### DIE GRAAD DOKTOR IN DIE WYSBEGEERTE (PhD), HONORIS CAUSA,

aan **Edwin de la Harpe Hertzog**,

*as visioenêre Suid-Afrikaanse medikus en sakeman, vir sy waardevolle en volgehoue bydrae tot die bestending en verhoging in die gehalte van gesondheidsorg in Suid-Afrika en in die buiteland, en as uitsonderlike leier en weldoener vir sy ondersteuning aan die Universiteit.*

Edwin Hertzog was die pionier van privaat hospitale in Suid-Afrika se gesondheidsvoorsieningstelsel toe openbare gesondheidsdienste se gehalte aan die agteruitgaan was. Sy loopbaan was egter meer as blote winsbejag en die behartiging van aandeelhouers se belange. Hy gee om vir breër gemeenskapsbelange, veral in hoër onderwys.

Hy is aan die Universiteit Stellenbosch as mediese dokter opgelei, het as Rhodes-beurshouer by Oxford en Dundee gestudeer en die gesogte *Oxford Blue* vir gholף verwerf. Hy het as narkotiseur gepraktiseer voordat hy in 1982 op uitnodiging van dr Anton Rupert toegetree het tot die Rembrandt Groep (nou Remgro) om as uitvoerende voorsitter Mediclinic te laat groei tot die sesde grootste genoteerde privaat hospitaalmaatskappy ter wêreld.

As Raadslid was hy onder meer intens betrokke by inisiatiewe om die Universiteit te transformeer en groter diversiteit onder personeel en studente teweeg te bring. Sy eie asook maatskappy-

bronne is grootskaals vir Universiteitsprojekte aangewend.

Edwin Hertzog het hom onderskei as visioenêre ondernemer, uiters suksesvolle sakeleier, asook opvoedkundige en gemeenskapsleier van formaat. Hy het beduidend bygedra tot verbeterde privaat gesondheidsorg en tot die transformasie en diversifisering van die kulturele, leer- en onderriglandskap aan die Universiteit Stellenbosch.

### THE DEGREE OF DOCTOR OF PHILOSOPHY (PhD), HONORIS CAUSA,

to **Edwin de la Harpe Hertzog**,

*as a visionary South African physician and businessman for his invaluable and sustained contribution to ensuring high-quality private healthcare in South Africa and abroad, and as an extraordinary leader and benefactor for his support to the University.*

Edwin Hertzog pioneered the establishment of private hospitals in South Africa at a time when public healthcare standards were steadily declining. His career has entailed more than the pursuit of profit or the promotion of shareholders' interests. He cares about the broader community, and higher education in particular.

He trained as a medical doctor at Stellenbosch University, studied as a Rhodes Scholar at Oxford and Dundee, and obtained a coveted Oxford Blue in golf.

Dr Anton Rupert invited Hertzog, then a practising anaesthetist, to join the Rembrandt Group (now Remgro). He became executive chairman of Mediclinic, that grew into the world's sixth largest listed private hospital company.

As a University Council member and eventually its chair, Dr Hertzog made an extraordinary contribution, including sustained support of initiatives to transform and broaden the diversity of students and staff. He has donated generously from his own and the company's resources to Stellenbosch University.

He has proved himself to be a visionary entrepreneur, extremely successful business leader, and an educational and community leader of great distinction. He has contributed to the improved delivery of private healthcare and to the transformation and diversification of the cultural, learning and teaching landscape at Stellenbosch University.

### **DIE GRAAD DOKTOR IN DIE WYSBEGEERTE (PhD), HONORIS CAUSA,**

**aan Wolfgang Huber**

*vir sy invloedryke en omvangryke bydrae as akademikus, kerkleier, openbare figuur en meningsvormer op die gebied van sosiale etiek in Duitsland, internasionaal én in Suid-Afrika.*

Wolfgang Huber se jarelange vertroudeheid met Suid-Afrika dateer uit die 1960's toe hy betrokke was by die Protestantse Instituut vir Interdisiplinêre Navorsing in Heidelberg. Sy baanbrekende studie (1972) oor die openbare rol van kerk en geloof was 'n seminale bydrae tot wat nou publieke teologie heet en waarmee die Universiteit Stellenbosch wêreldwyd geassosieer word.

Van 1980 tot 1994 was hy professor in Marburg, in Heidelberg en in die VSA. As akademiese teoloog vestig hy hom internasionaal as een van die voorste sosiale etiese denkers en invloedryke openbare intellektueel en werk nou saam met Suid-Afrikaanse kerklike inisiatiewe en studieprojekte. Sy intellektuele krag blyk uit sy gesaghebbende en omvangryke publikasies oor onder andere demokratisering, menseregte, wetenskapsetiek, die getuieis van die kerk en etiek as dissipline.

Prof Huber was 'n leiersfiguur in die internasionale ekumeniese beweging, ook in Suid-Afrika weens sy betrokkenheid by die Suid-Afrikaanse Raad van Kerke, wat teen apartheid gekant was toe dit nog hoogty gevier het, en deur verskeie amptelike besoeke. Hy was onder meer 'n uitvoerende komiteelid van die Wêreldraad van Kerke.

As openbare figuur verteenwoordig hy die stem van die Christelike geloof in die openbare lewe, media en meningsvorming in Duitsland.

### **THE DEGREE OF DOCTOR OF PHILOSOPHY (PhD), HONORIS CAUSA,**

**to Wolfgang Huber**

*for his extensive and influential contribution as an academic, a church leader, public figure and opinion shaper on social ethics in Germany and internationally, including South Africa.*

Wolfgang Huber's longstanding ties with South Africa began in the 1960s when he was involved with the Protestant Institute for Interdisciplinary Research in Heidelberg. His pioneering study (1972) on the public role of church and faith became a seminal contribution to what is now known as public theology, with which Stellenbosch University is associated worldwide.

He taught at Marburg, Heidelberg, and in America from 1980 to 1994. As an academic theologian he established himself internationally as a leading social ethical thinker and influential public intellectual, and involved himself with South African ecclesial initiatives and study projects. His intellectual stature is demonstrated by his authoritative and extensive publications on for instance democratisation, human rights, the ethics of science, the witness of the church, and ethics as a discipline.

Prof Huber has played a leading role in the international ecumenical movement, also in South Africa because of his involvement in the anti-apartheid South African Council of Churches during the height of the apartheid period, as well as through official visits. He was an executive committee member of the World Council of Churches.

As a public figure Prof Huber represents the voice of the Christian faith in public life, the media and the formation of public opinion in Germany.

### **DIE GRAAD DOKTOR IN DIE WYSBEGEERTE (PhD), HONORIS CAUSA,**

**aan David Julian Kramer**

*vir sy merkwaardige bydrae tot die Suid-Afrikaanse kultuurlewe as 'n nadenkende en eksperimenterende kultuurpraktisyn, veelsydige kunstenaar – liedjieskrywer, sanger, musikant, dramaturg – en omgewings-aktivis; vir sy beligting van sosiale kwessies uit 'n kulturele perspektief; en vir sy ontsluiting van miskende en bedreigde musiekpraktyke en -tradisies ter verryking van die nasionale musiekerfenis.*

Deur sy dokumentasie van ou liedjies en digitale opnames van konserte verseker David Kramer die bewaring van plaaslike musiekpraktyke en -tradisies. Sy navorsing oor tuisgemaakte musiekinstrumente het insigte gebring oor die blikviool ('n driesnarige, Caltex-petrolblikinstrument) se inheemse herkoms en hibriediese ontwikkeling. Die interafhanklikheid van musiek, sang en dansvorme is opnuut belig.

Dr Kramer, 'n energieke, nadenkende, eksperimenterende kultuurpraktisyn, het weens sy belangstelling in kwessies rondom kultuur, identiteit, taal en musiek in 'n heterogene Suid-Afrikaanse samelewing die ideologiese eng omskrywings van Afrikaanse musiek,

taal, volkskunde en volksliedjies deurbreek en 'n kreool-erfenis, spesifiek in die Wes- en Noord-Kaap asook Karoo, erken en uitgelig.

Sy ondersoek na musiekstyle en -tradisies onder plattelandse musikante uit dié streke was baanbrekerswerk. In 'n groot aantal musiekblyspele, wat hy saam met Taliep Petersen tot dié se dood in 2006 en daarna aangepak het, het hy onder meer die invloed van kulturele kreolisering op Suid-Afrikaanse musiek, folklore en taal ondersoek. Veelrassige rolverdelings en gehore van hierdie blyspele het segregasie ondermyn en onbekende of ongeskoolde kunstenaars se loopbane is bevorder. 'n Sterk ekologiese bewus-syn, ook gemanifesteer as 'n aktivistiese betrokkenheid by omge-wingskwessies, kenmerk sy later werk.

Hy is verskeie kere vereer, onder meer vir sy lewenslange bydrae tot Afrikaanse musiek en, saam met Taliep Petersen, met 'n eredoktorsgraad van die Universiteit van Kaapstad in 2007.

### **THE DEGREE OF DOCTOR OF PHILOSOPHY (PhD), HONORIS CAUSA,**

**to David Julian Kramer**

*for his remarkable contribution to South Africa's cultural life as a thoughtful and ever-experimenting cultural practitioner, versatile artist – songwriter, singer, musician, playwright and director – and environmental activist; for elucidating social issues from a cultural perspective; and for enriching our national music heritage by showcasing marginalised and endangered musical practices and traditions.*

By documenting old songs and making digital concert recordings, David Kramer has ensured the survival of local musical practices and traditions. His research into homemade instruments brought insights into the indigenous provenance and hybrid development of the *blikviool* (three-string, Caltex petrol can violin), shedding new light on the interdependence of music, song and dance.

As an energetic, thoughtful and ever-experimenting cultural practitioner, Dr Kramer's interest in culture, identity, language and music in a heterogeneous South African society led him to breaking down constraining, categorical delineations of Afrikaans music, language, folklore and folk songs. It acknowledged and elucidated a creole heritage, particularly in the Western and Northern Cape and the Karoo.

His ground-breaking work explored musical styles and traditions among rural musicians from these regions, as well as cultural creolisation in music, folklore and language. Collaborating in a series of musicals with Taliep Petersen up to his death in 2006 and thereafter, Kramer examined the influence of cultural creolisation on South African music, folklore and language. The multiracial casts and audiences of these musicals broke down segregation. Unknown or untrained artists' careers were advanced. A strong ecological consciousness characterised his later work, that has at times taken on an activist orientation.

He received many awards, was honoured for his contribution to Afrikaans music, and in 2007 the University of Cape Town awarded honorary doctorates to him and Taliep Petersen.

### **DIE GRAAD DOKTOR IN DIE REGSGELEERDHEID (LLD),**

**HONORIS CAUSA,**

**aan Andreas van Wyk**

*as vernuwende leier en briljante akademikus en regsgeleerde, vir sy bydrae tot nasionale ontwikkeling, tot staatkundige hervorming en tot die hoër onderwys, asook tot die bevordering van die universiteitsdorp Stellenbosch en sy omgewing.*

Andreas van Wyk was van 1966 tot 1991 (behalwe vir drie jaar) 'n Stellenbosse regsdosent en dekaan, asook skrywer van 40 navorsingsartikels en twee standaardhandboeke. Na sy ampstermyn as Viserektor (Bedryf), is hy as Rektor en Visekanselier aangestel, 'n pos wat hy van 1993 tot 2001 beklee. In hierdie tyd voer hy inisiatiewe deur wat die Universiteit Stellenbosch aansienlik versterk.

Onder hom is die posisionering van die Universiteit as navorsingsinstelling van internasionale gehalte verwesenlik. Hy het vir Stellenbosch 'n leiersrol in Suid-Afrikaanse hoër onderwys nagestreef.

Nasionaal het hy bygedra tot die modernisering van ons familiereg deur sy leidende aandeel in die Wet op Egskeiding van 1979 en dié op Huweliksgoedere van 1984 en was hy 'n direksielid en -voorsitter van verskeie groot maatskappye.

As Direkteur-Generaal van Staatkundige Ontwikkeling en Beplanning in die 1980's kon hy hervormingstappe deur- of aanvoer met die herroeping van apartheidswetgewing. Onder sy leiding het die destydse regering die eerste keer kontak gemaak met die United Democratic Front en die binnelandse vleuel van die African National Congress. Hy was indirek betrokke by die onderhandelingsproses tydens pres FW de Klerk se bewind.

Eerbewyse aan hom sluit in medaljes van die Universiteit Leiden, Nederland, en die Alexander von Humboldt-stigting, Duitsland, asook 'n Belgiese eredoktorsgraad.

### **THE DEGREE OF DOCTOR OF LAWS (LLD), HONORIS CAUSA,**

**to Andreas van Wyk**

*as an innovative leader and brilliant academic and legal scholar, for his contribution to national development, to constitutional transformation and to higher education, as well as to the promotion of the university town of Stellenbosch and surrounds.*

Andreas van Wyk taught law at Stellenbosch University from 1966 to 1991 (except for three years), became dean of law and authored two standard textbooks and 40 research articles. After his tenure as Vice-Rector (Operations), he was appointed as Rector and Vice-Chancellor of Stellenbosch University, a position he held from 1993 to 2001, when he put into effect initiatives that considerably strengthened the University.

Under his leadership, the University was positioned as a research institution of international standard and he pursued a leadership role for Stellenbosch in South African higher education.

In the national sphere, he contributed to the modernisation of our family law through his leading part in the Divorce Act of 1979 and the Matrimonial Property Act of 1984, and was a board member and chairperson of several large companies.

As Director-General of Constitutional Development and Planning in the 1980s, he succeeded in putting into effect or

advancing concrete reforms by repealing certain apartheid laws. Under his leadership, the apartheid government made contact with the United Democratic Front and the internal wing of the African National Congress for the first time. He remained indirectly involved in the negotiation process during FW de Klerk's presidency.

Honours bestowed on him include medals from Leiden University in the Netherlands and the Alexander von Humboldt Foundation in Germany, and a Belgian honorary doctorate.
