

INFORMATION SHEET FOR THE SCIMATHUS UNIVERSITY PREPARATION PROGRAMME IN 2024

Stellenbosch University

Thank you for your interest in the SciMathUS year-long university preparation programme. Before you complete the application form, please familiarise yourself with the entry requirements.

SciMathUS is a selection programme.

To be selected for the programme in 2024 you need to comply with the following entry requirements:

- Prospective students should be in Grade 12 in 2023 or have matriculated in 2022 **(Those who matriculated before 2022 do not qualify for consideration)**.
- You should have passed at least four subjects from the group of subjects designated for university;
- have a Grade 12 average of **at least** 60% (excluding Life Orientation); and,
- have obtained a **minimum** of 50% in Afrikaans or English (Home Language or First Additional Language).
- You should have obtained a **minimum** of 45% in Mathematics and a **minimum** of 45% in Physical Sciences. **NO STUDENTS WITH MATHEMATICAL LITERACY WILL BE ACCEPTED.**
- You should also submit evidence that you have been educationally disadvantaged (either financially, by your school and/or home circumstances).

What does the programme offer?

SciMathUS offers you an opportunity to improve your Grade 12 marks if you are willing to work hard. With your new results you may then re-apply for admission to Stellenbosch University or any other higher education institution. SciMathUS however, cannot guarantee placement in any institution.

In SciMathUS you do Mathematics and Physical Sciences as well as complementary subjects such as Computer Literacy and Academic Literacy and. Students re-write the National Senior Certificate Examination in Mathematics and Physical Sciences.

Classes will be offered in Afrikaans and English, depending on the number of students in the class. The offering will be in English if the majority of students are English speaking.

Funding of the programme?

SciMathUS is mostly funded by the private sector. Successful students will be asked to make an admission fee towards the cost of the programme in 2024. **Please note that this is only a contribution and does not cover the full cost of this programme.**

The SciMathUS programme offers accommodation to 90 of the 150 students, priority is given to those students who come from other provinces or distances where it's difficult to travel from home to campus every day.

Applications in 2024

We prefer and recommend that you complete the online application form.
