## 1st Annual Stellenbosch University Emergency Medicine Symposium (SUEM 2023)

On behalf of the Organising Committee of the 1<sup>st</sup> Annual Stellenbosch University Emergency Medicine Symposium, we invite you to be part of our inaugural launch event from 10 -11 November 2023 at Hazendal Wine Estate in Cape Town, South Africa.

The event will bring together approximately 350 delegates working in in-hospital and prehospital emergency care from across South Africa and internationally. The theme of the event is **Practice, Engage, Network** and we believe that this is something that is much needed in South African emergency care at this time.

We have a long history of successful emergency medicine conferences in Cape Town and we believe our strong relationships with local, African and international emergency medicine groups and organisations including EMCT (Emergency Medicine Cape Town) and AFEM, the African Federation for Emergency Medicine, will create a vibrant EM community.

### *About the Symposium*

The Stellenbosch University Emergency Medicine (SUEM) Symposium will run from 10 - 11 November 2023 at Hazendal Wine Estate in Kuilsriver, Cape Town. The venue offers delegates a beautiful and scenic environment to relax and engage. We expect local doctors, nurses and paramedics as well as strong national and international representation. The conference will offer a free cocktail event for delegates on the evening of the 10<sup>th</sup> allowing more time for networking and engaging with sponsors.
