Focus areas of our department

Logistics
Management

LM

Operations
Research

OR

Quantitative
Management

QM

Transport
Economics

TE

How does what we teach fit into everyday life?

EXAMPLE: A day in the life of a take-away burger ...

- How did they decide where to put the restaurant? OR QM
- Who planned the roads to get there? TE
- How did they plan the number of tills? OR QM
- Who plans the delivery routes? QM
- How did they find suppliers for the buns, meat, salad, sauces, serviettes, etc.? LM
- How do they decide on how much to order? LM QM

How does what we teach fit into everyday life?

EXAMPLE: A day in the life of a take-away burger ...

- How do the suppliers deliver to the restaurant? LM TE
- What technology do the suppliers use to run their business? LM QM TE
- What happens when you phone in an order for delivery? LM TE
- How does the restaurant know that you were happy with the burger and service you received? LM
