

# SAKATA®

## PASSION in Seed

### **OPPORTUNITY FOR BURSARIES,**

#### *Agricultural Economics*

Sakata Seed Southern Africa is one of the largest vegetable seed houses in the region and is supported by Sakata's global team, which has developed a reputation for scientific and responsible approach to seed research. Through a focus on product development, marketing and technical support in the field, Sakata ensures that they can continuously provide the consumer with the best product quality, consistency, diversity and nutritional value.

Candidates who meet the basic requirements are invited to forward their CVs as well as certified copies of their Academic Record and ID Document to the HR Department at [Monique.harris@sakata.eu](mailto:Monique.harris@sakata.eu) before 25 January 2020. Should you not have heard from the company by 31 January 2020 consider your application unsuccessful.

Basic requirements Bursaries:

- Should be registered at a University
- Undergraduate students only
- South African Citizen
- Students that apply are not allowed to have bursaries for this academic year with any other institution
