

# Vacant Position

## Internship – Product Manager

Paarl

**Growers by Nature** is a dynamic fruit marketing company that focuses on the marketing and export of high-quality fruit to international markets for their customers and producers. **Growers by Nature** offers a 6-month **Internship**, as Product Manager, for their offices in Paarl.

### Requirements:

- Energetic, hard-working, self-driven individual with a strong analytical flair, supported by an appropriate tertiary qualification.
- The ability to function under pressure, and apply rational decision-making.
- Good people relations and above average verbal and written communication skills at all levels (Afrikaans & English).
- The ability to work independently as well as within a team.
- Computer and numeracy skills.
- An appropriate Agriculture tertiary qualification.
- The ability to prioritize the relevant tasks correctly and complete them within the timeline.
- Knowledge of table grapes and citrus would be beneficial.
- Exposure to packaging materials, warehouses and quality systems will count in the applicant's favour.
- Must be willing to travel, and work longer hours during harvest and packing seasons.
- Own transport.

### Duties:

- Direct link between Marketing and the producer / warehouse / customer, regarding pack specifications, quality requirements, product standards, pack material needs, and timely feedback regarding changes.
- Problem solving approach for producers.
- Table grapes & Citrus orchard specification assessment vs market packaging requirements and needs.
- Quality assurance in the warehouses.

In return for the applicant's contribution, Growers by Nature offers a competitive remuneration package.
