.

WHAT IF I HAVE AN EMERGENCY?

Tygerberg Post - Graduate Student Council
Lyvenne Claassen
tpschair@sun.ac.za
The Prim Committee (PC) is made up of the Primarii of the 41 student communities on campus; which includes residences and private student organisations (PSOs). The PC functions as a leadership collaboration committee whereby the Prims from the various communities discuss events and topics relevant to the houses and campus. The PC has a chairperson representing the residences as well as a co-chairperson representing the PSOs; who both have seats on the SRC and who works with the Centre for Student Communities to ensure student community’s leadership functions optimally.

The Primarii of the various student communities on campus are represented on the PC through the Prim in the student community, so make sure that you take any questions, issues, and concerns that you may have to the leadership within the residence or PSO you are a part of. If there is anything that your community leadership cannot solve, you are welcome to contact the PC chair, Paulu Joubert, at paulu@sun.ac.za, or the PC PSO co-chair, Jáné Fourie, at fouriej@sun.ac.za. You – yes, you! – are represented on the PC through the Prim in your student community, so make sure that you take any questions, issues, and concerns that you may have to the leadership within the residence or PSO you are a part of. If there is anything that your community leadership cannot solve, you are welcome to contact the PC chair, Paulu Joubert, at paulu@sun.ac.za, or the PC PSO co-chair, Jáné Fourie, at fouriej@sun.ac.za.

Make the most of being part of a supportive student community during your time at Stellenbosch University and seize all the opportunities that will come your way!
LANGUAGES OF TUITION AT STELLENBOSCH UNIVERSITY

Stellenbosch University (SU) is committed to knowledge exchange in a diverse society and, through its Language Policy, seeks to extend fair access to SU to all students and staff. Multilingualism is an important differentiator for SU, where Afrikaans, English and isiXhosa are used in academic, administrative, professional and social settings. More information on language usage at SU is available on the website at www.sun.ac.za/language.

LANGUAGE POLICY
Stellenbosch University accepted a new Language Policy in 2016. This policy and the language implementation plans that go with it have been implemented since the beginning of 2017. Every faculty compiles its own Language Implementation Plan. The policy and plans will ensure that no student who has yet to master Afrikaans or English on an academic level will be excluded from academic tuition.

WHAT CAN YOU EXPECT?
For undergraduate modules, Afrikaans and English are the languages of teaching and learning, and are used in a combination of the following modes:

- Facilitated learning opportunities (lectures, tutorials and practicals)
- Learner support via information and communication technologies (ICTs) such as video or audio recordings (podcasts)
- Real-time interpreting of some lectures.

Where classes are large, an effort will be made wherever possible to offer separate lectures in Afrikaans and English. When students from both language groups are studying the same module, both groups will participate in group work, class assignments, tutorials and practical sessions, the aim being to stimulate frank debate and a diversity of ideas and viewpoints.

Where Afrikaans and English are used in the same lecture, all information will be conveyed in at least English, with a summary or notes of key points in Afrikaans as well. Questions will at least be answered in the language in which they are asked. In your first year, real-time interpreting will be another possible form of support where practical.

In some sessions, for example field work or computer literacy, interpreting would not be feasible. In your second and subsequent years, interpreting could be provided at the request of your faculty.

Undergraduate lectures may only be offered in one language when the learning material warrants this, the lecturer concerned can only teach in that language, or the class votes unanimously for one language. For first-year students at least, real-time interpreting into the ‘other’ language will be available.

- The language mode for each of your academic modules will be explained in the module framework concerned, as well as on your faculty’s webpage.

HELP EACH OTHER TO SUCCEED
The Language Policy is not ideologically motivated. It does not accord any special status to any of South Africa’s official languages, and the language allocation is not based on a given percentage of lecture time per language. SU believes that multilingualism is an additional asset for any graduate. The intention is rather to use the languages of tuition in practical ways that will ensure no one is excluded from knowledge, that no one language is forced on students, and that students are encouraged to learn additional languages.

The implementation of multilingualism is complex and there is no universal quick fix. The language proficiency of a particular group of students is the biggest variable – it will differ from module to module, and from year to year. Therefore language application should be flexible to adapt to changing needs. Feedback to lecturers is important. Share examples of successful language implementation and make suggestions for improvement with a positive and helpful attitude.

Where students believe that language usage is jeopardising their study success, or that they are being excluded from the academic offering on the basis of the language of tuition, the matter can be taken up in the department or faculty, or through the faculty’s representatives on the Academic Affairs Council that operates under the auspices of the Students’ Representative Council. If the matter cannot be satisfactorily resolved through the internal processes, students can approach the university ombud at ombud@sun.ac.za.

THE SUPPORT YOU WILL RECEIVE
Further support in Afrikaans or English is available to students through consultations during office hours, scheduled tutorials and practicals, ICT-supported learning (audio and video recordings), and the services of the Language Centre.

All compulsory reading material will be provided in English and, except for published material, also in Afrikaans. SU’s module frameworks and study guides will still be available in English and Afrikaans. In undergraduate modules, question papers for tests, examinations and other assessments will be prepared in Afrikaans and English, and students may complete all assessments and written work in Afrikaans or English. The multilingual model supports Afrikaans first-year students who have not yet mastered academic English. In their final year of study, through the academic support that is available, these students should be able to participate nationally and internationally.
NOTICE REGARDING SOCIAL MEDIA

IMPORTANT NOTICE REGARDING THE USE OF SOCIAL MEDIA BY STELLENBOSCH UNIVERSITY STUDENTS AND STAFF.

Stellenbosch University (SU) recognises the importance of the internet and social media in shaping public thinking about our University and our services, students, staff and stakeholders. SU also recognises the importance of our students and staff engaging in and helping to stimulate conversation through interaction in social media. Students and staff are encouraged to interact online about SU matters and developments in higher education. However, it is important to understand that the use of social media as a communication channel is subject to existing SU policies and procedures, specifically the:

- Disciplinary Code for Students of Stellenbosch University (applicable to students)
- Policy on Unfair Discrimination and Harassment (applicable to staff and students)
- Electronic Communications Policy (applicable to staff and students)

All students and staff are responsible for their own compliance with these policies and should take the time to read and understand these. Behaviours such as misconduct, harassment and victimisation conducted online are addressed in these policies. Any form of online bullying, verbal abuse, defamation, slander and/or name-calling, among others, falls into the same category as face-to-face communication and written communication.

Allegations of online misconduct, harassment and victimisation are regarded just as seriously as similar actions through traditional verbal and written communication. An aggrieved party may report such behaviour (e.g. misconduct, harassment or victimisation through any of the social media channels) to the Equality Unit, which may refer matters to Student Discipline (for students) or Human Resources (for staff) as necessary.

The Equality Unit’s contact details are:
- unfair@sun.ac.za
- 021 808 3136
- 39 Victoria Street, Stellenbosch

The Corporate Communication Division is developing a comprehensive Social Media Policy but until the policy has been completed, the rules in existing policies and this notice will apply.

INSURANCE: STUDENTS AND THEIR PROPERTY

“A safe campus for all”

– these words give expression to a core aspiration of Stellenbosch University (SU). Not only does SU conduct a continuous campaign to make staff, students and visitors aware of potential risks that may threaten their safety and/or health, but where necessary, Risk Management and Campus Security is made use of, as well as the South African Police Service, to continually enforce and monitor security measures.

Students participate in academic trips, laboratory experiments, sport and other voluntary activities where they can be exposed to risks. The University takes all reasonable measures to protect students and their property when they participate in these activities and during their daily campus life.

It is however impossible to eliminate all risks. Since it is not possible for the University to protect students and their property against all risks, students therefore participate in all University related activities on their own risk.

The University does not take out personal insurance against accidents, medical insurance or any other insurance on behalf of students. The University would like to draw attention to the fact that each student is responsible for his/her own insurance and therefore recommends that he/she takes out sufficient comprehensive insurance for his/her personal possessions, as well as insurance against accidents and/or medical insurance.

FREE WRITING ADVICE

Do you need a bit of extra help with your writing assignments? Do you sometimes struggle with particular writing issues?

The Writing Lab of the University’s Language Centre offers a free one-on-one consultation service to all SU students and staff. Friendly, trained writing consultants will assist any student who would like advice on or assistance with any writing assignment. If you struggle to get started on assignments or worry that your ideas are not clear and do not flow well, you will get guidance at the Writing Lab. We will support you as you improve and sharpen your writing skills, and your improved skills should definitely lead to better marks.

A consultation is 50 minutes long, but we encourage you to come for follow-up consultations until you are satisfied with your writing. We do not do editing at the Writing Lab. We advise you on how to improve your texts. Our aim is to equip you as a writer with writing skills which you can use in other writing tasks at University and beyond.

Book your consultation online through KENAKO, the Writing Lab’s electronic booking system, on the MySUN portal or by visiting the Language Centre at 44 Banghoek Road. Appointments need to be made at least 48 hours in advance.

1 “Social media” is defined as any mobile or web-based application or service that allows the creation and exchange of user-generated content, such as a blog, wiki, social network and other interactive websites. Examples of social media platforms include, but are not limited to, Facebook, Twitter, YouTube, Instagram and news websites that allow the public to comment.
Twenty students in yellow T-shirts will be situated at different points around central campus during the welcoming week to assist newcomer students and parents who need information and directions to the venues they are supposed to go to. The welcoming champions are well informed about events and the location of venues regarding the welcoming programme. This service aims to contribute to, and enhance, a positive and welcoming “Matie experience” for all first-years and their parents and guardians.

Admin B (Victoria Street opposite Wilgenhof) and Admin A (on the T junction of Ryneveld and Crozier streets) both have an enquiries desk for any other information.

Stellenbosch University is constantly busy improving facilities on campus for the benefit of students and staff. For this reason, please take note that construction may be taking place in and around the accommodation facilities on all campuses during the 2019 academic year.

Maintenance and upgrade projects are also regularly done on all University campuses. As an example, a phased upgrade project commenced at Helselhoogte men’s residence in January 2018 and will only be completed at the end of 2020.

Since building work on all campuses takes place continuously, and initially everyone is affected negatively in some way, no discount regarding residence tariffs will be considered. Students and their parents can however be assured that the wellbeing, safety and academic progress of students always take priority and that the University will do everything possible to limit the inconvenience as much as possible.

During times of construction all possible arrangements will be made for the safety of students and their belongings. For bigger projects, regular site meetings are held and designated representatives of the residences will be invited. These representatives will be tasked to keep their residences informed and updated on all matters.

Where building work is done in the immediate vicinity of University residences, work may continue but no loud/noisy work will be allowed during the first exam opportunity of each semester. In these cases, there will also, in the week leading up to the start of the first exam opportunity, be a restriction on working hours to ensure that students are given sufficient opportunity to prepare for the upcoming examination.

Several alternative study areas are available on campus throughout the year. Students who may be negatively affected by building work, could make use of these areas at any time.

All statutory requirements regarding occupational health and safety will be adhered to and the contract team and workers of each project will be clearly identifiable. The safety of our students is of the utmost importance.

Enquiries for Stellenbosch campus can be directed via email to Mr A.C. Kriel at ack@sun.ac.za.

Enquiries for Tygerberg and Belvillepark campuses can be directed via email to Mr D.J. Theart at dtheart@sun.ac.za.

It is compulsory for all prospective first-year students at SU, regardless of the matriculation year or examination system followed, to write the National Benchmark Tests. For all NBT related detail and reservations, please visit the official NBT website at www.nbt.ac.za. If you have not yet written the NBT by the last official test session on 5 January, you can send an email to eloize@sun.ac.za or tel 021 808 4704 to make an appointment to take the test on Saturday 26 January in Stellenbosch. Bookings can be made until 21 January.
Undergraduate degree seeking International newcomer students (first-year students)
The verification of documentation for newcomer undergraduate degree-seeking international students will take place from Monday 21 to Friday 25 January at the RW Wilcocks building, Crossley Room 1023.

Students must present the following compulsory documentation for pre-registration:

- Valid passport and study visa
- Proof of South African medical cover
  - Medical cover must be registered with the SA Council for Medical Schemes in terms of the Medical Schemes Act, 1998.
  - Please use the following link to ensure that you have the correct medical cover: www.medicalschemes.com/medicalschemes.aspx
- Students with permanent residency, refugees and asylum-seekers must submit proof of their immigration documentation that confirms their status – no study visa and medical cover is required.
- Proof of payment as per your admission letter.

Pre-registration does not apply to South Africans with foreign school qualifications.

PLEASE NOTE:

- First-year international undergraduate students do not need to apply for their matriculation exemption certificate prior to registration of the 2019 academic year. However, you need to ensure you meet the exemption requirements by sending your final results to Ms Carmelita Talmarkes at ctalmarkes@sun.ac.za, before pre-registration.
- South Africans with foreign school qualifications need to send your final results to Ms Chantal Grove-Le Guillou at chantalg@sun.ac.za.

An email confirming that you do meet the exemption requirements will be sent back to you.

- All international degree-seeking undergraduate newcomer students need to follow the same welcoming programme as the SA students as per the following link: www.sun.ac.za/welcome and this booklet.

Orientation programmes are also presented at the following libraries: Theology, Music, Engineering and Forestry, Medicine & Health Sciences. The orientation is followed up the next week with individual training under the title GetSmart@URLibrary.

We would like to invite all parents of first-year students to visit Stellenbosch University Library during welcoming to see the facilities and services available to Matie students. Visit our prestigious Africana room, see the Learning Commons and the E-classroom. The Library is dedicated to support the academic endeavour of our students. Our E-collection include all subjects both national and international.

Faculty programmes indicate the dates and times of library visits.

You! Yes, you!

Did you do sport at school? Are you considering joining a sport club at Stellenbosch University? Do it! We even offer an Esports league. And if sport isn’t your thing, you can still be part of the Maroon Machine by becoming a #MatiesMVF (most valued fan). Like or follow us on Facebook, Twitter and Instagram and become part of the bigger Maties Sport family.

Maties Sport believes sport is a great contributor towards student success – regardless of whether you are a high-performance athlete or someone who just want to be active and healthy.

Participation in sport teaches self-discipline and time management and offers crucial outlets for stress and tension. Both competitive and recreational sport provide students with opportunities to socialise, develop friendships and maintain a healthy and balanced lifestyle. Maties Sport accepts co-responsibility for the optimal holistic development of student-athletes and the empowerment of high-performance athletes.

That is why Maties Sport invests in its high-performance sport codes as well as its recreation and active lifestyle programme – offering ALL students the opportunity to engage in a healthier and happier lifestyle.

Maties Sport has 30 sport clubs, making it easy to find a sport that suits your needs and skills level.

High performance sport codes are: rugby, hockey, netball, football, athletics, swimming, cricket, cycling, basketball and tennis. Recreation and active lifestyle sport codes are: table tennis, squash, badminton, golf, gymnastics, rowing, canoeing, sailing, water polo, surfing, judo, equestrian, fencing, volleyball, chess, underwater sport, taekwondo, Ultimate (frisbee) and cheerleading. The Maties Parasport Club also offers athletics, swimming, cycling, wheelchair rugby and goal ball for people with disabilities.

You’ll have the opportunity to participate in local as well as regional, national and even international competitions, such as:
• Varsity Cup, Varsity Sports, Intervarsity and USSA competitions;
• Regional and local leagues and competitions;
• Residence leagues and competitions.

Only an elite few will be selected for a Varsity Cup or Varsity Sports team, but that’s no reason to stay at home. The spotlight falls as much on the fans as the players, with Maties Sport launching a drive to encourage #MatiesMVFs (most valued fans) to support their teams when they play at home.

BENEFIT FROM:
• The High Performance Sport Unit (https://blogs.sun.ac.za/high-performance). The focus falls mainly on three key areas: Sports medicine, performance enhancement and empowerment;
• The Recreation and Active Lifestyle Unit (RALU) which promotes physical wellness for staff and students and creates an environment where non-conventional sport and activities are enjoyed and played;
• The Centre for Human Performance Sciences;
• Maties Gymnasium.

DOWNLOAD:
• Get the Maties App and stay informed about events – especially sport events on campus.

Venue: Coetzenburg sport fields
**SU CARES FOR THE ENVIRONMENT**

Systemic sustainability at Stellenbosch University is one of our focus areas. Regarding environmental sustainability, we are involved across eight areas. We only highlight five of these areas in this graph. (The other three areas are: Goods and Services; Green Buildings; Leadership.)

---

**ENERGY**

**Our mission for 2024:**
- **reduce** carbon emissions and greenhouse gases
- **use** renewable energy sources
- **improve** energy efficiency on all campuses

**How we’re saving on campus:**
- Energy-saving lightbulbs
- Smart metering of energy consumption
- Natural temperature regulation via vegetation and building materials
- Motion-activated lights

---

**WATER**

Water remains one of our most precious resources in the Western Cape. We’re committed to using it wisely for years to come.

**How we’re saving on campus:**
- Irrigation with non-potable water
- Water-saving showerheads, tap aerators and adapted cisterns in toilets
- Indigenous, waterwise landscaping
- Permeable paving allows run-off water to replenish underground aquifers
- Harvesting of rainwater
- Using of grey water for flushing toilets

---

**WASTE**

All campuses have a three-bin system for
1. recyclables,
2. non-recyclables, and
3. food waste/compost

**E-waste** is collected by the IT Department at various collection points and then
- repaired and upgraded for **re-use** by someone else, or **recycled** for certain parts, such as metal, plastic and glass.

**Did you know?**
Leftover food from kitchens and cafeterias is treated and then used as compost.

---

**TRANSPORT**

Cut down on carbon emissions and save yourself parking hassles by opting for one of the following transport options:
- **WALK** on the safe, patrolled pedestrian routes
- **CYCLE** on a Matie Bike (available to rent), or bring your own
- **RIDE** on the campus shuttle bus on certain routes
- **SHARE** a ride

**Did you know?**
Stellenbosch University was the first university in South Africa to make bicycles available for hire to students.

Visit [www.sun.ac.za/sustainability](http://www.sun.ac.za/sustainability) to see how you can contribute.
COMPUTER USER AREAS (CUAs)

It is compulsory for students to register at the computer user areas.

To be able to register:

- you must take note of the University’s Electronic Communications Policy at http://www.sun.ac.za/ecp;
- you must already be registered as a student;
- your student card must be activated, and you must have your card with you;
- you will need your student number;
- you will need the letter or sms containing your password that you received in the mail; and
- you MUST know your student number and your ID number or passport number.

TECHNOLOGY ON CAMPUS

- Students may connect their own devices (PCs, laptops, tablets or smart phones) to the University’s campus network, subject to certain conditions.
- To avoid long queues, you can register your private device online. More information is available on http://www.sun.ac.za/ITHUB.
- Your central point for online information is my.sun.ac.za. Here you will find access to SUNLearn, your exam results, password change and various other services.
- For all computer and IT-related information, please visit http://www.sun.ac.za/ITHUB or request service at http://servicedesk.sun.ac.za.
- For up to date IT news on campus and elsewhere follow us on Twitter (@ITStellenUni).

**EMERGENCY NUMBERS**

Students should take the same safety precautions in Stellenbosch than elsewhere in South Africa. Thousands of mobile phones, computers and vehicles attract criminals.

**FOLLOW THESE TIPS:**
- Never walk alone, especially at night. Plan to walk in groups, use the shuttle service or request security to escort you.
- Keep your phone and valuables out of sight of other people.
- Carry a whistle and pepper spray at all times to be able to draw attention if needed. Criminals hate attention.
- Choose the safest route, even if it is not the shortest. Victoria Street and Bosman Street need to be the core of your route.
- Avoid isolated areas, especially when you exercise early in the morning or late in the afternoon.
- Be conscious of your environment, as criminals prefer to target someone not aware of his/her direct surroundings.
- Keep a safe distance if a motorist asks for directions.
- If you suspect that someone might be following you, change direction.
- Be a caring Matie: accompany a friend.
- Property on a car seat is tempting to a thief. Lock it in the boot.

**SAFETY ESCORT AT NIGHT:** If you need to move between campus buildings, or from a building to your car after dark (19:00 – 05:00), a security officer will escort you. Call 021 808 4891 or alternatively 021 808 4202 and wait for the officer to join you. You can also Whatsapp the security office at 082 808 2333 to contact you. Unfortunately no voice calls to this number is possible.

**SAFEST ROUTES:** Bosman and Victoria Streets are the safest routes. At night a security officer is on duty in the mobile security kiosk.

**SHUTTLE SERVICE:** On weekdays the shuttle service runs from 07:00 to 17:30 on a fixed schedule from the general parking area on the edge of the campus to central campus (book online at: www.sun.ac.za/mobility-shuttles).
TWO OPTIONS TO REGISTER AS A STUDENT

There are two different options to register in January. They are:

• self-registration (e-registration), or
• the registration process in NARGA on the Stellenbosch campus, or GERGA on the Tygerberg campus for students in the Faculty of Medicine and Health Sciences.

SELF-REGISTRATION (E-REGISTRATION)

• If you have completed the National Senior Certificate or the IEB-certificate, you will be able to register yourself.
• If you are a first-year, self-registration opens on 14 January up to the time slot determined for your faculty’s registration in NARGA, or in GERGA.
• Self-registration can be done from any computer with access to internet on www.maties.com.

Student cards can be obtained at the Student Centre (Neelsie) in Stellenbosch, in the time slot determined for your faculty’s registration in NARGA, or in GERGA if you are at Tygerberg.

Candidates from other school systems cannot make use of self-registration. It will, however, be beneficial if candidates from other school systems can send their final school results, as well as the certificate of university exemption that must be obtained from the SA Matriculation Board, to info@sun.ac.za. Your student number must be supplied as well.

NARGA or GERGA-registration

• GERGA registration at the Tygerberg campus is scheduled for Friday 25 January.
• NARGA registration at the Stellenbosch campus is scheduled per faculty and allocated to time slots for Monday 28 and Tuesday 29 January.

REGISTRATION SCHEDULE 2019

FRIDAY 25 JANUARY

Registration of all new first-year students of the Faculty of Medicine and Health Sciences (who could not register themselves via www.maties.com)

09:00 – 09:30  Huis Francie van Zijl
09:30 – 10:00  Kerkenberg and Meerhoff
10:00 – 10:30  Hippokrates

TUESDAY 29 JANUARY

08:30 – 11:00  Arts and Social Sciences

First-year students who have not registered on these dates and who obtain special permission to register (the programme for which you want to register might already be full), will have to register later in the course of that week in NARGA together with the senior students of their faculty.

If you do not register yourself before you arrive in Stellenbosch or at Tygerberg, it is your responsibility to ensure that you comply with all the admission requirements of your study programme before you leave for Stellenbosch.

If you are going to register in NARGA or GERGA, you must report with the following original documents at registration in your faculty’s allotted registration time slot:

1. Advice of results of the 2018 NSC or IEB final school-leaving examination.
2. NSC or IEB candidates who matriculated in 2017 or earlier: National Senior Certificate.
3. Candidates from other school systems: School-leaving certificate/s and certificate of university exemption issued by the SA Matriculation Board.
4. Candidates who studied at other universities: The document/s mentioned at 2 or 3 above, as well as a full academic record and a certificate of good conduct issued by the university concerned.
5. If you are not a South African citizen: a valid study permit.

Please take note of the notice regarding the writing of the National Benchmark Tests.
Extended degree programmes (EDP) offer selected students the opportunity to strengthen their study base with a view to ultimate success.

Faculties that offer extended degree programmes are:
- AgriSciences
- Arts and Social Sciences
- Economic and Management Sciences
- Engineering
- Science

See contact details below for any questions regarding the extended degree programmes.

All first-years participate in early assessment. To this end, they will complete a form of assessment in all first-year modules in the first six weeks of the academic year in order to form an early impression of their academic standing. Therefore, it is important that you give your studies your full attention from the outset, so that early assessment offers a true reflection of your progress.

PLEASE NOTE: Students who are following an extended degree programme register in faculty context on either Monday 28 or Tuesday 29 January. (Please consult the notice on registration that was sent to you separately by the University Registrar.)

ACADEMIC AND COMPUTER REGISTRATION
All students complete TWO registration processes: academic registration and registration at the Faculty’s computer user area. Students who have already registered academically via the internet will have completed the first registration process. If not, please report to ADMIN A at the times set out below. Students may only register at the computer user area once they have completed their academic registration. For computer registration, all students must report to HUMARGA (LLB & BA (Law)) or FHARGA (BCom (Law) & BAccLLB) at the times set out below. A late registration fee will be levied on students who fail to register in the prescribed time slot.

PLEASE NOTE: BCom (Law) and BAccLLB students attend the general welcoming programme of the Faculty of Law, which includes academic registration. However, these students use the computer user area of the Faculty of Economic and Management Science only and accordingly register at FHARGA on Tuesday 29 January.

All new students and their parents (MB, ChB, B of Occupational Therapy, B of Speech-Language and Hearing Therapy, BSc in Dietetics, BSc in Physiotherapy and B of Nursing and Midwifery) are cordially invited to participate in the following activities (for parents, only Thursday 24 January).

**TAKE NOTE:** Students in the programmes B of Occupational Therapy (OT) and B of Speech-Language and Hearing Therapy (SLHT), together with their parents, follow the programme at the Tygerberg campus on the morning of 24 January and thereafter these students follow the programme of the Faculty of Arts and Social Sciences on the Stellenbosch campus.

Transport will be provided for these OT and SLHT first-years and their parents from Stellenbosch to Tygerberg at the following times:

- **07:30** Depart Stellenbosch campus from Merriman Avenue (bus stop at JC Smuts bridge)
- **08:30** Arrive at Tygerberg campus. Parents and first-years report to the Tygerberg campus Sports Hall.

Please note that the Welcoming ceremony at 18:00 (informal programme for students starts at 17:30) on Thursday 24 January, takes place at the Danie Craven Stadium in Stellenbosch, and not on Tygerberg campus. New Tygerberg campus students and their parents are requested to attend this programme after the day’s programme at Tygerberg. For those who do not have their own transport, busses will be arranged from Tygerberg to Stellenbosch and back.

All enquiries regarding the Faculty’s Welcoming Programme and academic offerings can be directed to staff at the above-mentioned venue. Please note the times when staff will be available.
As a Stellenbosch University residence student, you can apply for parking on the Stellenbosch campus. Here’s how it works:

1. Apply for access to parking on university grounds.
2. You will receive an e-mail in response to your application.
3. Should there be no more parking available at your residence, you can apply for long-term parking away from your residence (but still on university grounds).

**GOT THE GO-AHEAD FOR LONG-TERM PARKING?**

Great, now all you need to do is register for access to the long-term parking area. Go to [www.sun.ac.za/mobility-shuttles](http://www.sun.ac.za/mobility-shuttles) and click on the registration block at C5.

Once you’ve registered, you’ll have access to:
- safe, access-controlled parking
- campus shuttle services (for SU staff and students only) from the parking area to the rest of campus.

## SHUTTLE TIMES

**DAY**
The shuttle runs along the circle route indicated on the map on the right at the following times during the day: 07:00, 13:30, 16:00.

**NIGHT**
At night, the first trip on the circle route leaves at 18:45, with a new trip each hour, until 01:45.

## SHUTTLE ROUTE

1. Lentelus in Hammanshand Road
2. Academia entrance gate
3. Bosman Street, opposite Huis Marais
4. Neethling Street, in front of the Conservatorium
5. De Waal Street, in front of the amaMaties Hub
6. Marais Street, Wimbledon Hub

## FAQS

**What if a friend travelled with me to the parking area?**

If the friend is an SU student, they are welcome to swipe their student card to make use of the shuttle service. The service is unfortunately not available to non-SU users.

**Why do I have to register?**

Registration enables us to stay in contact with you and thereby ensure that the parking and shuttle services meet your needs.
**TRANSPORT ON SU CAMPUSES**

Get from point A to point B in and around campus without using motor vehicles. This reduces carbon emissions which are detrimental to the environment. There is also definitely not enough parking space available for all the vehicles.
