Please refer to the following page for important information

PROVISIONAL QUOTATION GIVEN WITHOUT PREJUDICE

PLEASE NOTE:

This provisional quotation only applies to persons in possession of South African citizenship, or those in possession of a valid permanent residence permit, and those who do not intend following a so-called "Short Course".

Please note that additional amounts may be levied for items listed as "Sundries" (also depending on i. a. membership of societies), and that the amounts stated for internet fees and deposits are mere estimates. A mere estimate is offered for textbooks; seek information at the relevant academic department and a book dealer.

If in doubt about the curriculum of the intended programme to be followed, please refer to the particular Calendar of the Faculty involved. All parts of the Calendar are available on the University's web page.

Quotes for a subsequent year: the envisaged increase in study fees (and accommodation fee, if applicable) is already included in the amount quoted above. Slight changes may be made.

Master's and doctoral students who interrupted their studies without official permission from Senate, must refer to the section "CONTINUATION OF REGISTRATION FOR POSTGRADUATE PROGRAMMES" in *Calendar, Part 1*, and the section "Continuation of registration for full duration of studies", in *Calendar, Part 3*. These stipulate that registration will only be possible if permission is in fact granted for the continuation of registration. Study fees for the year(s) in which registration did not take place, must be paid up. This Quotation does not reflect the correct amount payable with readmission. Request an estimate of the amount to be paid up from studentaccounts@sun.ac.za.

Schedule of payment

The first compulsory instalment of both study fees and, where applicable, accommodation fee is payable by the date of registration. If the total study fees for the module(s) you wish to take constitute a smaller amount than the first instalment of the study fees given above, you are required to pay the total study fees for the year during registration.

The following instalments have to be paid on or before the dates as set out:

31 MAY - At least 75% of the total account, taking into consideration the fees that you paid at registration.

30 SEPTEMBER - The outstanding balance on your student fees account.

This mode of payment in two further instalments applies by default if you do not opt to pay your student fees account in full at the start of the year or offer payment through the debit order system. For information about payment options please refer to the *Calendar, Part 3, Student Fees* on the University's web page.

Students who are granted a bursary or study loan, please refer to the *Calendar, Part 3, Student Fees*, with regard to a possible concession regarding the first compulsory payment.

All outstanding amounts on student accounts for previous year(s) must be paid before a student will be allowed to register for a subsequent year. The total amount and the first instalment payable at registration quoted above do not include possible arrears.

Please note that the following formal provision applies: "The Council reserves the right to amend without notice all fees payable to the University, as circumstances may dictate."

The University reserves the right to make amendments of the content of this information at any time. The Council and Senate of the University accept no liability in regard to inaccuracies, if any, that may occur in the content of this provisional quotation. Every reasonable care has been taken, however, to ensure that the relevant information to hand is represented on this provisional certificate, accurately and in full.

Above figures are given for budgeting purposes only and therefore not binding Stellenbosch University thereto.
