

COVID-19 PROTOCOLS

2021 PLEDGE CEREMONIES

COVID-19 PROTOCOLS

1. All venues will be thoroughly cleaned and disinfected as per the approved COVID-19 protocols.
2. The doors to the venue will be opened 30 minutes prior to the start of the ceremony.
3. The wearing of a mask is compulsory for the full duration of the ceremony, including when you cross the stage.
4. No guest or Graduand will be allowed to enter the venue without a mask.
5. All Graduands will be required to complete the **Faculty of Medicine and Health Sciences'** self-developed PowerApps Daily Monitoring Tool for access at any of the SU buildings,
6. You can access the tool:
 - ONLINE - [CLICK HERE](#) (Login with your SU credentials, Allow the app access to Office365, Complete and Submit)
 - Download the POWERAPPS application on your mobile device
 - You can also download the powerapps tool from Apple and Android Stores
 - <https://apps.apple.com/us/app/power-apps/id1047318566>
 - <https://play.google.com/store/apps/details?id=com.microsoft.msapps&hl=en>
 - Once installed, use the SU Daily Monitoring app
7. You have to show your Green Clearance GRANTED notice to security to access the campus building/s.
8. You are requested to keep a safe physical distance at all times.
9. Please note that any Graduand or guest found to be contravening the instructions of the Pledge Ceremony health and safety officer/s will be requested to leave the venue immediately.
10. We respectfully request guests to leave the venue as quickly as possible after the event in order for the venue to be cleaned and sanitised before the next ceremony.
11. We respectfully request Graduands participating in the morning ceremony to vacate the pledge ceremony area on campus as quickly as possible after the event in order limit the number of people congregating on campus prior to the afternoon ceremony.
12. Graduands and guests are requested to inform the event organizers (salot@sun.ac.za / tygstudentadmin@sun.ac.za) in advance if they are symptomatic and in line with Covid-19 health and safety protocols are requested to rather stay at home if they are not feeling well.
