

## 4.4.6 MPhil (Sustainable Development)

*Please note:* An application has been submitted to change the title of this programme to Master of Philosophy in Sustainability Transitions, abbreviated as MPhil (Sustainability Transitions). This change will be implemented once the amended title has been approved by the Department of Higher Education and Training (DHET) and the Council on Higher Education (CHE), and the change has been registered by the South African Qualifications Authority (SAQA).

### Admission requirements

- You must have a Postgraduate Diploma in Sustainable Development from Stellenbosch University,  
or
- You must have an appropriate qualification equivalent to an honours degree.

### Selection

Matters like staff capacity and the availability of resources within the Centre, as well as academic merit and University transformation objectives, can influence how many students are selected each year. Since staff capacity and resources can fluctuate from year to year, the number of students who are selected can also differ from year to year.

If there are more applicants who meet the admission requirements than the Centre has capacity for, the criteria in the admission requirements will be used to rank the applicants in order of suitability, and to finalise the list of selected applicants.

Preference will be given to applicants who have earned an average of 65% or higher in the Postgraduate Diploma in Sustainable Development or an equivalent previous qualification at the level of an honours degree (NQF level 8).

### Application procedure and closing date

Application procedures and dates are advertised by the Centre in April of every year. For more information, contact the Centre at the details under "Enquiries" below.

### Duration of programme and starting date

**Duration:** One year, full-time, or two years, part-time.

**Starting date:** As a new student, you will be registered only by 31 March of your first year of study. However, in January, you must already attend a compulsory research methodology module.

### Programme's mode of delivery

Fully contact (face-to-face). It is compulsory to attend the scheduled contact sessions on campus.

### Enquiries

Programme administrator: Ms Amanda October  
Centre for Sustainability Transitions  
Tel: 021 808 9607  
E-mail: [cstenquiries@sun.ac.za](mailto:cstenquiries@sun.ac.za)  
Website: [www0.sun.ac.za/cst](http://www0.sun.ac.za/cst)

### Programme structure

This programme is presented at the Centre for Sustainability Transitions in Stellenbosch. It is a transdisciplinary programme comprising either a thesis of 150 credits, with coursework, or a thesis of 120 credits, with coursework, that focuses on the planning, management and practice of sustainable development.

### Elective modules

In addition to the thesis component, you must complete two compulsory modules. If you do the thesis component of 120 credits, you must also do two elective modules. You can choose your elective modules in any of the following ways:

1. You may select any module from those listed below (under "Programme content");  
Or
2. You may select any module from an NQF level 8 (honours or postgraduate diploma) or NQF level 9 (master's) programme

## Programme content

### Programme module

You must earn a total of at least 180 credits for this programme.

Code	Module	Credits	Module Name	Semester
14562	879	180	Sustainable Development	Both

Your credits accumulate as follows:

1. A thesis component of 150 credits, plus two compulsory modules of 15 credits each (30 credits in total), *or*
2. A thesis component of 120 credits, plus two compulsory modules and two elective modules of 15 credits each (60 credits in total).

The modules for each option are listed below:

#### Thesis component (150 credits)

Code	Module	Credits	Module Name	Semester
13705	874	150	Thesis: Sustainable Development	Both

#### Thesis component (120 credits)

Code	Module	Credits	Module Name	Semester
13705	875	120	Thesis: Sustainable Development	Both

#### Compulsory modules (30 credits)

Code	Module	Credits	Module Name	Semester
51764	871	15	Research Methodology	Both
11273	871	15	Research Dissemination	Both

#### Elective modules

Code	Module	Credits	Module Name	Semester
13704	871	15	Capita Selecta: Advanced Studies in Sustainable Development	Both
13703	871	15	Capita Selecta: Transdisciplinary Research in Sustainability Transitions	Both
12531	874	15	Renewable Energy Finance	Both
11651	871	15	Renewable Energy Policy	Both
58718	871	15	Sustainable Development	Both

*Please note:*

Not all modules are necessarily offered every year. Please contact the Centre for Sustainability Transitions to find out which modules will be available. You may select a master's level elective from another programme in consultation with the programme administrator and your supervisor, which must be approved by the programme leader. Contact the programme administrator for further information.

# Postgraduate Programmes

## 1. General information for all postgraduate programmes

The information in this section applies to most of the postgraduate programmes and is not repeated for each programme, so please read it through carefully. Exceptions and deviations are, however, indicated at the individual programmes.

### 1.1 Postgraduate programmes in the Faculty

The table below lists the postgraduate programmes up to master's level by the department, school or centre where they are offered. The campus or facility is indicated in italics where necessary. All departments, schools and centres also offer a PhD programme. For more on the PhD, see the doctoral section at the end of this chapter.

## 1.2 Undergraduate module requirements for postgraduate programmes

In Appendix C to this Yearbook part, you will find a table showing the minimum module requirements for admission to certain postgraduate programmes. Review this table to determine whether you meet the requirements for the postgraduate programme you wish to follow.

## 1.3 Selection

Every postgraduate programme in the Faculty is potentially a selection programme since the capacity of the relevant department determines the number of students that can be accommodated in each programme. This means that selection happens when more candidates apply than the department can accommodate in a specific programme. There are, however, also programmes where selection always happens, regardless of how many candidates apply. Departments may choose to list specific requirements and criteria at the relevant programme entries below or on their website or in the programme brochure.

## 1.4 Postgraduate assessment and examination

- Assessment is determined at modular level; therefore, consult the relevant module framework for more information.
- For the Faculty postgraduate assessment rules, you can consult the Faculty website at [www.sun.ac.za/ems](http://www.sun.ac.za/ems) and look under "Current students" and then "General information" to find the link "EMS Postgraduate Assessment Rules".
- For more information and the general rules on assessment, see Part 1 (General Rules) of the Yearbook, under "Assessments and Promotions".

- For the general specifications for assignments, theses, and dissertations, consult the section "Postgraduate Qualifications" in Part 1 (General Rules) of the Yearbook.
- For specific information relating to the assignment, thesis or dissertation for an individual programme, consult the programme administrator or leader or relevant programme documentation.

## **1.5 Pass requirements for postgraduate programmes**

The pass mark for postgraduate programmes is 50% and to pass with distinction you need 75%. More detailed information on pass requirements for individual programmes is available from the relevant programme administrator or leader.

## **1.6 Different campuses and facilities**

Some postgraduate programmes are presented by the Stellenbosch Business School or the School for Public Leadership, both of which are on the Bellville Park campus of the University. The School of Public Leadership also presents classes at the Sustainability Institute at Lynedoch. The place where a particular diploma programme will be presented, if not Stellenbosch campus, is indicated below for each individual Programme under "Programme structure".

## Disclaimer:

The content above comes from the 2024 Economic and Management Sciences Yearbook. Make sure to consult the full **Economic and Management Sciences Yearbook** to see this extract in context and to check if there have been any changes. Take special note of additional information in the yearbook under section **1. General information for all postgraduate programmes.**
