

# 2022 Research Day

to celebrate and showcase the  
Faculty's growing research culture.

Friday,  
22 July 2022  
from 8:00 to 17:00  
at STIAS or online

## Keynote speaker: Prof Reinette (Oonsie) Biggs

Prof Biggs is the co-director of the Centre for Sustainability Transitions (CST) at SU and holds the Research Chair in Social-Ecological Systems and Resilience. She is the Faculty's first A-rated NRF researcher. She holds a joint appointment at the CST and the Stockholm Resilience Centre at Stockholm University in Sweden.

For more information, [click here](#) »

In her keynote address, Prof Biggs will provide an overview of her research, as well as a reflection of the key moments and events that have shaped her career.

## Registration & abstract submissions

Delegates can register to attend in person or online as the symposium will also be streamed online.

Complete the [online form](#) » by 29 April 2022.

Direct all enquiries via email to [franken@sun.ac.za](mailto:franken@sun.ac.za).

## Call for abstracts

Academic staff, postdoctoral researchers and PhD candidates of the Faculty are invited to submit abstracts for either oral or poster presentations.

Three prizes will be awarded for the best presentation by a senior researcher; the best presentation by an early career researcher; and for the best poster.
