- You will not be allowed to register if the minimum compulsory initial fee has not been received prior to or upon registration.
- A maximum of *14 working days* as a turnaround for the payment to reflect in Stellenbosch University's bank account will be applicable if the online payment method is not being used. You will not be able to register/activate your student card for academic services should the funds fail to reflect in your student account following the turnaround time and a late payment fee will be charged.
- The balance of the **outstanding fees is payable in full by no later than 31 May 2024** for 1st semester enrolments and **30 September 2024** for 2nd semester enrolments.
- Your student account will be **blocked**, *interest will be charged*, and no academic results will be available if the student account is not settled by this date.
- No letter of continuation for study visa purposes will be issued if you have outstanding fees.
- Students who are not residing in a residence with catering options, must pay in cash at the cashiers or have credit available to use the meal quota options. You will not be allowed to charge meal quota to your student account if you don't have credit available on your account.
- Since your fees account is based on your academic load and services used, it is your responsibility to check your student account regularly during the year.
