2.2 Continuation of registration for full duration of studies

- All postgraduate students (honours, master's, doctoral, postgraduate diploma and certificate students) must, for the full duration of their studies, register each year as a student, as stipulated in the chapter "Postgraduate Qualifications" in Part 1 of the Calendar.
- Should you be a postgraduate student and fail to register for a specific year before the prescribed date, your registration will lapse, and so will the topic of your thesis or dissertation, should you be a master's or doctoral student.
- Should you wish to be readmitted to the degree, certificate or diploma programme concerned, you will have to apply in writing for readmission, to register anew for the programme concerned and to pay the required tuition fees once again.
- In the case of master's and doctoral programmes, registration can continue as usual, provided that:
 - you have received the necessary consent; and
 - your programme fees for the year(s) of non-registration have been paid in full; unless payment for the period of non-registration would be financially detrimental to you, compared to registering anew for the programme, in which case the University would consider letting you register anew.
- You are not registered with retrospective effect once your fees for the year(s) of non-registration have been settled. Neither will a quotation compiled through the website reflect the full amount payable upon readmission. You can request an estimate of the amount to be paid up from studentaccounts@sun.ac.za.

3. ACCOMMODATION

3.1 Compulsory first instalment (acceptance fee for prospective students) of accommodation fees

- The amount of R14 600 has to be paid in full by all students who have been allocated a place in University accommodation.
- The first time that you are allocated a place in University accommodation, you will receive a written notice in the preceding year and be required to signify your acceptance of the allocated place by paying the acceptance fee (the compulsory first instalment of accommodation fees). By paying the acceptance fee you accept the terms and conditions regarding residence accommodation.
- If your reapplication for placement in University accommodation was successful, you have to pay the first instalment for the following year before or on the date of registration. You can pay this compulsory first instalment of accommodation fees and the compulsory first instalment of study fees as one combined amount.

3.2 Accommodation fees per type of University accommodation

- All amounts are quoted in rand and are payable per person.
- Unless stated otherwise, the amounts apply to an academic year (not per month) and include the compulsory first instalment.
- The residence fee (house fees) and cost of meals are not included in the amounts below, unless stated otherwise.

3.3 Accommodation before the start of the academic year

House committee members, mentors and first-year students taking part in the welcoming programme for first-year students in the days before the official opening of the University may stay at no cost at the residences where places have been allocated to them for this purpose.

Regarding all other students who are allowed to stay at a residence before the start of the academic year, the following rates apply:

Accommodation only	R195 a day
Accommodation with meals (if available)	R295 a day

3.4 Accommodation during the March and September holidays

You are not required to vacate your University accommodation during the short holidays in March and September. However, we cannot guarantee full service delivery (e.g. meals) during these times.

3.5 Residence fees (house fees)

An annual residence fee is debited to the student fees accounts of all students living in University residences. For 2021, the amount is R638. It is used for the day-to-day functioning of residences and covers a broad spectrum of expenses that are incurred for the benefit of students living in residences.

3.6 Meals quota

3.6.1 Deposit for meals packages

Accommodation fees do not include meals, unless stated otherwise. Students at Stellenbosch Campus make use of a booking system. If you have been placed in a University residence on Stellenbosch Campus that do provide meals, your particulars will have been recorded automatically on the meals system. You must load a quota to activate the meal system. In 2021, you are allowed to load a maximum meal quota of R25 335 to your student fees accounts. If you take a meal that you have not booked beforehand, it is charged at double tariff. At the beginning of the year, you can choose a meal package and load it through a computer terminal in your residence or through the student portal <http://my.sun.ac.za> UNTIL 14 AUGUST. You can also replenish your quota via these two portals, or use the SnapScan application for prepayments.

AFTER 14 AUGUST, you can replenish your meals quota only by means of a payment at the cashiers or an online payment at <http://my.sun.ac.za>, under “Finances”, “Payment Options”, or by using the SnapScan application. If your meal package amount is not depleted by the end of the

academic year, the remainder is credited to your student fees account.

For students on financial aid, differing limitations apply in order to manage bursary funding for meals throughout the academic year. The bursary department will communicate directly with the affected financial-aid students according to their bursary category.

3.6.2 PSO students: meals options

If you are a PSO member (of the Private Students' Organisation), you have to register on the SU portal to be allowed to take meals at a residence in your cluster or at the Student Centre. After registration, you must make a payment to the prepaid meal quota system against which spending can be incurred. After that, the same conditions apply as in the case of meals quotas for residence students.

3.7 Laundry quota

This deposit is debited to the student fees accounts of all students living in University residences for the use of laundry facilities at residences, which include washing machines and tumble driers.

UNTIL 14 AUGUST, you can replenish your laundry quota at any laundry facility by scanning your student card, which will effect a replenishing amount (currently R750) to be loaded onto your student fees account. You can also use the SnapScan application for prepayments.

AFTER 14 AUGUST, you can replenish your laundry quota only by means of a payment at the cashiers or an online payment at <http://my.sun.ac.za>, under "Finances", "Payment Options", or by using the SnapScan application. If your laundry quota is not depleted by the end of the academic year, the remaining amount is credited to your student fees account.

3.8 Liability for damage to University accommodation

All expenses incurred to repair damage that you caused to University accommodation will be levied against your student fees account. Enquiries in this regard should be addressed to the resident head concerned.

4. STUDENT FEES ACCOUNT

Please take note of the following formal provisions:

- Council reserves the right to amend without notice all fees payable to the University, as circumstances may dictate.
- Study and accommodation fees are payable in full, notwithstanding any service provided by the University being disrupted by circumstances beyond the University's control, such as strikes, student boycotts, public unrest or any other type of disruption on campus.

4.1 Payment options

Two payment options are available for complying with the University's terms of payment, namely:

- payment in three instalments – the compulsory first instalment payable upon or before registration (fixed amount), and two further instalments by the end of May and the end of September, the amount of each instalment being indicated against the closing date on the account; and
- a debit order – the compulsory first instalment payable upon or before registration (fixed amount) and eight monthly instalments FROM 1 APRIL UNTIL 1 NOVEMBER. You or your parent have to apply for this option BEFORE 9 MARCH, and the University will schedule the necessary debit order with the bank. Applications AFTER 9 MARCH will be considered subject to prepayment of the minimum payments that would have been due according to this option SINCE 1 APRIL.

4.1.1 Compulsory first instalment on study fees

- This payment option is only applicable to South African students, students with permanent residence, students with diplomatic status and refugees.
- Study fees reflect the total cost of studies, which consists of tuition fees, module and/or programme cost such as materials fees, laboratory fees, travelling expenses, running costs, a Programme Levy and membership dues for any faculty-related academic societies, as may apply to the specific programme or module(s).
- All students must pay the compulsory first instalment on study fees in full before or on the date of registration, but preferably at least three days *before* registration.
- If you can provide the Student Fees Section with written proof that you have already been granted a bursary or study loan to register for the particular programme in the particular year, you may be exempted from paying the compulsory first instalment *before or on the date of registration*; provided that the loan or bursary amount be sufficient to cover the compulsory first instalment on study fees for the year. If the loan or bursary amount is less than the first instalment on study fees, you have to pay the difference yourself by the date of registration.

You must submit a copy of the official written proof of your bursary or study loan which confirms the amount awarded at the Student Fees Section, preferably before registration – or, otherwise, during – registration. This proof must be submitted on an official letterhead of the bursary donor/bank and must include the prospective date of payment and the email address of the bursary donor/contact person at the bank. You can also e-mail proof of a private bursary to avrondavids@sun.ac.za, and proof of a loan to studentaccounts@sun.ac.za.

- If you register for only a few modules, and the total study fees are less than the compulsory first instalment, you must pay your study fees in full by the date of registration.

	Undergraduate and postgraduate diplomas and certificates	Undergraduate degree programmes	Postgraduate degree programmes
Compulsory first instalment: study fees	R10 530	R14 440	R10 530
Compulsory first instalment: accommodation fee	R14 600		

An arrangement for the down payment of the compulsory first instalment can be made only if any outstanding study and accommodation fees for the previous year of study have been settled in full.

If your bursary, loan or policy cannot cover the full compulsory first instalment and you can offer proof that you have applied unsuccessfully for a study loan, the following down payment arrangement can be made – subject to your accepting the stipulations of the agreement:

- You may settle the compulsory first instalment (study and accommodation fees) in equal monthly instalments of which the last must be settled by 31 MARCH.
- The first instalment according to the down payment agreement you must pay immediately.
- If the payment arrangement is made in January, the amounts of the equal instalments are as follows:
 - Undergraduate student R4 814 x 3 (January to March)
 - Postgraduate student R3 510 x 3 (January to March)
 - Undergraduate residence student R9 680 x 3 (January to March)
 - Postgraduate residence student R8 377 x 3 (January to March)
- If the payment arrangement is made in February, the amounts of the equal instalments are as follows:
 - Undergraduate student R7 220 x 2 (February and March)
 - Postgraduate student R5 265 x 2 (February and March)

- Undergraduate residence student R14 520 x 2 (February and March)
- Postgraduate residence student R12 565 x 2 (February and March)

You can request the payment arrangement form at the Student Fees Section only from January 2021, and the application is subject to approval by the Division. As soon as you receive notification that your application for a payment arrangement has been approved, you must pay the amount of the first instalment to the University and send Student Fees the proof of payment to be processed. Please refer to the payment methods in par. 4.3 below.

Paragraph 4.1.3 provides information about further payments for the remainder of the year’s fees by means of the debit order system if preferred.

Under the payment arrangement agreement Stellenbosch University reserves the right to deactivate your student card by the end of the first semester if you have failed to comply with arrangement regarding the compulsory first instalment. Students who failed once to comply with the arrangement regarding the down payment of the compulsory first instalment, will not be allowed to pay according to that arrangement again.

4.1.2 Payment in two further instalments

This payment option is only applicable to South African students, students with permanent residence and refugees.

Payment in two further instalments applies by default if your student fees account has not been settled in full at the start of the year or is not to be settled according to the debit order system.

You must pay the following fixed instalments on or before the dates as set out below. The exact amount of the instalment is calculated automatically and will be indicated against the closing date on your account.

AT REGISTRATION	Compulsory first instalment (fixed amount)
31 MAY	At least 75% of the balance of the total account, minus the amount paid on the date of registration
30 SEPTEMBER	The outstanding balance on the student fees account

Student fees accounts are sent out monthly by e-mail, and also separately for the payments by the closing dates above, as well as for any additional fees that may have been levied against your student fees account after September.

You can change the e-mail addresses for accounts to be sent by signing in at <http://my.sun.ac.za> and doing the following:

- Select “Undergraduate” or “Postgraduate”.
- Select “Administration”.
- Select “Address & Contact Information”.
- Sign in with username and password.

- Change the e-mail address.

As from February, the account will be e-mailed monthly to the person liable for the account or, should his or her e-mail address be unavailable, to yourself.

4.1.3 Debit order system

According to this mode of payment, as set out in the table below, you pay eight monthly instalments in addition to the amount that you have already paid by the date of registration.

AT REGISTRATION	Compulsory first instalment (fixed amount)
BY 1 APRIL	The first instalment of the debit order payment
AFTER 1 APRIL UP TO AND INCLUDING 1 NOVEMBER	A further seven instalments, payable on the first day of the month

Any additional costs levied against your student account after 1 April will be added pro rata to subsequent monthly instalments.

If you opt for paying according to SU’s debit order system, you can obtain a debit order form with the full particulars from the Student Fees Section. The form is also available at <http://my.sun.ac.za> under “Finances”, “Payment Options”. You or your parents must apply for payment according to the SU debit order system BEFORE 9 MARCH. The University will schedule the debit order with the bank. If you apply AFTER 9 MARCH, it will be considered provided that you pay the total amount of the minimum debit order payments that would have been processed SINCE 1 APRIL.

This mode of payment remains valid for the full duration of your studies, provided that you do not interrupt them, or until 30 days after the person liable for the account has cancelled the debit order payment in writing at the Student Fees Section. Thus, you do not need to reapply each year for payment according to the debit order system, whether it be for a further academic year in the same programme or for a new programme that you want to follow.

4.2 Overdue student fees accounts

4.2.1 Fees in arrears

Should you owe the University fees or other monies that have remained in arrears after the closing date, Council reserves the right to deny you continued access to classes at SU or lodging at University accommodation.

Should you be in arrears with fees or other monies owed to the University without having Council’s consent, Council reserves the right to deny you access to the University examinations.

Should you be in arrears with fees or other monies owed to the University without having Council’s consent, your examination results, progress results and official transcript will not be released until you have settled the debt concerned in full.

Please note: All amounts that are in arrears on your student fees account for a specific year have to be paid before you will be allowed to register for a subsequent year of study.

4.2.2 Interest

Instalments are payable punctually on the fixed dates to prevent interest from accruing, even if you have not received your student fees account. Interest is levied monthly at prime bank rate on any amounts that remain unpaid by the closing dates, charged strictly as from the due date. The first instalments on study and accommodation fees usually are payable at registration.

If you submitted written proof that you had already been granted a bursary or loan, and that the amount concerned was sufficient to cover the first instalment, you are exempted from paying this first compulsory instalment at registration. However, please note that, should any amount that was payable at registration remain unpaid, interest will be charged as from the date of registration.

4.2.3 Reactivation of student cards

If your student fees account is in arrears, your student card may be deactivated for certain University services (including access to buildings), and your access to your academic record will be blocked.

If your student card is lost or damaged, the cost of replacement is R80.

However, if your record has already been blocked because of your student fees account being in arrears, the replacement card will also be blocked.

4.3 Payment methods

4.3.1 In person at the cashiers

Stellenbosch Campus

The cashiers in Block A of the Central Administration Building:

Mondays to Fridays, 08:00 to 15:30

Tygerberg Campus

The cashiers in the Clinical Building, 1st floor, Faculty of Medicine and Health Sciences:

Mondays to Fridays, 08:00 to 15:30

Bellville Park Campus

The cashiers in the Main Building, Carl Cronjé Drive, Bellville:

Mondays to Fridays, 08:30 to 12:45 and 13:45 to 15:30

4.3.2 Online payments

You can pay online from the Student Fees section's web page:

1. Visit www.maties.com.
2. Click on "Fees".
3. Select "Student fees online payments".
4. Follow the instructions and pay by credit card or electronic funds transfer (EFT).

The benefit of paying online: The receipt is processed immediately, so that there is no delay during the registration period regarding payment of the compulsory first instalment, and no delay in your examination results being made available later on.

4.3.3 SnapScan

Stellenbosch University is the first university in South Africa to implement the SnapScan in-app payment solutions for making payments on its campuses. This means that students no longer have to carry cash with them for certain payments.

SnapScan is a mobile application that enables cashless payments. The in-app payment mechanisms will allow you to settle your student fees account and pay for pre-paid services like meals and printer and laundry services. Previously, these payments had to be made (in cash or with a card) at the University's cashiers in the central administration building

4.4 Access to student fees accounts

If you are registered as a student and network user, you may enquire about the state of your student fees account via the student portal (<http://my.sun.ac.za>).

Following registration, we send out your full student fees account for the academic year to the e-mail address of the person liable for payment, as listed on the student portal at <http://my.sun.ac.za>; alternatively, we will send it to your student e-mail address.

You may gain access to your student fees account via the student portal at <http://my.sun.ac.za> BY 19 FEBRUARY.

Please note: Should you not receive an account, the responsibility rests with you to request one. The University does not accept responsibility if an account has not been received because, for example, we have been supplied with an incorrect e-mail address. Therefore, the fact that you have received no account will not be an acceptable excuse for an account that remained outstanding by the due date.

Check your student fees account regularly, especially after the final date of payment – 30 SEPTEMBER – and before the December graduation ceremony, to prevent additional levies that have been debited against your account after the final date of payment from creating an unpaid balance that may result in your examination results being withheld.

4.5 Repayment of credit balances on student fees accounts

If your student fees account closes on a credit balance because you have overpaid, you may request that we disburse it after you have completed your studies. To do that, we require the full banking details of the person who has to receive the payment (provide them on the prescribed form), along with proof of the initial payment. The prescribed form is available from the Student Fees Section and at <http://my.sun.ac.za> under “Finances”, “Payment Options”. This process does not apply to bursary holders.

5. FINANCIAL SUPPORT

5.1 Bursaries, loans, prizes and stipends

All bursary awards received and administered by the University are paid into the student fees account of the bursary holders concerned. The full amount owed to the University for the specific academic year is paid first; should any credit balance remain, it will be disbursed only with the bursary donor's written permission. You must make arrangements yourself with the bursary donor to provide you with proof of their payment and their written consent that the credit balance may be paid out. If you are a postgraduate bursary holder, you can enquire about the procedure to be followed at the Postgraduate Office.

For further details in this regard, consult Part 2 of the Calendar; it covers specifically bursaries, loans, prizes and stipends.

5.2 Rebates

5.2.1 Rebate for early payment of study fees

If you pay your study fees in full ON OR BEFORE 31 MARCH, you qualify for a rebate of 3% on the portion related to tuition fees. Your parent or guardian must request the prescribed form obtainable from the Student Fees Section, complete it and return it to them for processing, together with the proof of payment. Fax the completed form to 021 808 3739 or e-mail it to studentaccounts@sun.ac.za.

The above rebate does not apply to the module or programme fees component of the study fees of programmes at USB, SPL and the MPhil (Information and Knowledge Management) at the Department of Information Science.

Please note: You cannot apply for a rebate for early payment until the study fees for the year concerned have been paid in full. Once the application has been approved and processed, we deduct the 3% rebate on your student account. In other words, the person who pays in the study fees may not calculate the rebate themselves and subtract it in advance. We indicate the rebate as a credit on your account rather than paying it over, to make it available for costs that you may incur later during the year.

Please note also: You may apply for a rebate only regarding your current year of study, not retroactively for previous years. To qualify for this rebate, you have to be a student with South African citizenship, the parent or guardian of a student with South African citizenship who is financially responsible for the full student fees account, or an international student with a valid permanent residence permit in the RSA. Other international students and students who are bursary holders do not qualify.

5.2.2 Rebate on study fees for persons from the same immediate family

If three or more persons from the same immediate family are each registered for a full-time programme at SU, a rebate of 10% per student may be granted on the study fees of each student. This rebate may be requested only for the current year of study, not retrospectively for previous years. The parent or guardian must request the prescribed form from the Student Fees Section, complete it and return it to them for processing. The form is also available at <http://my.sun.ac.za> under “Finances”, “Payment Options”. Fax the completed form to 021 808 3739 or e-mail it to studentaccounts@sun.ac.za.

The above rebate does not apply to the module or programme fees component of the study fees of programmes at USB, SPL and the MPhil (Information and Knowledge Management) at the Department of Information Science.

6. ACADEMIC EXPENDITURES (STUDENT FEES)

6.1 Application fee (all programmes)

The application fee for 2021 is R100 and must accompany your application for admission. The amount is payable once per application per programme, or for the duration of continuous annual registration as special student. The application fee is not used to cover any other costs and is thus not refundable.

The application fee also applies to international students applying at the University of Stellenbosch Business School. Other international students do not pay application fees.

Please note: For some programmes, specific closing dates are set for applications. Consult the SU Almanac in Part 1 (General) of the Calendar, the University's website or the Calendar part for the specific faculty to ensure that you apply for admission to your proposed programme in time.

6.2 Selection fee (selected programmes)

If you have been selected for one of the programmes listed below, you have to pay the applicable selection fee within a month after selection. If you proceed to register for the programme at SU, we will use this amount in partial payment of your student fees account. However, if you do not enrol at SU or if you register for a programme other than the one you have been selected for, you will forfeit the selection fee.

Undergraduate programmes in the Faculty of Medicine and Health Sciences	R1 000
Undergraduate programmes in Law	R550
BScHons in Biokinetics (Faculty of Medicine and Health Sciences)	R1 000

6.3 Study fees

6.3.1 Registration dates

The official registration dates differ for first-year and returning undergraduate students, special students, and first-year and returning postgraduate students. Consult the notice that you received regarding registration or visit <http://my.sun.ac.za/english/> for the date of registration applicable to you.

Registration for first semester

26 MARCH	Last day for late registration for undergraduate, special, diploma, certificate and honours students (excluding master’s and doctoral students)
31 MARCH	Last day for registration for master’s and doctoral students (Earlier registration dates apply to some structured master’s programmes. Confirm with programme coordinators.)

Registration for second semester

20 AUGUST	Last day for registration for the second semester
-----------	---

6.3.2 Late registration

If you register for a programme after the closing date, you have to pay the compulsory first instalment as well as the late-registration fees set out below immediately. Should you be allowed late registration for one or more modules, the following registration fees apply, the following fees apply:

Fee for registration after the official closing date	R500
Late-registration fee per module	R100

6.3.3 Study fees levied for all students

Study fees for all undergraduate and special students are levied per module registered for. To calculate the outstanding amount of your study fees for the year, after you have paid the compulsory first instalment, look up the curriculum in the part of the Calendar for the specific faculty or faculties to determine which modules you want to and/or are required to take.

Study fees are levied per module for all undergraduate programmes and for most postgraduate programmes. In the following exceptional instances, however, fees are levied per programme: all registrations for doctoral programmes, and registrations for some diploma and master’s programmes that are offered at certain faculties.

6.3.3.1 Fees per module (undergraduate, postgraduate and special students)

Determine the total cost of a specific module (tuition fees *and* related module and/or programme costs) by compiling a quotation at <http://www.maties.com>. Click on “Fees” and select “Provisional statement of fees (quotation)”. Select the programme under which the module resorts. If the module does not appear on the list, select any module shown in order to proceed to the screen where you can add an optional module by typing in the first three letters of the module’s name. Select the correct module from the list offered.

Alternatively, if you know the module code, you can enter it and the relevant module will be shown immediately. Add the module, cancel the previous/first module (which you selected just to

proceed) and complete the quotation to obtain a formal report of the cost.

6.4 Student card

Each person who registers for the first time as a student is issued with a student card (photo identity card) at R80 per card.

This is an electronic card which identifies you as an SU student.

Please note: Look after your student card carefully, because you must be able to present it to attend classes and write exams.

Returning students keep the student cards that they received upon first time registration. Therefore, you have to bring along your student card each consecutive time that you register in order for us to reactivate your card for the new academic year.

You can do the following using your student card:

- Gain access to University buildings, such as the SU Library.
- Use printing and photocopying facilities.
- Reserve meals.
- Use laundry facilities.
- Make use of computer user areas.
- Buy academic books (available to bursary students only if permitted by the bursary regulations).

A specific condition attached to the use of your student card is, among other things, that you accept liability for all financial transactions concluded with the card while it is valid.

If you lose your student card or if it is damaged, you may have a new card activated at the IT HUB in Admin A against payment of R80, subject to the stipulations at 4.2.3.

6.4.1 Deposit for printing

When you use your student card for the first time for printing, a deposit is debited to your student fees account for the use of the University's printing facilities. As from 2019, the printing quota is used for making photocopies, too.

Once your printing quota is depleted, you may replenish it repeatedly in order to continue using these facilities. You may replenish your printing quota UNTIL 14 AUGUST at <http://www.sun.ac.za/useradm>, or by using the SnapScan application.

AFTER 14 AUGUST, you can replenish it only by means of a payment at the cashiers or an online payment at <http://my.sun.ac.za>, (under "Finances", "Payment Options"), or by using the SnapScan application. If your printing quota has not been depleted by the end of the academic year, we subtract the remaining amount from your student fees account.

6.5 Study-related expenditures: programme costs and module costs

From 2016, all study-related expenditures from two categories are bracketed together: as “programme and/or module costs”. Student fees accounts thus reflect *programme and/or module costs* as one amount for each of the facilities above, instead of separate entries for different additional study-related expenses, such as running costs, programme levies, laboratory fees, materials fees, travelling expenses and membership dues for academic societies.

Study fees previously levied as USB, SPL or MIKM components also reflect as *programme and/or module costs* on student fees account since 2016.

Fees per module (undergraduate, postgraduate and special students)

Refer to 6.3.3 for directions on how to go about determining the total cost of a single module.

6.5.1 Programme costs for Engineering students

6.5.1.1 Undergraduate programmes

For undergraduate Engineering students, materials fees, travelling expenses and laboratory fees are not levied separately for each module of which the home department is located at the Engineering Faculty itself (see Part 11 of the Calendar to determine the home department of a module). One consolidated amount, “Programme Levy”, reflects on your student fees account. The Programme Levy includes a component that is used to upgrade student facilities and to replace equipment and other smaller items in the undergraduate laboratories. The Programme Levy is a fixed amount for all undergraduate Engineering programmes, regardless of the number of modules for which you have registered in the year concerned. If you formally discontinue your studies, the Programme Levy is handled according to the applicable regulations as described in paragraph 7.1. If you are registered for only ONE SEMESTER MODULE in a year, you may request the Faculty Manager by no later than 31 May of that year to reduce the Programme Levy by 50%. The maximum amount for this cost is R8 392 in 2021.

6.5.1.2 Postgraduate Programmes

For postgraduate Engineering students in the following programmes, materials fees, travelling expenses and laboratory fees are not levied separately for each programme or module of which the home department is located in the Engineering Faculty itself:

- Doctor of Philosophy in Biomedical Engineering,
- Master of Engineering Science in Biomedical Engineering (structured and research), and
- Postgraduate Diploma in Engineering Science.

(See Part 11 of the Calendar (Engineering) to determine the home department of a module). One consolidated amount for study-related additional expenses in the Faculty of Engineering, “Programme Levy”, reflects on your student fees account. The Programme Levy includes a component that is used to upgrade student facilities and to replace equipment and other smaller items in the postgraduate laboratories. The Programme Levy is a fixed amount for the postgraduate Engineering programmes listed above, regardless of the number of modules for which you have

registered in the year concerned. If you formally discontinue your studies, the Programme Levy is handled according to the applicable regulations as described in paragraph 7.1.

Please note: Module and programme costs are set by the academic departments themselves. After approval, these are relayed to be levied against the relevant student accounts. Therefore, please direct all enquiries about module and/or programme costs to the academic department concerned.

6.5.2 Membership dues for non-academic registered student societies

Membership dues for non-academic student societies are automatically debited against your student fees account, provided that the society concerned be registered with the Student Representative Council and that you have registered in person via the student portal as a member of this society, after academic registration. Contact the chair of the society concerned to find out the membership dues for the specific year. The contact details for all registered societies are available at: <http://www.sun.ac.za/english/students/student-societies>.

6.6 PSO membership dues

In terms of a resolution by Council, all students in private lodgings, except those stated below, are automatically members of the Private Students' Organisation (PSO), and PSO membership dues are debited against their student fees accounts.

The following exceptions apply in this regard:

- students at USB
- students of the Faculty of Military Science at Saldanha
- postgraduate certificate students
- postgraduate diploma students
- master's students and
- doctoral students.

The amount for 2021 is R371. Please address enquiries in this regard to the Centre for Student Communities at pso@sun.ac.za.

6.7 Parking fee

Students or staff members wishing to park private motor vehicles on University premises must register their vehicles electronically at the relevant University division. Registration of a motor vehicle is a prerequisite for parking on University premises, but does not guarantee a parking bay. Consult the web page at <http://www.sun.ac.za/mobility-parking> for the following: various types of parking available, the application and allocation procedures, related costs and payment mechanisms.

6.8 Registration for supplementary work

If you are doing one or more supplementary modules with a view to improving your class marks, but attend no classes, you are nonetheless liable for the full study fees for the module(s) concerned. However, the academic department concerned may exempt you at its discretion, either in part or in full from any applicable module and/or programme costs payable with regard to the module(s) and/or programme concerned. The official documentation regarding such exemption must reach the Student Fees Section in good time.

6.9 Dean's concession examinations

Under specific circumstances, final-year students who meet the requirements may be granted a special examination known as a dean's concession examination. If you have been granted a dean's concession examination for January 2022, the R1 067, payable in that regard will be debited against your student fees account.

See also "Dean's concession examination" in Part 1 of the Calendar.

6.10 Repeating programmes or modules

If you have to repeat a programme or any module(s), you have to pay all the usual fees once again.

6.11 Readmission after unsuccessful studies

If you have failed at your studies, you may apply in writing for readmission. Applications have to reach the Registrar BEFORE OR ON 15 JANUARY. You have to complete a fully motivated application form personally and send it to the Registrar together with proof of payment of the non-refundable amount below. The Readmission Appeals Committee considers all applications for readmission, and their decision in this regard is final.

Amount payable upon application for readmission: R425 for readmission in January 2022. Also see "Readmission after unsuccessful studies" in Part 1 of the Calendar.

The general rule that you may register only after your student fees account has been settled in full and the compulsory first instalment has been paid applies to students who are readmitted, too.

Please note this process is currently under review. The changes will be communicated in due course.

6.12 Academic transcripts and duplicate certificates

By way of standard University procedure you will receive at your graduation ceremony an English as well as an Afrikaans copy of your degree, certificate or diploma along with a free, complete academic transcript in English and Afrikaans.

As a current or former SU student, you may request a copy of your academic transcript and/or duplicate certificates, for which you must pay the fees below at the cashiers, should you have no outstanding debt on your student account:

Type of document	Amount payable
Academic transcript	R70
Duplicate certificate	R95

6.13 Suspension (forfeiture of fees paid)

Should Council temporarily or permanently divest you of the rights and privileges that you enjoy as a student, or temporarily or permanently refuse you further admission as a student, you will forfeit all claims to the University's reimbursing monies that you have already paid or the University's reducing or exempting you from fees payable to the University.

6.14 Debts written off by decision of Council

If you have graduated as a student or have failed to complete your studies, but still have outstanding debt with the University, an internal process may be followed by the University itself to request approval by Council that your debt be written off. Should Council approve this request and you return to Stellenbosch University for further studies, the balance that was written off on the financial system will be transferred back to your student fees account. You must settle this unpaid debt before you will be allowed to register for the new academic year.

7. DISCONTINUATION AND/OR CANCELLATION

7.1 Discontinuation of studies

If you leave the University without having completed your study programme, you must notify the Registrar in writing that you are discontinuing your studies and for what reason(s). If you have stayed in University accommodation, you have to cancel your residence accommodation separately at the Centre for Student Communities. The discontinuation form is available from the Contact and Client Services Centre: info@sun.ac.za; 021 808 9111.

If your written notice states no date of discontinuation, we will use the date of receipt of your notice to calculate the amount that you owe the University.

If you discontinue your studies AFTER 31 MARCH of the same academic year for which you registered, you are liable for the amounts below *in addition to* other fees (i.e. other than study fees) levied against the account:

- the full study fees for any first-semester modules that you registered for;
- half of the study fees for any year modules that you registered for; and
- half of the additional studies-related costs – i.e. module and/or programme costs – that were levied against your student fees account for the year concerned.

If you discontinue your studies AFTER 31 JULY, you are liable for the total amount of your student fees account for the year concerned.

If you registered for second-semester modules *only* and gave formal notification as set out above BY 15 AUGUST of the same academic year that you registered for, pro rata reimbursement of study fees may be considered.

These rules apply also to postgraduate students whose study fees are calculated per module and who want to discontinue modules after the closing dates set above.

Should you leave the University without settling your student fees account in full, you are liable for compound interest on the outstanding amount at prime bank rate, calculated from the date on which you left the University.

7.2 Discontinuation of studies – USB programme costs

USB students register in January for all modules offered in that particular academic year. However, the modules start at different times. Study material is distributed before commencement of a module. If you discontinue your studies, you are liable for USB module costs as follows:

- the full USB module cost for modules of which half the sessions or more have been presented;
- 50% of the USB module cost for modules of which more than 0%, but less than 50% of the sessions have been presented;

- no costs for modules that have not yet been presented.

The policy regarding SU study fees remains unchanged and will be applied as set out in 7.1 above.

Please direct enquiries to the programme co-ordinator at USB.

7.3 Cancellation of University accommodation

7.3.1 Procedures and regulations for the cancellation of residence accommodation (prospective students)

If you want to cancel your residence accommodation, you must do it in writing or per e-mail. If you are a prospective student and want to cancel your residence accommodation, you have to send an e-mail to info@sun.ac.za for the attention of the Residence Placement Office, providing your student number and the reason(s) for cancellation.

If you fail to give the prescribed notification, no refunding of the acceptance amount that you paid will be considered.

We accept the date of receipt of the written notification as the official date to be used in calculating any amount owed.

If you cancelled your residence accommodation, the acceptance amount will be managed as follows:

- If you cancel ON OR BEFORE 31 OCTOBER of the year preceding the year of accommodation, you will be refunded the full residence acceptance amount.
- If your residence acceptance amount has to be refunded, you must complete the banking details form. The form is available on the website for prospective students (under “Fees”, “Payment Options”).
- If you cancel AFTER 31 OCTOBER, a cancellation fee of R800 applies.
- If you cancel more than a week after the NSC results have been released in January of the relevant year of accommodation, regrettably you forfeit **the full residence acceptance fee**.
- If you have not shown up by the time that the welcoming programme commences, you forfeit the full residence acceptance amount. The Residence Placement Office will cancel your placement, too.
- If you do not obtain admission to the University or if, for reasons beyond your control, you cannot make use of the residence placement for which you have already paid, you may request that the residence acceptance amount be refunded. You must submit a fully motivated letter addressed to the Residence Placement Office (mail to info@sun.ac.za).
- The refunding of any amount is at the discretion of the University.

Residence placements are granted for the full academic year. If you cancel your placement during the academic year, you are liable for a cancellation fee of 30% of the residence fees still owing.

7.3.2 Procedures and regulations for the cancellation of residence accommodation (present students)

7.3.2.1 Cancellation in the preceding year

- If you are an enrolled student and you cancel your residence accommodation ON OR BEFORE 30 SEPTEMBER of the year preceding the year of accommodation to which the cancellation applies, you are liable for no accommodation fees for the following year.
- If you cancel after 30 September, but before the start of the academic year, the University will levy a cancellation fee as follows: cancellation of accommodation AFTER 30 SEPTEMBER of the year preceding the year of accommodation to which the cancellation applies – R1 000; AFTER 31 OCTOBER – R2 000; AFTER 30 NOVEMBER – R3 000.

7.3.2.2 Cancellation after the start of the academic year
